**Grace Against the Clock** Julie Hyzy,2014-07-01 When Marshfield Manor hosts a charity event, Grace Wheaton, the mansion's curator and manager, is happy to lend a helping hand—until a killer makes an unwanted donation... With the town clock in desperate need of repair, local lawyer Joyce Swedburg and her ex-husband, Dr. Leland Keay, are trying to put their differences aside to organize a benefit at Marshfield Manor to raise money to restore the beautiful timepiece. While Grace appreciates the opportunity to support such a good cause, the tension between the unhappy exes is giving her the urge to put both of the organizers in time out. But after Leland collapses on stage during the festivities, poisoned, Grace suspects there was more going on behind the scenes. Now, she's in a race to catch a ticked off murderer, and, if she's going to prevent anyone else from getting hurt, every second will count...

Sperm Donor = Dad Cheryl Shuler,2010-03 TICK TOCK GOES THE BIOLOGICAL CLOCK When Cheryl's biological clock goes from a gentle tick-tock to a grandfather-clock BONG, BONG, she decides it's time to take action. This lighthearted tale is the true story of a single, straight woman who wants to have a baby but is tired of waiting for Mr. Right. When she decides to use an anonymous sperm donor, the result is a sometimes harrowing, sometimes hilarious journey as Cheryl raises her son by herself. When they stumble upon a way to locate the anonymous donor and some of her son's half-siblings, it results in a brand new 21st century family, rich with possibilities. This book gives the reader a personal peek into the process of donor insemination, and not just from Cheryl's point of view. Her son and one of his siblings share their own observations. A chapter from the donor's perspective takes you behind the closed doors of a sperm bank and answers the question, Why would a guy want to donate sperm? Sperm Donor = Dad will tickle your funny bone and touch your heart.

**Still Standing** Zay Maxwell,2018-05-23 Being unbalanced in stable places allowed me to realize that it wasn't my situation that had me unfocused, it was the way I looked at my situation. Raising my kids alone helped me see a different version of life. I'm not only a dad, I'm a father.

**Clock Without Hands** Carson McCullers,2023-12-23 The story is set in a small town of Georgia, a disparate bunch of people come together under court-ordered integration. What follows is a unique blend of humour, power, irony, and love. Excerpt: Death is always the same, but each man dies in his own way. For J.T. Malone it began in such a simple ordinary way that for a time he confused the end of life with the beginning of a new season. The winter of his fortieth year was an unusually cold one for the Southern town—with icy, pastel days and radiant nights. The spring came violently in middle March in that year of 1953, and Malone was lazy and peaked during those days of early blossoms and windy skies.

**Rosicrucian Trilogy** ,2016-09-01 The Rosicrucian Trilogy features modern translations of Fama Fraternitatis(1614), Confessio Fraternitatis (1615), and The Chemical Wedding of Christian Rosenkreuz (1616) with 30 original illustrations by Hans Wildermann. Four hundred years ago, the publication of these 3 anonymous documents

launched the Rosicrucian movement. The story of Christian Rosenkreuz and his secretive order, as told in the *Fama Fraternitatis*, had political repercussions that continue to this day, while *The Chemical Wedding* is a landmark in European fantasy fiction. This present book offers the 3 founding documents in reliable, readable, modern English. Fully annotated and with modern introductions, these new translations explain the historical context, shed light on the beginnings of the Rosicrucian Order, and bring this fascinating material to a wider readership.

**Twelve O'Clock Sharp** Michael Eisele, 2006-04 This book contains 15 stories written in a literary style, which never lack suspense, nor a whiff of mystery. Most encounters take place in Canada. Other tales take the reader to the wild region of India's Naga warriors, and the ever blooming Caribbean Islands.

**The Subtle Problems of Charity** Jane Addams, 2020-12-08 *The Subtle Problems of Charity* by Jane Addams is about the intricacies of caregiving work and the complications of helping others. Excerpt: We find in ourselves the longing for a wider union than that of family or class, and we say that we have come to include all men in our hopes, but we fail to realize that all men are hoping, and are part of the same movement of which we are a part. Many of the difficulties in philanthropy come from an unconscious division of the world into the philanthropists and those to be helped. It is all assumption of two classes, and against this class assumption our democratic training revolts as soon as we begin to act upon it.

**The Clock Strikes Thirteen** Mildred Augustine Wirt, 1942 Penny investigates hooded riders who are terrorizing farmers at night. Meanwhile, a man makes a generous donation to the Riverview orphan's camp, but Penny suspects that he is somehow trying to cheat the orphans.

**The Male Clock** William Marsiglio, Kendra Siler-Marsiglio, 2015-03-17 As speculative fiction informed by social science and biomedical perspectives, *The Male Clock* propels readers into a futuristic, yet believable world transformed by SGEV – a debilitating virus that drastically compromises men's ability to procreate. Set mostly in the years 2034-2042, Jordan Giordano, a prominent American journalist, navigates a world steeped in personal misfortune and public controversy. Jordan chronicles his intimate struggle to become a father and family man while doing investigative reporting related to the ever changing social landscape with its radically altered sexual politics, heated public debates, and new technologies. The troubled era is defined by its upswing in baby farming, pharma company transgressions, new S.W.A.T.-based and bioterrorism technologies, sperm retrieval companies, sperm ID cards, devices preventing wet dreams, a surge in lesbian relationships and male prostitution, sperm-donating priests, and more. Because the novel explores the gendered dimensions to family, interpersonal relations, reproductive and public health, and identity issues it can serve as a provocative supplemental text for diverse courses in sociology, psychology, gender studies, sexualities, history, public health, and related fields. The plot should resonate with young people as well as persons thinking about or trying to have children. Ultimately, *The Male Clock* will compel people to question how individuals and groups cope with unwanted social change that challenges our identities and social conventions. "Edgy and provocative, *The Male Clock* is a creative blend of sci-fi and social science that takes the reader into a dystopian future where men's fertility is threatened and societal norms of masculinities and femininities are turned on their head. Ideal for instructors looking to integrate diverse materials into their gender, sexuality, or families courses." – Dana Berkowitz, Associate Professor, Sociology and Women's and Gender Studies, Louisiana State University "The Male Clock has exciting possibilities for the classroom of the 21st century: joining smart social science with speculative fiction to help students imagine a dystopian future, and hopefully also to forge positive alternative futures." – Michael A. Messner, Professor of Sociology and Gender

Studies, University of Southern California “The Male Clock is an intriguing twist on normative gender tropes about sex and fertility. With thought-provoking insight into a host of social science topics and a fast-paced sci-fi storyline, The Male Clock is sure to be a useful tool for courses related to gender, sexuality, relationships, family, and health.” – Gayle Kaufman, Professor of Sociology and Gender and Sexuality Studies, Davidson College William Marsiglio, Ph.D., is Professor in the Department of Sociology and Criminology & Law, University of Florida, and Fellow in the National Council of Family Relations. Kendra Siler-Marsiglio, Ph.D. (Microbiology and Cell Science), writes health columns, podcasts, and scripts and is a former researcher in Animal Science and Neuroscience departments.

*A Donated Life* Michael Ray Sivley, 2011-08 What if today you were told you had only twenty-four hours to live? What would you do? The disease will begin to make you weak, and you won't be able to eat anything. People who have not seen you in a month won't know you. You won't be able to walk without a railing, a cane, a friend. I had the time left on the face of a clock. As the darkness deepened, my hope and my future was called into question. I had prepared to die. My question to you is this: With twenty-four hours left, and your sand running out, will you be ready for the darkness coming? It's coming, along with a sickness that tries men's souls. As the sand runs out, and all sound ceases to be, will you feel a hand grab yours, or will you be all alone in the darkness?

**Telling Time** Jules Older, 2000-02-01 Telling time becomes clear and easy for young readers in this bright and lively introduction to measurements of time. From seconds to minutes, hours to days, exploring what time is and discovering why we need to tell time, helps young readers understand more than 'the big hand is on the one and the little hand is on the two'. Megan Halsey's playful illustrations depict imaginative digital and analog clocks that range in design. With the help of a whole lot of clocks, a dash of humor, and a few familiar circumstances, learning to tell time is a lot of fun. It's about time.
