Old Masters Memory Game Mieke Gerritzen,2015-08 Old Masters Memory Game collects the most famous and beloved portrait painters from the 16th and 17th centuries in one game that is fun to play, educational, and a feast for the eyes. The task, as always, is to collect two cards that make one set- in this case, two portrait paintings by the same painter. The sets are clearly recognizable by the posture of the figure, facial expression, the style of painting, and attributes like clothes and hairstyle. To help, there is always the brochure with all the paintings in pairs and a little explanation on the painters. This is a wonderful gift item for gift shops and all museums that collect the old masters. The game consists of 50 cards of 25 sets featuring world-famous portraits by the likes of Rembrandt van Rijn, Johannes Vermeer, Leonardo da Vinci, Sandro Botticello, Titian, Frans Hals, Albrecht Durer, Goya, and many others.

Woodcut (The artwork of Bryan Nash Gill) Bryan Nash Gill,2012-05-02 If there is, indeed, nothing lovelier than a tree, Connecticut-based artist Bryan Nash Gill shows us why. Creating large-scale relief prints from the cross sections of trees, the artist reveals the sublime power locked inside their arboreal rings. Gill creates patterns not only of great beauty but also year-by-year records of the life and times of fallen or damaged logs. He rescues the wood from the property surrounding his studio and neighboring land, extracts and prepares blocks of various species (including ash, maple, oak, spruce, and willow), then makes prints by carefully following and pressing the contours of rings and ridges until the intricate designs transfer from tree to paper. The results are colored, nuanced shapes—mesmerizing impressions of the structural integrity hidden inside each tree. These exquisitely detailed prints are collected and published here for the first time, with an introduction by esteemed nature writer Verlyn Klinkenborg and an interview with the artist describing his labor-intensive printmaking process. Also featured are Gill's series of printed lumber and offcuts, such as burls, branches, knots, and scrubs. Woodcut will appeal to anybody who appreciates the grandeur and mystery of trees, as well as those who work with wood and marvel at the rich history embedded in its growth.
