Matching Organs with Donors Marie-Andrée Jacob,2012-08-16 While the traffic in human organs stirs outrage and condemnation, donations of such material are perceived as highly ethical. In reality, the line between illicit trafficking and admirable donation is not so sharply drawn. Those entangled in the legal, social, and commercial dimensions of transplanting organs must reconcile motives, bureaucracy, and medical desperation.

Matching Organs with Donors: Legality and Kinship in Transplants examines the tensions between law and practice in the world of organ transplants—and the inventive routes patients may take around the law while going through legal processes. In this sensitive ethnography, Marie-Andrée Jacob reveals the methods and mindsets of doctors, administrators, gray-sector workers, patients, donors, and sellers in Israel's living kidney transplant bureaus. Matching Organs with Donors describes how suitable matches are identified between donor and recipient using terms borrowed from definitions of kinship. Jacob presents a subtle portrait of the shifting relationships between organ donors/sellers, patients, their brokers, and hospital officials who often accept questionably obtained organs. Jacob's incisive look at the cultural landscapes of transplantation in Israel has wider implications. Matching Organs with Donors deepens our understanding of the law and management of informed consent, decision-making among hospital professionals, and the shadowy borders between altruism and commerce.

Frientimacy Shasta Nelson,2016-03-01 With the constant connectivity of today's world, it's never been easier to meet people and make new friends—but it's never been harder to form meaningful friendships. In *Frientimacy*, award-winning speaker Shasta Nelson shows how anyone can form stronger, more meaningful friendships, marked by a level of trust she calls “frientimacy.” Shasta explores the ten most common complaints and conflicts facing female friendships today, and lays out strategies for overcoming these pitfalls to create deeper, supportive relationships that last for the long-term. Shasta is the founder of girlfriendcircles.com, a community of women seeking stronger, more fulfilling friendships, and the author of *Friendships Don't Just Happen*. In *Frientimacy*, she teaches readers to reject the impulse to pull away from friendships that aren't instantly and constantly gratifying. With a warm, engaging, and inspiring voice, she shows how friendships built on dedication and commitment can lead to enriched relationships, stronger and more meaningful ties, and an overall increase in mental health. The Intimacy Gap is more than just a call for deeper connection between friends; it's a roadmap for moving from friendship to frientimacy—and the meaningful and satisfying relationships that come with it.

Matched Ally Condie,2011-09-20 Cassia has always trusted the Society to make the right choices for her: what to read, what to watch, what to believe. So when Xander's face appears on-screen at her Matching ceremony, Cassia knows with complete certainty that he is her ideal mate . . . until she sees Ky Markham's face flash for an instant before the screen fades to black. The Society tells her it's a glitch, a rare malfunction, and that she should focus on the happy life she's destined to lead with Xander. But Cassia can't stop thinking about Ky, and as they slowly fall in love, Cassia begins to doubt the Society's infallibility and is faced with an impossible choice: between Xander and Ky, between the only life she's known and a path that no one else has dared to follow.
