**The Dangerous Case of Donald Trump** Bandy X. Lee, 2019-03-19 As this bestseller predicted, Trump has only grown more erratic and dangerous as the pressures on him mount. This new edition includes new essays bringing the book up to date—because this is still not normal. Originally released in fall 2017, *The Dangerous Case of Donald Trump* was a runaway bestseller. Alarmed Americans and international onlookers wanted to know: What is wrong with him? That question still plagues us. The Trump administration has proven as chaotic and destructive as its opponents feared, and the man at the center of it all remains a cipher. Constrained by the APA's "Goldwater rule," which inhibits mental health professionals from diagnosing public figures they have not personally examined, many of those qualified to weigh in on the issue have shied away from discussing it at all. The public has thus been left to wonder whether he is mad, bad, or both. The prestigious mental health experts who have contributed to the revised and updated version of *The Dangerous Case of Donald Trump* argue that their moral and civic duty to warn supersedes professional neutrality. Whatever affects him, affects the nation: From the trauma people have experienced under the Trump administration to the cult-like characteristics of his followers, he has created unprecedented mental health consequences across our nation and beyond. With eight new essays (about one hundred pages of new material), this edition will cover the

dangerous ramifications of Trump's unnatural state. It's not all in our heads. It's in his.

**Trump** Donald Trump, Charles Leerhsen, 1990 An account of the businessman's trials and triumphs.

**The Big Cheat** David Cay Johnston, 2021-11-30 Original lie -- Jobs mirage -- Charity doghouse -- Off the books -- Collecting tribute -- Don't ask, don't know -- Conflicts of interest -- Tax scam -- Polishing apple -- The Koch papers -- Wall scam -- Opportunity knocks -- Dangerous favors -- Expensive juice -- The shipping news -- Russian money man -- Promises, promises -- Family first -- After Trump.

**The Cult of Trump** Steven Hassan, 2020-09-01 A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (Kirkus Reviews). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most

persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). *The Cult of Trump* is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

**The Beautiful Poetry of Donald Trump** Rob Sears, 2019-09-05 What if there's a hidden dimension to Donald Trump; a sensitive, poetic side? Driven by this question, Rob Sears began combing Trump's words for signs of poetry. What he found was a revelation. By simply taking the 45th President of the United

States' tweets and transcripts, cutting them up and reordering them, Sears unearthed a trove of beautiful verse that was just waiting to be discovered. This groundbreaking collection gives readers a glimpse of Trump's innermost thoughts and feelings on everything from the nature of truth, to what he hates about Lord Sugar. And it will reveal a hitherto hidden Donald, who may surprise and delight both students and critics alike. Now with seventeen all-new poems! As we lurch deeper into the Trump presidency, this timely publication also includes Sears' scholarly footnotes and introduction, in which he excavates new critical angles and insights into the President's poetry which the casual reader might initially overlook.

*Time to Get Tough* Donald J. Trump, 2011-12-06 A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to "put America's interests first—and that means doing what's right for our economy, our national security, and our public safety." Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, "Merry Christmas!" The media scoffed at Trump's vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, "Donald Trump heard a voice in this country that no one else heard." As Trump says in *Time to Get Tough*, "I've built businesses across the globe.

I've dealt with foreign leaders. I've created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That's what I do for a living: make big things happen..." Trump is about to make the biggest deals of his life, and he's going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America "doesn't need cowardice, it needs courage." President Elect Trump is about to "Make America Great Again" and Time to Get Tough is his blueprint!

Donald J. Trump, Former President of the United States J.P.L.

MIMMS,2023-05-01 This character has behaved like a pariah toward his brother and his mother who never really controlled him, even since his early childhood. He was sent to military college and then to university, and not having good grades or SATs, he asked for help from a friend named Shapiro as well as his sister, who corrected his grades and SATs. This was the beginning of his cheating life. Later in business, in the sixties, with the help of his mentor, Roy Cohn, he learned how to defraud the government and the city of New York by not paying his taxes. Between the years 1970 to 2000, he made panoply of fraudulent bankruptcies in many different ways. Also, he did not pay his employees who were mostly undocumented immigrants. He threatened his contractors in multiple legal ways in order to avoid paying them. It is not surprising how this overly narcissistic, racist, lying character got along well with three dictators, including that of Saudi Arabia, Russia, and North

Korea. His biggest cheat was when he became, in 2016, president of the United States of America. And this, with the help of his fixer and childhood friend, Felix Sater, who had connections with relatives of Vladimir Putin. There was also a friend of Michael Cohen's, named Gauger, who knew how to cheat the electoral system by rigging the polls. Another scam was to avoid going to Vietnam. He asked his father's doctor to obtain a document by pretending that he had a problem with an ankle. Trump's grandfather was kicked out of Germany in 1905 for avoiding military service. It would seem that Donald has the same DNA as his grandfather Friedrich. This persona, with his 4,500 lies and his shenanigans of all kinds, from 2016 to 2021, created an unimaginable chaos at the White House. He fomented, among other things, a lack of seriousness about the coronavirus pandemic. He lied to the American people throughout 2020 by making fun of the deaths for which he is 89 percent responsible by repeating in his rallies that it was a hoax and an invention of the Democrats. He never put a coronavirus program in place mainly because he preferred to play golf while Americans were dying by the hundreds of thousands. The worst happened on January 6, 2021. The president, with his big lies and his lying GOP accomplices of cowards, attempted a coup against their own government. Finally, we are not out of the woods yet since democracy is in danger, and as long as these heinous traitors are not accused and put behind bars, the future of this country is heading toward a second civil war. As I write these words in January 2022, the GOP, aided by media such as Fox News, who

continues to spread lies, which a good portion of the population is hoarding into truth. Even after fifteen months of the defeat of Trump's Republicans, some still claim that they won this same election. It is grotesque! Finally, once again, the star Trump with the steal documents, the Mar-a-Lago raid occurred on August 8, 2022, when the Federal Bureau of Investigation (FBI) executed a search warrant at the Mar-a-Lago complex in Palm Beach, Florida, the residence of Donald Trump, former president of the United States. According to the press and the political pundits, Trump was the worst president ever.

**Front Row at the Trump Show** Jonathan Karl, 2021-03-16 \*The Instant New York Times Bestseller\* A book historians will relish. –Peggy Noonan, Wall Street Journal Must read. I've read every book about the Trump presidency. This is the best. –Bill Press An account like no other, from the White House reporter who has known President Donald Trump for more than 25 years. We have never seen a president like this...norm-breaking, rule-busting, dangerously reckless to some and an overdue force for change to others. One thing is clear: We are witnessing the reshaping of the presidency. Jonathan Karl brings us into the White House in a powerful book unlike any other on the Trump administration. He's known and covered Donald Trump longer than any other White House reporter. With extraordinary access to Trump during the campaign and at 1600 Pennsylvania Avenue, Karl delivers essential new reporting and surprising insights. These are the behind-the-scenes moments

that define Trump's presidency—an extraordinary look at the president, the person, and those closest to him. This is the real story of Trump's unlikely rise; of the struggles and battles of those who work in the administration and those who report on it; of the plots and schemes of a senior staff enduring stunning and unprecedented unpredictability. Karl takes us from a TV set turned campaign office to the strange quiet of Trump's White House on Inauguration Day to a high-powered reelection campaign set to change the country's course. He shows us an administration rewriting the role of the president on the fly and a press corps that has never been more vital. Above all, this book is only possible because of the surprisingly open relationship Donald Trump has had with Jonathan Karl, a reporter he has praised, fought, and branded an enemy of the people. This is Front Row at the Trump Show.

Good, 2003 Widely interviewed as an established authority in the field of high-level real estate auctions, Steven Good, CEO and Chairman of Sheldon Good & Company, shares the inside story of the real estate auction business for the first time in Churches, Jails and Gold Mines. *Reign of Trump* Bensa Magos, 2016-08-31 Dante's Inferno and the Spanish

Inquisition rise from the dead in Reign of Trump by Bensa Magos, published by nereusmedia. Magos turns his inimitable demagoguery upon the future President Trump, in a fantastic casting of Trump's populist revolt as the French Revolution. Magos contends there is a coming Terror with public Tribunals of the ancien regimes of both Bush and Obama. Trump's Terror will be a televised witch-hunt with Trump at center stage. In a brilliant bi-partisan gesture, Trump brings the justice of auto-da-fe to 88 enemies from both the seditious Left and the traitorous Right in a global media event. But will Trump transcend his presidency for an even higher goal of empire or godhead? For Trump, the world is truly not enough. Editor Julia de Stijl writes Bensa Magos is terrible, just terrible, but what delicious heights of historical webs, hints of conspiracies and tragic truths revealed behind the humor. We learn even when we don't agree to start thinking critically of all authority.

*Liar's Circus* Carl Hoffman, 2020-09-01 A brilliant, riveting, funny, terrifying journey into the beating heart of Trumpland. —Liza Mundy, author of Code Girls In this daring work of immersive journalism, based on hundreds of hours of reporting, Carl Hoffman journeys deep inside Donald Trump's rallies, seeking to understand the strange and powerful tribe that forms the president's base. Hoffman, who has written about the most dangerous and remote corners of the world, pierced this alternate society, welcomed in and initiated into its rites and upside-down beliefs, and finally ushered to its inner sanctum. Equally freewheeling and profound, *Liar's Circus* tracks the

MAGA faithful across five thousand miles of the American heartland during a crucial arc of the Trump presidency stretching from the impeachment saga to the dawn of the coronavirus pandemic that ended the rallies as we know it. Trump's rallies are a singular and defining force in American history—a kind of Rosetta stone to understanding the Age of Trump. Yet while much remarked upon, they are, in fact, little examined, with the focus almost always on Trump's latest outrageous statement. But who are the tens of thousands of people who fill these arenas? What do they see in Trump? And what curious alchemy—between president and adoring crowd—happens there that might explain Trump's rise and powerful hold over both his base and the GOP? To those on the left, the rallies are a Black Mass of American politics at which Trump plays high priest, recklessly summoning the darkest forces within the nation. To the MAGA faithful, the rallies are a form of pilgrimage, a joyous ceremony that like all rituals binds people together and makes them feel a part of something bigger than themselves. Both sides would acknowledge that this traveling roadshow is the pressurized, combustible core of Trump's political power, a meeting of the faithful where Trump is unshackled and his rhetoric reaches its most extreme, with downstream consequences for the rest of the nation. To date, no reporter has sought to understand the rallies as a sociological phenomenon examined from the bottom up. Hoffman has done just this. He has stood in line for more than 170 hours with Trump's most ardent superfans and joined them at the very front row; he has traveled from

Minnesota to Texas, Louisiana, Mississippi, and New Hampshire immersing himself in their culture. Liar's Circus is a revelatory portrait of Trump's America, from one of our most intrepid journalists.

**Mr. Trump's Wild Ride** Major Garrett, 2018-09-18 Major Garrett has been reporting on the White House for nearly two decades, covering four different presidencies for three news outlets. But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump, he was in for a surprise. Like many others in Washington, Garrett found himself having to unlearn many of his own settled notions about the nature and function of the presidency. He also had to separate the carnival-like noise of the Trump presidency from its underlying substance. For even in its first half, Trump's tenure has been highly consequential. In Mr. Trump's Wild Ride, Major Garrett provides what journalists are often said to do, but usually don't: a true first draft of history. His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump's young presidency, the ones that Garrett believes will have a lasting impact. The result is an authoritative, mature, and consistently entertaining account of one of the strangest eras in American political history. A consummate professional with unimpeachable integrity, remarkable storytelling skills, and a deep knowledge of his subject earned through decades of experience, Garrett brings to life the twists and turns of covering this White House and its unconventional

occupant with wit, sagacity and style. Mr. Trump's Wild Ride should place him securely in the first rank of Washington journalists.

**A Very Stable Genius** Philip Rucker, Carol Leonnig, 2021-02-23 The instant #1 bestseller, now updated with new reporting. "This taut and terrifying book is among the most closely observed accounts of Donald J. Trump's shambolic tenure in office to date. - Dwight Garner, The New York Times Washington Post national investigative reporter Carol Leonnig and White House bureau chief Philip Rucker, both Pulitzer Prize winners, provide the definitive insider narrative of Donald Trump's presidency "I alone can fix it." So proclaimed Donald J. Trump on July 21, 2016, accepting the Republican presidential nomination and promising to restore what he described as a fallen nation. Yet as he undertook the actual work of the commander in chief, it became nearly impossible to see beyond the daily chaos of scandal, investigation, and constant bluster. In fact, there were patterns to his behavior and that of his associates. The universal value of the Trump administration was loyalty—not to the country, but to the president himself—and Trump's North Star was always the perpetuation of his own power. With deep and unmatched sources throughout Washington, D.C., Carol Leonnig and Philip Rucker reveal the forty-fifth president up close. Here, for the first time, certain officials who felt honor-bound not to divulge what they witnessed in positions of trust tell the truth for the benefit of history. A peerless and gripping narrative, A Very Stable Genius not only reveals President Trump at

his most unvarnished but shows how he tested the strength of America's democracy and its common heart as a nation.

**Betrayal** Jonathan Karl, 2021-11-16 \*\*\*THE INSTANT New York Times, Wall Street Journal, USA Today, and IndieBound BESTSELLER\*\*\* An NPR Book of the Day Picking up where the New York Times bestselling Front Row at the Trump Show left off, this is the explosive look at the aftermath of the election—and the events that followed Donald Trump's leaving the White House all the way to January 6—from ABC News' chief Washington correspondent. Nobody is in a better position to tell the story of the shocking final chapter of the Trump show than Jonathan Karl. As the reporter who has known Donald Trump longer than any other White House correspondent, Karl told the story of Trump's rise in the New York Times bestseller Front Row at the Trump Show. Now he tells the story of Trump's downfall, complete with riveting behind-the-scenes accounts of some of the darkest days in the history of the American presidency and packed with original reporting and on-the-record interviews with central figures in this drama who are telling their stories for the first time. This is a definitive account of what was really going on during the final weeks and months of the Trump presidency and what it means for the future of the Republican Party, by a reporter who was there for it all. He has been taunted, praised, and vilified by Donald Trump, and now Jonathan Karl finds himself in a singular position to deliver the truth.

**Donald Trump, Tiger Woods, Bernie Madoff, and Dick Cheney: the Anatomy of**

**Evil** John Doe PhD,2019-02-28 On September 5th, 2018, the New York Times published an anonymous editorial: "Many Trump appointees have vowed to do what we can to preserve our democratic institutions while thwarting Mr. Trump's more misguided impulses until he is out of office..... The root of the problem is the president's amorality." Trump's behavior is dangerously unpredictable. He is the epitome of the Anomic Personality, whose major trait is unlimited striving. He shares in the symptom clusters of The Dark Tetrad: Aggressive Narcissism, Machiavellianism, Psychopathy and Sadism. His behavior and his own quotes convince us of the dangers of his continuance in office. Like other oligarchs, he seeks sex, money and power. Faced with charges by the Mueller and five other investigations, he lashed out by creating an "emergency," a 35-day government shutdown. How Trump won, and why his base voted for him is explained in terms of U.S. history, national character, social-class differences in child rearing, inequality, and blind attachment (which may be in our DNA due to early Cro-Magnon parental hypervigilance for fear of predators). The United Nations IPCC Report tells us that we have only twelve more years in which to reverse global warming. After that time it will be irreversible! Can we let a president who doesn't believe in climate change use up another six years, or one half, of our "chance of survival" time?

**The Grifter's Club** Sarah Blaskey,Nicholas Nehamas,Caitlin Ostroff,Jay Weaver,2020-08-04 An astonishing look inside the gilded gates of Mar-a-Lago, the palatial resort where President Trump conducts government business with

little regard for ethics, security, or even the law. Donald Trump's opulent Palm Beach club Mar-a-Lago has thrummed with scandal since the earliest days of his presidency. Long known for its famous and wealthy clientele, the resort's guest list soon started filling with political operatives and power-seekers. Meanwhile, as Trump re-branded Mar-a-Lago the Winter White House and began spending weekends there, state business spilled out into full view of the club's members, and vast sums of taxpayer money and political donations began flowing into its coffers, and into the pockets of the president. The Grifter's Club is a breakthrough account of the impropriety, intrigue, and absurdity that has been on display in the place where the president is at his most relaxed. In these pages, a team of prizewinning Miami Herald journalists reveal the activities and motivations of the strange array of charlatans and tycoons who populate its halls. Some peddle influence, some seek inside information, and some just want to soak up the feeling of unfettered access to the world's most powerful leaders. With the drama of an expose and the edgy humor of a Carl Hiaasen novel, The Grifter's Club takes you behind the velvet ropes of this exclusive club and into its bizarre world of extravagance and scandal.

**Political Power: Donald Trump** , Donald Trump is a billionaire, a real-estate mogul and television star. But does he really want to add President of the United States to his resume? how he combined that with skill and drive to earn billions of dollars selling real estate. Learn how his enormous ego could lead one of the most influential men in America to become it's leader and the most powerful person on the planet.

**The Gilded Rage** Alexander Zaitchik, 2016-08-16 A grippingly intimate and heart-breaking portrait of the walking wounded who make up the base of the Trump movement. Desperate and angry, these are the men and women of the vanishing industrial heartland and the depressed Appalachian coal country and the drug-running, no-man's land along the Southwestern borderlands. They have no illusions about the grandstanding billionaire and his glaring flaws. But they feel forgotten and screwed over by the political, corporate and media elites...and they feel that Donald Trump, despite his flamboyant demagoguery, might well be their last chance for salvation. Part Studs Terkel, part Hunter Thompson, Alexander Zaitchik takes us deeper into the ravaged soul of America than any other chronicler of our times.
