Ionian Rod and Lucinda Heikell, 2023-10-13 Now celebrating its eleventh edition, *Ionian* has once again been thoroughly updated with new photos and plans. Covering the coast and islands southwards from Corfu to Finakounda and eastwards to Mesolongion, this much-loved guide contains more detail of many of the smaller anchorages and harbours than are comprehensively covered in Rod Heikell's *Greek Waters Pilot*. Like its companions *West Aegean* and *East Aegean*, *Ionian* is ideal for charterers and flotilla sailors who are onboard for a relatively short time, but also for longer term cruisers on their own yachts who are looking for additional pilotage and background information for this popular cruising ground. As with all the Heikell guides, *Ionian* not only gives all the essential information you need but also exudes the charm and flavour of this corner of the Mediterranean. "Heikell's style is easy to digest and gives pleasure in the details of the history, geography and social circumstances of the places described as well as the essential sailing information." *The Little Ship* "This book, as well as being a practical manual on *Ionian* cruising, seems to have absorbed much of the author's personal feelings regarding the charm which draws him back to it, and any reader

who has had a whiff of the magic spell of the Greek islands will sense this, and inevitably renew the resolve to return and experience it once again in greater measure." Nautical Magazine "Rod Heikell nowadays is to the Mediterranean as gin is to tonic. It is difficult to imagine sailing there without one of his guides. Clear pilot notes, chartlets and plentiful illustrations, with entertaining commentaries on each place. Up-to-date observations on local and national regulations. The new edition does not disappoint. If one must choose, I would have no hesitation in recommending Heikell." Cruising Association "Rod has a knack for dropping in snippets of interest and colour to give the reader a feel for the atmosphere of each port or bay." Yachting Monthly "Like all Rod Heikell's pilots, it is also a travel guide in its own right." Ionian Magazine "The sailing directions are particularly useful when entering the smaller anchorages and harbours, for which little information is to be found on charts, and include excellent harbour plans and top quality aerial photographs." Flying Fish Magazine (Ocean Cruising Club)

Ionian, Greece Lucinda Heikell, 2020-05-01 Do you only have a week to spare? For those of us who are time poor but who want to seize the moment, either on our own boat or on a charter, it's reassuring to know that there are plenty of cruising hubs from

where we can enjoy some of the best of the region in only a few days. Imray Pocket Pilots are a new series of affordable PDF books, companions to the Yachting Monthly series A Week Afloat. They visit some ideal destinations and suggest a one week itinerary, and include expanded sailing directions for cruising each area based on printed Imray pilot books. Familiar Imray chartlets cover marina detail and approaches, and photos add both information and colour to the downloads. This Imray Pocket Pilot covers The Ionian, Greece.

Levkas Man Hammond Innes,2016-11-15 The tale of an archaeological dig gone terribly wrong from “Great Britain’s leading adventure novelist” (Financial Times). When his parents died, Paul was sent to Amsterdam to live with his mother’s old lover, the eccentric archaeologist Pieter Van der Voort. Paul became a man in that cramped, strange house, cooped up with skeletons, fossils, and his increasingly mad guardian, who was obsessed with the search for the origins of man. Finally, Paul can take no more. He hops a freighter and spends eight years at sea before returning home to find Van der Voort gone—and a mystery waiting in his

place. Van der Voort is in Greece on an archaeological expedition that's spiraling out of control. The last place Paul wants to be is at the old man's side, but he feels something drawing him toward the dig site. To reach Greece, he takes a job working for a smuggler, embarking on a journey that will carry him across the globe—and into the blackest depths of history. A rip-roaring archaeological adventure in the spirit of Indiana Jones, *Levkas Man* is a story about the fundamental desire that has defined all human history: the irresistible urge to kill.

History, Time, and Economic Crisis in Central Greece Daniel Knight,2018-08-17 *History, Time, and Economic Crisis in Central Greece* explores how the inhabitants of a Greek town face the devastating consequences of the worst economic crisis in living memory. Knight examines how the inhabitants draw on the past to contextualize their experiences and build strength that will enable them to overcome their suffering.

Flotilla Christopher Jarman,2006-03-01 On a sailing holiday to Greece, our hero the resourceful retired admiral links up with an attractive teacher for romance and dashing hijinks around the

Ionian Islands. While bumbling Greek pensioners attempt a comical kidnap on Ithaca, the chase ensues for a murderous gang of ruthless Albanians who threaten their holiday idyll. This book is the sequel to Boomcrack by the same author

The Hammond Innes Collection Volume Three Hammond Innes, 2018-07-24 Four action-packed thrillers from the author of The Wreck of the Mary Deare and “Great Britain’s leading adventure novelist” (Financial Times). British novelist Hammond Innes was perhaps best known for his nautical mystery, The Wreck of the Mary Deare, which was made into a film starring Gary Cooper and Charlton Heston. But the prolific writer, World War II veteran, and dedicated yachtsman wrote over thirty novels of adventure and suspense during his long career. The collected fiction here spans the globe—from Antarctica to the Hebrides, Cold War Germany to sun-soaked Greece. As always, “for sheer excitement Hammond Innes will be hard to beat” (Daphne du Maurier). Isvik: Isvik is a legend—a ghost ship that sits on the lip of Antarctica, two hundred years old at least, swallowed by the ice with severed masts and helmsman frozen to the wheel. Or so a glaciologist reported before his plane crashed on the ice shelf. Now, wealthy Scotsman Iain Ward is determined to find the frozen

frigate—and he’s bringing along Peter Kettil, a wood preservation specialist and seasoned sailor himself. But Ward and Kettil are not the only ones willing to go to any lengths to discover the ship’s secrets . . . “[A] dramatic adventure that will keep readers guessing until its startling climax.” —Publishers Weekly

Air Bridge: After his heroic service in World War II, pilot and aircraft engineer Neil Fraser must steal planes in order to make a living, flying them from England to the land that will soon become Israel. But when he’s caught by a ruthless tycoon, he’s forced to build the wealthy man a new aircraft engine. With dreams of conquering the sky, Bill Saeton wants Fraser to fly the plane over a divided Germany as part of the Berlin Airlift. But as Saeton’s ambition becomes a dangerous obsession, Fraser begins to look for a way to bail out. “Authentic and excellent . . . His plot, characters and suspense live up to the setting.” —San Francisco Chronicle

Atlantic Fury: When a British army unit is ordered to evacuate from the remote, rocky island of Laerg in the Hebrides during a violent storm, it’s up to a pair of reunited brothers to save the group of soldiers—and each other. “Nothing short of superb.” —The New York Times

Levkas Man: When his parents died, Paul was sent to Amsterdam to live with his mother’s old lover, the eccentric archaeologist Pieter Van der

Voort, who was obsessed with the origins of man. After eight years at sea, Paul discovers Van der Voort is in Greece on an archaeological expedition that's spiraling out of control. To reach Greece, Paul takes a job working for a smuggler, embarking on a journey that will carry him across the globe—and into the blackest depths of man's most primal instinct. "Quick-action adventure—a particularly interesting background." —The Daily Telegraph

A Greek Island Cosmos Roger Just, 2000 This volume reveals the historical dynamism of what appears at first sight to be a forgotten backwater. Meganisi is one of the smallest and most remote of the Greek Ionian islands. From another point of view, it is the centre of the world, and its sailors travel literally from China to Peru while its migrants maintain familial connections from Johannesburg to Montreal. The villages of Meganisi are tightly-knit communities and this detailed ethnographic study explores the basis on which the islanders' solidarity and sense of identity are constructed and reconstructed despite population mobility and

economic change: the values, sentiments and structures of kinship and family. Series Editors: Wendy James & N.J. Allen
