*Beyond the Wall* Marco Carnovale, 2018-12-08 1980: the Cold War between capitalist West and socialist East is in full swing. Tensions are high but, at the academic level, some channels of useful exchange remain open. The author and two classmates would join one such program linking a leading American university and its counterpart in Poland. They travel to Warsaw here by car and, in addition to attending classes,

travel far and wide within the country as well as to several of the neighbors in the socialist bloc where the Soviet Union called all the shots. They drive across the USSR and visit the Berlin Wall, the symbol of the division of Europe. Throughout, Marco took detailed notes of what they saw and heard. Almost four decades later, the East-West division of Europe is gone. Marco recently found his diary and decided to publish an expanded version of it. His written notes from 1980 have been enriched with descriptions and analyses of historical events that will help the reader see his personal experience in a more significant cultural, social, political and economic context. The author hopes this real life story will help younger generations, who did not live through the Cold War, better appreciate the blessing of living in a European continent that is immensely more open, rich and free than it was then.

**Journeys through the Maldives** Marco Carnovale, 2018-12-02 Tales from the many trips to the Maldives of the author. Avoiding the tourist resorts, he visited remote villages, where tradition is combined with innovation and technology, meeting local people and trying to understand their culture. Always island hopping by boat, he went from postcard perfect uninhabited islands and through the streets of the bustling capital Malé, in its hidden corners often overlooked by tourism. In dozens of dives, he witnessed the richness of wildlife and the sparkling colors of these seas. But the islands are facing rapid changes and serious problems, and they are not always the paradise they seem. The Maldives are at a turning point, with political, economic and environmental changes that pose difficult challenges to the government and to the nation. The book is completed by an analytical index, a chronology of the Maldivian history and a bibliography.

*The Complete Universe of Memes* Lloyd H. Whitling, 2002 A controversial 100 thousand word guide into worlds you never thought to explore. Whitling offers straight talk about memetics with a twist: how to recognize your own malignant memes, how to free yourself with evolutionary concepts, relevance of demons and angels, what are your lifetime aims (and why you probably don't know), and what is at stake. To quote from its author: My mind's filled with open cans of worms so I can induce others to go fishing. A cogent, in-your-face challenge to current perceptions about the universe and Evolution as Creation's first cause. Can he pull this off?—Yes! Go with him down many paths to the same destination. The fiery end of human life on earth may not be from bombs or plagues. Learn about what NASA is keeping their eyes on while we distract ourselves with petty jousts. Recent scientific discoveries and theories help you develop a personal lifeplan for an accomplishment-oriented existence you will enjoy. Read it. See for yourself.

Into Hell I Rode Li Atwood, 2011-04-01 In his revealing and frank autobiography, David G. Atwood, II takes us into a world of government corruption, back-stabbing politicians and an all too familiar tour of the criminal justice system. Persecuted by a corrupt sheriff's department for exposing a cabal of local corruption that reached into the upper echelon of international politics; prosecuted and sent to federal prison for a crime he didn't commit; and discriminated against for being gay, David leads us on a journey through the life of a prisoner that only an insider could tell and captivates us with a story of courage that will inspire everyone who reads it. Whether revealing the drug connections that for years have padded the pockets of the local cops and exposing how government-sanctioned drug deals in Vicksburg, Mississippi helped illegally fund the Nicaraguan Contras in the 1980's, David leaves no hole's barred as he takes aim at those who would misuse their political power for personal gain.
