America at the Mall Lisa Scharoun,2014-01-10 Since the construction of the first fully enclosed shopping center in 1952, the shopping mall has evolved into the heart of many suburban areas across the United States. More than simply a place to purchase goods, this veritable “temple of consumerism” has become a primary place for community and social interaction and an essential element in many citizens’ day-to-day lives. This study explores the spiritual, emotional and physical effects of the enclosed shopping mall on the public, chronicling the growth of the mall, its role in shaping urban and suburban life, its positive and negative impacts on society and the environment, and its future viability. As this work shows, the mall remains rich in symbolic influence, and in many ways mirrors the American condition.

Media and the City Myria Georgiou,2013-12-16 With the majority of the world's population now living in cities, questions about the cultural and political trajectories of urban societies are increasingly urgent. Media and the City explores the global city as the site where these questions become most prominent. As a space of intense communication and difference, the global city forces us to think about the challenges of living in close proximity to each other. Do we really see, hear and understand our neighbours? This engaging book examines the contradictory realities of cosmopolitanization as these emerge in four interfaces: consumption, identity, community and action. Each interface is analysed through a set of juxtapositions to reveal the global city as a site of antagonisms, empathies and co-existing particularities. Timely, interdisciplinary and multi-perspectival, Media and the City will be essential reading for students and scholars in media and communications, cultural studies and sociology, and of interest to those concerned with the growing role of the media in changing urban societies.

Mall City Stefan Al,2016-11-30 Hong Kong is the twenty-first-century paradigmatic capital of consumerism. Of all places, it has the densest and tallest concentration of malls, reaching tens of stories. Hong Kong's malls are also the most visited, sandwiched between subways and skyscrapers. These mall complexes have become cities in and of themselves, accommodating tens of thousands of people who live, work, and play within a single structure. Mall City features Hong Kong as a unique rendering of an advanced consumer society. Retail space has come a long way since the nineteenth-century covered passages of Paris, which once awed the bourgeoisie with glass roofs and gaslights. It has morphed from the arcade to the department store, and from the mall into the “mall city”—where “expresscalators” crisscross mesmerizing atriums. Highlighting the effects of this development in Hong Kong, this book raises questions about architecture, city planning, culture, and urban life.

No Easy Way Out Dayna Lorentz,2013-07-16 The sequel to No Safety in Numbers; a modern day Lord of the Flies for fans of apocalyptic thrillers It's Day 7 in the quarantined mall. The riot is over and the senator trapped inside is determined to end the chaos. Even with new rules, assigned jobs, and heightened security, she still needs to get the teen population under control. So she enlists Marco's help--allowing him to keep his stolen universal card key in exchange for spying on the very football players who are protecting him. But someone is working against the new systems, targeting the teens, and putting the entire mall in even more danger. Lexi, Marco, Ryan, and Shay believe their new alliances are sound. They are wrong. Who can be trusted? And who will be left to trust? The virus was just the beginning.

No Safety in Numbers Dayna Lorentz,2013-04-04 Think of the heart-racing chase of The Hunger Games, but a giant mall is your arena.--Seventeen.com A suspenseful survival story and modern day Lord of the Flies set in a mall that looks just like yours. A biological bomb has just been discovered in the air ducts of a busy suburban mall. At first nobody knows if it's even life threatening, but then the entire complex is quarantined, people start getting sick, supplies start running low, and there's no way out. Among the hundreds of trapped shoppers are four teens. These four different narrators, each with their own stories, must cope in unique, surprising manners, changing in ways they wouldn't have predicted, trying to find solace, safety, and escape at a time when the adults are behaving badly. This is a gripping look at people and how they can—and must—change under the most dire of circumstances. And not always for the better.
