Voice of Silence Nabam Serbang, 2017-09-21 We don't really say a word when truly in love. Do we? The silence says it all. Our hearts hear the voice of silence while our mind hears the sounds of the word. The silent voice stirs

the nerves of the heart while the word stirs the nerves of the brain. The state of silence is the origin of everything, as pure as God. God is love as love is a God who speaks in silence, silently. Love is best spoken in silence to the silent heart. The best feeling of love is when a silent heart hears the resonance of a silent voice of love. This book contains verses of love exhibited and expressed silently in different moods, times, and circumstances in progressive stages portrayed in a realistic order.
