Maserati ,2014-11-11 Published to coincide with Maserati's one-hundredth anniversary, this lavishly produced volume celebrates the glamour and excellence of Italian automotive style and design. Maserati traces the history of the legendary Italian luxury sports car company that was founded in 1914 by Alfieri Maserati and his three brothers, Bindo, Ernesto, and Ettore, and which went on to back-to-back wins at the Indianapolis 500—the

only Italian car manufacturer ever to do so. The book profiles the twelve most iconic Maserati vehicles, including the best-selling Ghibli as well as the Quattroporte, GranTurismo, Bora, Berlinetta, and—for the first time ever published—the Alfieri, which has been described as the manifesto of the future of Maserati design. The book features stunningly precise photography that highlights the exquisite lines and lavish details of the vehicles, along with never before published images and technical and engineering highlights. Also included are special contributions by Lorenzo Ramaciotti, Giovanni Soldini, Franca Sozzani, Gildo Zegna, and Mario Botta.

Maserati Julia J. Quinlan, 2013-07-15 Maserati built its reputation on creating high-performing and elegant cars. Maserati Robert Walker, 2012 Get behind the wheel of some of the most exciting cars on the road today! Superstar Cars is a dynamic, high-interest series that provides an in-depth look at the history, design, and performance of some of the world's most recognizable automobiles. If Maserati could be summed up in one word, it would be speed. Carlo Maserati first laid his hands on an engine more than 100 years ago and since then, the family name has been synonymous with excellence under the hood. Maserati has weathered a world war and several ownership changes. Yet, the Italian automotive icon has not only survived, it has thrived. Book jacket.

Maserati Marc Sonnery, 2013-01-01 The least documented era of Maserati's history, the Citroën period of ownership, is also the most misunderstood. Thanks to unprecedented access to Maserati in Modena and Citroën in Paris, this book contains a wealth of new and previously unpublished material. The era started with immense promise as the venerable Modenese firm, previously in dire financial straits, was modernized and reorganized, the clearest evidence being the replacement of obsolete models using old-fashioned technology, firstly with the cutting-edge Bora, the most advanced and accomplished of all the first generation mid-engined cars, then with the Khamsin, the most sophisticated and competent front-engined car of the seventies, and lastly with the Merak, which afforded excellent handling and a beautiful shape to a whole new group of Maserati buyers. All these models are described here in detail, in addition to the Citroën SM, which prompted the French manufacturer to buy Maserati when seeking an engine for its flagship Grand Tourisme. Also covered are the stillborn Quattroporte II, the Bora Gp 4 racers, the Khamsin Spyder and the little known yet fascinating Ligier Maserati JS2 road and racing cars. Further insight into this period of Maserati history describes the engines themselves, including the special V8 which had been intended for the Quattroporte II after the initial V6, and the Citroën SM which was eventually fitted with this prototype engine. This is the definitive book on Maserati's years under Citroën ownership, an era dominated by the energy crisis, the introduction of speed limits, the quadrupling of fuel prices and political and social unrest, all of which formed a virtual tsunami which Maserati could not repel, leading to its closing and sale to de Tomaso with Italian government help.

Maserati At Heart Ermanno Cozza, 2018-10-02 In this book of over 500 pages Ermanno Cozza, the true historic memory of Maserati, passionately tells a story packed with behind-the-scenes truths – right up to today – that have never before been published. He covers half a century of the company's life, which he lived in

close contact with the great motor racing champions, ingenious technicians, designers and, naturally, company life as well, of course, as the unforgettable cars. A carefully chosen collection of photographs and other illustrations complete this invaluable book. Over 66 years have passed since I walked through the gates of Officine Alfieri Maserati (the Alfieri Maserati Workshops). It was in 1951, and in all that time I can truly say that Maserati took hold of my heart. The factory, the men and the cars have indelibly marked moments in my life. Today, many people consider me to be the living memory of Maserati and, in that way, take me back to those earlier days. In this book, I have tried to convey the excitement of living the Maserati legend so that, step by step, I cover the most important moments of my long and extraordinary experience: the excitement of participation, the joy and pain, the cars and the defeats, the ambitions and the professional difficulties. While I have always enjoyed good health, over the years I have been infected with the Maserati 'virus' of which I believe I have been a carrier all this time – and it is a virus of which I never want to be cured Ermanno Cozza

Maserati Luca Dal Monte, Lorenzo Ramaciotti, Cesare De Agostini, Gianni Cancellieri, 2014-03-01 Meant to commemorate 100 years of Maserati, this work covers the history of the marque in all its aspects and is divided into three large sections. The first, signed by Luca Dal Monte, deals with the company history and the marque's industrial matters: from the early years, when production was concentrated on racing cars, to the advent of the first GT of the immediate post-war period through to the great classics of the Fifties, Sixties and Seventies. The Road cars and design section by Lorenzo Ramaciotti, is specifically devoted to the Trident's road cars: from the A6 1500 to current production models, including the extraordinary expressions of design offered by models like the 3500 and 5000 GT, the various Quattroportes,

the Mistral, Ghibli, Indy to then approach the present day, touching on the 3200 GT and the current Quattroporte, Granturismo and GranCabrio. Historic and modern pictures illustrate each of these models in a long photographic treatise, preceded by an introductory section which focuses on the historic matters associated with this vein of Maserati production. The last section written by Cesare De Agostini and Gianni Cancellieri is about races: from the outset Maserati's history has mainly been one of racing, from the pioneering era to the glorious Fifties, as much in Formula 1 with the 1957 world championship won by Juan Manuel Fangio, as endurance races, Maserati has expressed itself with success at the top levels of the sport. But even before that, the glorious marque had written unforgettable pages in the annals of racing, including victories at Indianapolis in 1939 and 1940. The recent success of the MC12 is the latest chapter in this proud history of achievement. There are also specific boxes in this section devoted to particular competitive aspects, such as the great road speed records (1926-1952) and the company's long experience in speedboat racing. Royal Automobile Club shortlist of contenders for Motoring Book of the Year!

Maserati Heritage David Sparrow, Iain Ayre, 1995 Maserati Heritage David Sparrow & Iain Ayre Maserati built on their early success on the racetrack, eventually to rival the best of Italian supercars in the 70s with such cars as the legendary Bora and Merak, before setting a new agenda with the subtle and underrated Biturbo series. See them all in this classic color collection. Softbd., 8 1/4x 9, 128 pgs., 122 color ill.
