**Memetic** James Tynion IV,2015-10-21 A meme is an idea that starts with an individual, and then spreads throughout multiple persons and potentially entire societies. Richard Dawkins suggests a meme's success comes from its effectiveness to the host. But history shows that destructive memes can spread just as rapidly through society. MEMETIC shows the progression of a weaponized meme that leads to the utter annihilation of the human race within 72 hours. The root of this apocalypse is a single image on the internet, a meme in the popular sense. A meme that changes everything.

**Meme Wars** Joan Donovan, Emily Dreyfuss, Brian Friedberg, 2022-09-20 A groundbreaking investigation into the digital underworld, where far-right operatives wage wars against mainstream America, from a masterful trio of experts in media and tech. Memes have long been dismissed as inside jokes with no political importance. Nothing could be further from the truth. Memes are bedrock to the strategy of conspiracists such as Alex Jones, provocateurs like Milo Yiannopoulos, white nationalists like Nick Fuentes, and tacticians like Roger Stone. While the media and most politicians struggle to harness the organizing power of the internet, the “redpill right” weaponizes memes, pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole. These meme wars stir strong emotions, deepen partisanship, and get people off their keyboards and into the streets--and the steps of the US Capitol. Meme Wars is the first major account of how “Stop the Steal” went from online to real life, from the wires to the weeds. Leading media expert Joan Donovan, PhD, veteran tech journalist Emily Dreyfuss, and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of antiesablistmentarians bond over hatred of liberal government and media. Together as a motley reactionary army, they use memes and social media to seek out new recruits, spread ideologies, and remake America according to their desires. A political

thriller with the substance of a rigorous history, Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right. And it's a warning that if we fail to recognize these powerful undercurrents, the great meme war for the soul of America will soon be won.

The Meme Book By Mobo Gallery,2015-10-28 The Meme Book is a funny coffee table book, a way to share your favorite memes with your technophobe grandma,

or a comment on the times. It can be all or none of these things. This collection of memes pulled from the Internet and framed in the book is funny and fun. The purpose of this volume is simply to curate some of the funniest memes and to raise a discussion about this new form of art. Is it really new? If so, what is novel about it compared to other editorial forms of art? How can we approach this sociologically? What can this collection of provocative memes show us about the future, and about the present? What does this curation add to existing conversations about art? How can memes exist as fingers on the pulse of today's youth? Will these memes stand in the long-term as examples of twenty-first century culture, or will this volume stand as the only evidence that they ever existed?
