**90+ Content Ideas for Social Media, Blogs and Online Marketing** Michelle Emerson,2017-12-20 Creative juices dried up? Need some cracking content to share with your social media followers? Looking for brilliant blog ideas to get those Goggle spiders scurrying over to your website?Then look no further. As a busy entrepreneur your time is precious... your creative juices are allowed to dry up occasionally... but your social media fans and your blog followers cannot be ignored. That's why I've created this fab little book of ready-made prompts. It's perfect for you if you're running a business (and hiking your way through a huge to-do list) and all you want is a little something to make your online content easier to write. It's designed for anyone and everyone who runs a business or a social media page and fancies a bit of a freshen up - regardless of whether you're a content creating novice or a guru. It's going to help you fall back in love with your biz again... and writing your online content... and the whole marketing thing.And I know that once you start working through the 90+ prompts, you'll spark heaps more ideas too. Not only will you discover WHAT to write about, and WHO you're writing for, you'll also learn how to wave a magic content wand over these initial 90+ ideas and discover how to repurpose, transform and recycle them into all kinds of other fabulous content too. I'd even go so far as to say you could squeeze a whole year's worth of content out of this handy little book. So if you want to hit the ground running, get your online content planned, written and scheduled for a fabulous 2018 start, then grab this book and get cracking.

**20th Century Media and the American Psyche** Charisse L'Pree Corsbie-Massay,2020-10-13 This innovative text bridges media theory, psychology, and interpersonal communication by describing how our relationships with media emulate the relationships we develop with friends and romantic partners through their ability to replicate intimacy, regularity, and reciprocity. In research-rich, conversational chapters, the author applies psychological principles to understand how nine influential media technologies—theatrical film, recorded music, consumer market cameras, radio, network and cable television, tape cassettes, video gaming, and dial-up internet service providers—irreversibly changed the communication environment, culture, and psychological expectations that we then apply to future media technologies. With special attention to mediums absent from the traditional literature, including recorded music, cable television, and magnetic tape, this book encourages readers to critically reflect on their own past relationships with media and consider the present environment and the future of media given their own personal habits. 20th Century Media and the American Psyche is ideal for media studies, communication, and psychology students, scholars, and industry professionals, as well as anyone interested in a greater understanding of the psychological significance of media technology, usage, and adoption across the past 150 years.

**CYBER LAWS AND IT PROTECTION, SECOND EDITION** CHANDER, HARISH,KAUR, GAGANDEEP,2022-04-20 India has emerged as a hub of the IT industry due to the phenomenal growth of the IT sector. However, this huge growth has brought legal complications due to a switch from paper-based commercial transactions to e-commerce and e-transactions. This book, now in its Second Edition, discusses the legal position of Information Technology (IT), e-commerce and business transaction on the cyberspace/Internet under the Information Technology (IT) Act in India. Divided into five parts, Part I of the text deals with the role of the Internet, e-commerce and e-governance in the free market economy. Part II elaborates on various laws relating to electronic records and intellectual property rights with special reference to India. Efforts are being made internationally to rein in cybercrimes by introducing stringent laws; Part III deals with various rules and regulations which have been introduced to get rid of cybercrimes. Part IV is devoted to discussing various offences committed under the IT Act, penalties imposed on the offenders, and compensations awarded to the victims. Finally, Part V acquaints the students with electronic evidence, social media crimes and investigation in cybercrimes. This book is designed as a text for postgraduate students of Law (LLM), undergraduate law students (B.A. LL.B./ BBA LL.B./ B.Com.
