Why She Buys Bridget Brennan, 2011-09-13 If the consumer economy had a sex, it would be female. If the business world had a sex, it would be male. And therein lies the pickle. Women are the engine of the global economy, driving 80 percent of consumer spending in the United States alone. They hold the purse strings, and when they've got a tight grip on them as they do now, companies must be shrewder than ever to win them over. Just when executives have mastered becoming technology literate, they find there's another skill they need: becoming female literate. This isn't always easy. Gender is the most powerful determinant of how a person views the world and everything in it. It's stronger than age, income, or race. While there are mountains of research done every year segmenting consumers and analyzing why they buy, more often than not it doesn't factor in the one piece of information that trumps them all: the sex of the buyer. It's stunning how many companies overlook the psychology of gender when we all know that men and women look at the world so differently. Bridget Brennan's *Why She Buys* shows decision makers how to bridge this divide and capture the business of the world's most powerful consumers just when they need it most. • *No Matter Where You Live, Women Are a Foreign Country*: You'll discover the value in studying women with the same intensity that you would a foreign market. Women grow up within a culture of their own gender, which is often invisible to men. Brennan dissects this female culture and explains

the important brain differences between men and women that may cause your female customers to notice things about your products, marketing campaigns, or sales environment that you might have overlooked. • **The High Fives:** There are five major trends driving the global female population that are key to determining their wants and needs. These global shifts are just beginning to be tapped by businesses, and learning about them can provide you with an invaluable blueprint for long-range planning. • **The Good, the Bad, and the Ugly:** Find out how the best and brightest companies have cracked the female code, and hear horror stories about those that haven't. Through instructive case studies and interviews, *Why She Buys* provides practical, field-proven techniques that you can apply to your business immediately, from giants like Procter & Gamble and Toyota to upstarts like Method home-care products and lululemon athletica apparel. At a time when every company is looking for a competitive advantage, Bridget Brennan offers a new and effective lens for capturing market share.

Die Trying Lee Child, 2012-12-04 Jack Reacher finds himself in bad company in the second novel in Lee Child's #1 New York Times bestselling series. DON'T MISS REACHER ON PRIME VIDEO! Jack Reacher is an innocent bystander when he witnesses a woman kidnapped off a Chicago street in broad daylight. In the wrong place at the wrong time, he's kidnapped with her. Chained together, locked in the back of a stifling van, and racing across America to an unknown destination for an unknown purpose, they're at the mercy of a group of men demanding an impossible ransom. Because this mysterious woman is worth more than Reacher ever suspected. Now he has to save them both—from the inside out—or die trying....

A Carnivore's Inquiry Sabina Murray, 2007-12-01
From a PEN/Faulkner Award-winning author, *The Caprices*, seduces readers with a thriller praised as "dazzling . . . lovely, literate and deeply unnerving" (The New York Times Book Review). When we meet Katherine, the winning—and rather disturbing—twenty-three-year-old narrator, she has just left Italy and arrived in New York City, but what has propelled her there is a mystery. She soon strikes up an affair with a middle-aged Russian émigré novelist she meets on the subway, and almost immediately moves into his apartment. Katherine's occasional allusions to a frighteningly eccentric mother and tyrannical father suggest a somberness at the center of her otherwise flippant and sardonic demeanor. Soon restless, she begins journeying across the continent, trailed, everywhere she goes, by a string of murders. As the ritualistic killings begin to pile up, Katherine takes to meditating on

cannibalism in literature, art, and history. The story races toward a hair-raising conclusion, while Katherine and the reader close in on the reasons for both her and her mother's fascination with aberrant, violent behavior. A brilliantly subtle commentary on twenty-first-century consumerism and Western culture's obsession with new frontiers, *A Carnivore's Inquiry* is an unsettling exploration of the questionable appetites that lurk beneath the veneer of civilization. "Murray paces her psychological thriller with consummate control, keeping the reader enthralled through subtle suggestion and a scattering of grisly details . . . Readers will be hooked by Murray's classy treatment of her sexy-sinister subject matter." —Publishers Weekly

Lee Child's Jack Reacher Books 1-6 Lee Child, 2010-12-01 For the first time—the first six explosive novels in Lee Child's #1 New York Times bestselling Jack Reacher series—now together in one e-book collection! DON'T MISS REACHER ON PRIME VIDEO! KILLING FLOOR Ex-military policeman Jack Reacher isn't in the small town of Margrave, Georgia for less than an hour before he's arrested for murder. Not much of a welcome. All Reacher knows is that he didn't kill anybody. At least not lately. But he doesn't stand a chance of convincing anyone. Not a chance in hell... DIE TRYING When a woman is kidnapped off a Chicago street in broad daylight, Jack Reacher is unlucky enough to be taken with her. They're at the mercy of a group of men demanding an impossible ransom. Because Reacher's female companion is worth more than he imagines. Now he has to save them both—from the inside out—or die trying... TRIPWIRE Reacher's anonymity in Florida is shattered by an investigator who's looking for him. But soon after his arrival, the man is murdered. Retracing the PI's trail back to New York, Reacher wants to find out who was looking for him—and why. But he never

expected the reasons to be so personal...or lethal. RUNNING BLIND Across the country, women are being murdered, victims of a disciplined and clever killer who leaves no evidence, no fatal wounds, no signs of struggle, and no apparent motive. They are truly perfect crimes. In fact, there's only one thing that links the victims...Jack Reacher. ECHO RUNNING Thumbing across the scorched Texas desert, Jack Reacher has nowhere to go and all the time in the world to get there. Cruising the same stretch of two-lane blacktop is Carmen Greer. For Reacher, a lift comes with a hitch. Carmen's got a wild story—about her husband, her family, and a hometown that's pure gothic. She's also got a plan for all of them. And now Reacher's part of it... WITHOUT FAIL Skilled, cautious, and anonymous, Jack Reacher is perfect for the job: assassinate the vice president of the United States. In theory, that is. A female Secret Service agent wants Reacher to find the holes in her system, and fast—because a covert group already has the vice president in their sights. And they've planned for everything...except for Reacher.
