Misfits, Merchants, and Mayhem Lee Bruno, Charles Fracchia, 2018-03-01 The waterfront is where it all began for San Francisco. It's where untold numbers of adventurers and fortune-hunters first stepped foot upon the land that embodied possibility. It's where ships from around the world, carrying sea-faring gold seekers, maritime traders, free-spirited mavericks, and hopeful immigrants, came to anchor. And it's where the unconventional, opportunistic, and indefatigable embarked. *Misfits, Merchants & Mayhem: Tales from San Francisco's Historic Waterfront, 1849-1934* shares the stories of exceptional newcomers and outliers, whose intrepid spirits helped to transform a small port into one of the most beautiful, unpredictable, and beloved cities in the world. Lee Bruno explores nearly a century of waterfront history, ranging from the Gold Rush to the Jazz Age, telling the tales of the enterprising entrepreneurs, reckless financiers, tireless reformers, visionary architects and city planners, and bohemian artists, musicians, and poets who all heeded the call of promise. With more than 100 historical images, *Misfits, Merchants & Mayhem* celebrates the famous (and infamous) characters whose charismatic personalities and perseverance created the institutions, businesses, and cultural fabric of San Francisco.

The Last Afternoon Henry Ambrose, 2015-05-05 No plans, no future. Just killing time... California, 1973: Along the San Francisco Peninsula, the California dreams of the Greatest Generation are fading into hard liquor, gas lines and climbing interest rates while the golden age of the Silicon Valley is yet to come. For the generation coming of age in their parents' lengthening shadows, being a teenager without prospects was like living through the end of the world, a decade of joy-riding, drugs, parties and mayhem. It was a simple plan. Lost in suburbia, Mike Kyle, Wade Weakland, Dave Simmons and their friends are in a headlong race to stay high and happy. Their girls didn't want them to do it, but now they've set their eyes on a resurrection: bringing Mike's dream of a muscle car to life. To get it right, they just need to steal another car to strip for all the parts they need, and Mike knows just the one. A fast-paced, tense thriller that stays burned into your mind, *The Last Afternoon* tears through San Mateo County's Pacific coast side with brutal consequences. Henry Ambrose draws from his years of experience in juvenile probation to tell this tightly plotted story as no one else can: at times humorous at other times graphic, with gleaming chrome details, fully rounded characters, and an eye on the darkness just beneath the surface of 1970's America.

Murder and Mayhem in the Napa Valley Todd L. Shulman, 2012-08-14 The picturesque vineyards of California's Napa Valley, one of the world's premier tourist destinations, disguise a tangled history of lawlessness, depravity and frontier justice. Some crimes were committed over debts, some for retribution and others in the name of love. Famed photographer Eadweard Muybridge killed a man for seducing his wife but was acquitted. Other criminals were not so lucky and met the gallows, like murderer William Roe, the state's final public execution. From the Pomo massacre--the first criminal case heard by the California Supreme Court--to the cold cases that continue to haunt the region, Napa Police Detective Todd Shulman decants the crimes of the Napa Valley, memorializing the victims and honoring the efforts of local law enforcement.

Not only do they possess the will to fight for galactic freedom, they also possess the ultimate ace in the hole: The mythical Rokura, the most powerful weapon ever known. Too bad Cade Sura hasn't figured out to use it. As Kira wages an increasingly bloody war against Praxis, Cade is left with only one choice: With Ga Halle scouring every star system for the coveted weapon, Cade embarks on a dangerous mission into uncharted space to discover the Rokura's origins. Static Mayhem Edward Aubry,2017-07-25 A year has passed since the Mayhem Wave reshaped the world, erasing most of its population and replacing civilization with random artifacts of advanced technology and magic. Harrison Cody now works as a special agent for the government of New Chicago, taking advantage of his newfound ability to open any lock. When an expedition is launched to determine the origin of the Mayhem Wave, Harrison joins them. In their travels, they learn of other nations that have arisen in the ashes of the old world, not all of them friendly. Harrison may have the answer to preventing the carnage to come, but the solution will come with a sacrifice too great for him to withstand.
