Fiqh of Social Media Omar Usman,2020-12-20 Social media and digital technologies have changed our lives and there is no indication that things will slow down. As Muslims, we believe that Islam contains the most perfect guidance for all of mankind to follow. How do we implement that timeless advice in our unprecedented times? That is the focus of the Fiqh of Social Media. I am grateful and appreciative of my friend, Omar Usman, for exhausting available resources; Islamic, psychological, secular, and business, to develop the work you see before you. We have had long discussions pertaining to many of the topics covered in this book. I am confident that you will find this book to be beneficial, and I pray that it inspires more contributions on this topic. -Shaykh AbdulNasir Jangda, Qalam Institute With the time we spend on social media, being mindful of how we use it is crucial. This is a wonderful resource based in prophetic guidance on how to practically use social media in wise and beneficial ways. -Dr. Omar Suleiman, Yaqeen Institute Reading Fiqh of Social Media is like sitting with your best friend from Sunday school and having an intellectual & spiritual conversation about the impact of social media on your life. Omar distills years of research, experience, and thought leadership in an easily digestible book that you can enjoy with a good cup of coffee (and your phone off!) -Mohammed Faris, The Productive Muslim Company The Prophet (s) said, Whoever believes in Allah and the Last Day should say something good or keep silent. The ability to control our tongues, how we communicate with others, is an expression of our faith. Communication has evolved and changed so much that one of the primary ways many of us communicate with others is through social media; hashtags and 280 characters. This is a long-awaited work from my good friend and Hajj companion Omar Usman who has been writing, tweeting, speaking, and teaching about the Fiqh of Social Media for years. This is a valuable work providing guidance on how to use and benefit from social media in a way that conforms to our principles and values. -Shaykh Furhan Zubairi, Institute of Knowledge Ulama of the past have written on the adaab of speech and social interaction. Connecting those guidelines with the modern world of social media has been the need of our time. May Allah reward Omar for taking this task on! -Mufti Hussain Kamani, Qalam Institute This is a must-read for Muslims around the globe. I can't thank Omar enough for this work which forces Muslims to look in the mirror and answer tough questions about how social media has impacted our lives. It questions why we desire to share the most intimate aspects of our lives with strangers from around the world and provides action items to implement. These discussions need to be had within the Muslim community. We have to question how our quality of life has been impacted by the age of hyper-connectivity. Due to the fact that Social Media is the tool for creating social capital, we need to realize that speaking about the harms of constant connectivity takes a lot of courage. Thank you, Omar, for this work. -Shaykh Mikaeel Smith, Qalam Institute

Dial D for Don Neeraj Kumar,2015-11-25 March 1993. Mumbai was rocked by a series of bomb blasts. Unknown to most, Dawood Ibrahim, the mastermind behind the terror attack, had made several calls to the CBI. The don was desperate to prove his ‘innocence’ by giving himself up, but with conditions. October 1999. The world’s very first case of cricket match-fixing led to the banning of six top Indian cricketers, including the then team captain. It was only in 2013, after the then commissioner of police revived the case, that a charge sheet was filed in a court of law. January 2002. Aftab Ansari—a notorious Dubai-based don responsible for kidnapping a shoe baron in 2001 with the help of Jihadi groups in Pakistan—was arrested just as he was about to escape Dubai on a forged passport to Pakistan. All these cases of life-threatening moments and unbelievable relief, involved the sharp investigative skills of an Indian Police Service officer then serving in the CBI. In his thirty-seven years of service, Neeraj Kumar neutralized several terror modules and decimated insidious organized crime syndicates spanning continents, working closely with Interpol, FBI, Scotland Yard and several national and international agencies. Much decorated and feted, he hung up his boots in 2013, after his last calling as Delhi’s police commissioner. He has now decided that the inside details of what have been some of the most fascinating crime stories of our times must not go unheard and untold. The book covers several high-profile cases cracked by him in recent years, including the arrest and deportation of Aftab Ansari, the main accused in the shooting at the American Center in Kolkata, the nabbing of Jagtar Singh Tara, the man behind Punjab CM Beant Singh’s assassination, and the arrest of Romesh Sharma, a Dawood henchman masquerading as a politician based in Delhi.

Negotiating the Siege of the Lal Masjid Adam Dolnik,Khuram Iqbal,2015 In January 2007, the students of the radical Lal Masjid (Red Mosque) took over a childrens library in protest of the Government of Pakistans decision to demolish mosques and seminaries built illegally on government land. After six months of escalating tension, the crisis culminated in an eightday siege, and eventually ended by an armed assault, resulting in the deaths of over a hundred people and injuries to many more. This tragic outcome of the standoff had a devastating spillover effect, as it turned into a rallying cry for Islamist militancy in the country. Since the siege, militant violence, such as suicide bombings, has continued to escalate. Based on extensive field research, including interviews with key actors on all sides, this book provides an in-depth analytical account of the events that unfolded during the siege, with specific emphasis on the successes and failures of the negotiation process. It outlines important lessons and practical guidelines for crisis negotiators, incident commanders, and political decision makers, in order to provide them with the tools necessary to manage possible similar crises in the future more effectively.

Muslim Environmentalisms Anna M. Gade,2019-08-20 How might understandings of environmentalism and the environmental humanities shift by incorporating Islamic perspectives? In this book, Anna M. Gade explores the religious and cultural foundations of Islamic environmentalisms. She blends textual and ethnographic study to offer a comprehensive and interdisciplinary account of the legal, ethical, social, and empirical principles underlying Muslim commitments to the earth. Muslim Environmentalisms shows how diverse Muslim communities and schools of thought have addressed ecological questions for the sake of this world and the world to come. Gade draws on a rich spectrum of materials—scripture, jurisprudence, science, art, and social and political engagement—as well as fieldwork in Indonesia and Southeast Asia. The book brings together case studies in disaster management, educational programs, international development, conservation projects, religious ritual and performance, and Islamic law to rethink key theories. Gade shows that the Islamic tradition leads us to see the environment as an ethical idea, moving beyond the established frameworks of both nature and crisis. Muslim Environmentalisms models novel approaches to the study of religion and environment from a humanistic perspective, reinterpreting issues at the intersection of

numerous academic disciplines to propose a postcolonial and global understanding of environment in terms of consequential relations.

Rethinking India's Oral and Classical Epics Alf Hiltebeitel,2009-02-15 Throughout India and Southeast Asia, ancient classical epics—the Mahabharata and the Ramayana—continue to exert considerable cultural influence. Rethinking India's Oral and Classical Epics offers an unprecedented exploration into South Asia's regional epic traditions. Using his own fieldwork as a starting point, Alf Hiltebeitel analyzes how the oral tradition of the south Indian cult of the goddess Draupadi and five regional martial oral epics compare with one another and tie in with the Sanskrit epics. Drawing on literary theory and cultural studies, he reveals the shared subtexts of the Draupadi cult Mahabharata and the five oral epics, and shows how the traditional plots are twisted and classical characters reshaped to reflect local history and religion. In doing so, Hiltebeitel sheds new light on the intertwining oral traditions of medieval Rajput military culture, Dalits (former Untouchables), and Muslims. Breathtaking in scope, this work is indispensable for those seeking a deeper understanding of South Asia's Hindu and Muslim traditions. This work is the third volume in Hiltebeitel's study of the Draupadi cult. Other volumes include Mythologies: From Gingee to Kuruksetra (Volume One), On Hindu Ritual and the Goddess (Volume Two), and Rethinking the Mahabharata (Volume Four).

A Quiet Revolution Leila Ahmed,2011-04-29 A probing study of the veil's recent return—from one of the world's foremost authorities on Muslim women—that reaches surprising conclusions about contemporary Islam's place in the West todayIn Cairo in the 1940s, Leila Ahmed was raised by a generation of women who never dressed in the veils and headscarves their mothers and grandmothers had worn. To them, these coverings seemed irrelevant to both modern life and Islamic piety. Today, however, the majority of Muslim women throughout the Islamic world again wear the veil. Why, Ahmed asks, did this change take root so swiftly, and what does this shift mean for women, Islam, and the West?When she began her study, Ahmed assumed that the veil's return indicated a backward step for Muslim women worldwide. What she discovered, however, in the stories of British colonial officials, young Muslim feminists, Arab nationalists, pious Islamic daughters, American Muslim immigrants, violent jihadists, and peaceful Islamic activists, confounded her expectations. Ahmed observed that Islamism, with its commitments to activism in the service of the poor and in pursuit of social justice, is the strain of Islam most easily and naturally merging with western democracies' own tradition of activism in the cause of justice and social change. It is often Islamists, even more than secular Muslims, who are at the forefront of such contemporary activist struggles as civil rights and women's rights. Ahmed's surprising conclusions represent a near reversal of her thinking on this topic.Richly insightful, intricately drawn, and passionately argued, this absorbing story of the veil's resurgence, from Egypt through Saudi Arabia and into the West, suggests a dramatically new portrait of contemporary Islam.

Wanted Women Deborah Scroggins,2012-01-17 The author of Emma's War offers a compelling account of the link between Muslim women's rights, Islamist opposition to the West, and the Global War on Terror. Wanted Women explores the experiences of two fascinating female champions from opposing sides of the conflict: Islam critic Ayaan Hirsi Ali and neuroscientist Aafia Siddiqui. With Emma's War: An Aid Worker, A Warlord, Radical Islam and the Politics of Oil, journalist Deborah Scroggins achieved major international acclaim; now, in Wanted Women, Scroggins again exposes a crucial untold story from the center of an ongoing ideological war—laying bare the sexual and cultural stereotypes embraced by both sides of a conflict that threatens to engulf the world.
