Teachers will find good ideas for classroom activities to keep the kids engaged.

*Fun Activity for Kids* Jupiter Kids,2017-02-15 What's a cool game to invest in this summer? Oh, we know, matching! Matching games are memory games that improve your child's visual and short-term memory. They also help improve focus and concentration, which are two very important skills though often overlooked. Encourage your child to play memory games on his/her own or with friends. Secure a copy today!

**Match the Sight Words** Baby Professor,2017-09-15 Sight words are commonly seen words. If your kindergartner can identify sight words, it will become easier to transition from picture words to actual reading. When dealing with sight words, children don't necessarily have to be able to read. It's more of a memory game because kids would have to memorize how the letters are arranged to form that specific word. Prepare your child to read!

Matching Activities (Matching Game for Kids) Baby,Baby Professor,2015-07-31 The great thing about matching games is that they prepare your child to tackle math. As different as they may seem, matching games involve comparing, sorting and classifying, sets and measurements too! It's a great game to play when you're targeting sharper memory in children. Don't forget to secure your child a copy of this matching game today!

**The Best Matching Game Activities Ever!** Activity Book Zone for Kids,2016-05-25 Children love to play matching games, and with good reason! Such games are fun to do and very educational, too. When a child plays, he/she identifies key features of objects in order to match them with the features of objects found at the other side of the page. Sounds easy? Not really! In order to do matching successfully, a child needs to have sound short-term and visual memory.

**Brain Games for Your Child** Robert Fisher, 2011-09-01 Every child needs love and physical care, but also play that stimulates their thinking and helps boost their brain power. By playing with parents, grandparents and carers children can build their social and creative skills and get the mental stimulus that develops their brains. In **Brain Games for Your Child** Robert Fisher draws on his thirty years of research into children's thinking and learning to provide over 200 games to help children to build their thinking, number, language and social skills. From music and art games, treasure hunts and card games, word games and number battles there are games that can be played by all the family that will create bonds and build memories and help boost your child's brain power. Included are old favourites as well as new games, but what is common to all the games is interaction with other people, rather than with electronic screens, where communicating and playing with others provides the basis for developing the full range of a child's abilities. **Brain Games for Your Child** provides games to create a happy learning environment, encouraging educational skills through games that are fun. It provides a wealth of games to play with children of all abilities during the all-important first 10 years of life. This is an essential guide for raising a happier, brighter and more sociable child.

**Hours of Fun for Kids! a Super Matching Game Book** Jupiter Kids, 2017-02-15 A matching game is an excellent activity that your child should do regardless of the season. The game encourages the working memory so your child can see and recognize even portions of the same object. Matching will also help with your child's object constancy skills, which refers to the ability to recognize an object regardless of presentation. Secure a copy of this book today!
