It is the only way professional traders do it and how they develop their edge to win in the live markets against the best market participants in the world. The reason How to win more in Forex is unique is that it is going to tell you about who your competition is and how you can beat them, what you need to study first that will make you rich fast, where you need to go to get consistently profitable quickly, when you should and should not be in the live market and how about the other information you need to know to be able to trade and invest in today's financial markets (or any tradable market) with confidence and zero fear and to be able to do it the right way from the start.
