The 10 Stupidest Mistakes Men Make When Facing Divorce Joseph Cordell,2010-12-07 The Knowledge Every Man Needs for a Successful Divorce Each year 500,000 men will face divorce, and most of them make at least one crucial—and often irreversible—mistake. These errors might seem minor, such as moving out while things get sorted out, or thinking of “temporary” orders as being truly temporary. But when they get to court, these men discover they have put themselves in a terrible position. They may have to give up their house, pay impossibly high alimony, or even lose custody. You could be one of these men. But you don’t have to be. Joseph Cordell, the founder of the nation’s largest law firm focusing on men’s divorce and the creator of the Dads Divorce website, has seen the consequences of the mistakes men make. Drawing upon the huge number of cases that Cordell & Cordell has handled, this book identifies the 10 most common mistakes that end up hurting men in divorce. Cordell demystifies the divorce process, explains what judges consider in making their final decisions, and lays out a road map for positive actions men can take to achieve the best possible outcome. No man should face divorce without this book.

Survivor's Guide for Men in Divorce Johnny Peterson,2013-05-16 Authored by a veteran divorce attorney who went through a divorce himself, the information provided in this book gives the reader insight into family law and the family law environment far exceeding the information known by the vast majority general public. That's not just an opinion, that's a fact. This book is written for men seeking legal insight and experienced advice on how to make rational, informed, and yes, educated decisions when dealing with family law litigation. Men who adopt time tested strategies, and use a rational and educated approach to resolve their family law issues do far better in the family law environment than those who do not. The first step is to become well informed on the law and what to expect in family court. Written in plain English, this book is an in-depth yet easy to understand guide that covers most any imaginable family law issue from an author with the qualifications to write about it. Besides simply blurting out the law applicable in any of the 50 states, the author guides you how to use that law to your advantage in the family law environment.

Men and Divorce Roy E. Peterson,2013-10-25 Men and Divorce is a Practical Guide for the more than one million men annually who face the prospect of a divorce, who may be contemplating the need for a divorce, or who have been served papers for one. Women file 66% of the time and men must be prepared to find the right attorney, make the correct decisions, and fight for what is theirs by right. Presumptions of the state laws and

courts favor women. This book seeks to rectify that with advice from my experience and those of other men who have suffered from the inequities and vagaries of state laws, presumptions, and uninformed advisors. Men have rights too and state laws along with the federal law promulgated by Congress in 1982 of allowing states to treat military pensions as property and assign them for life must be changed. I will advise on how to identify clues a divorce may be imminent and how to avoid the more than 20 mistakes men commonly make. The book is not anti-women, but pro-men. The author takes the reader through understanding the landscape facing them, what women consider, clues for men they may be headed for divorce, the mistakes men make, deciding whether divorce is the best solution, how to negotiate for the best outcome, what quality of life may be considered after divorce, and presents his own divorces as case studies. Definitions used in divorce documents, laws and recommended changes to be made to them, and military men in divorces including an application of the Principles of War make Men and Divorce the most complete and comprehensive book on the subject. Humor used throughout the book also make it one of the most readable and literate books on the market.

Daily Survival Guide for Divorced Men Dale J Brown Ph D, 2018-03-05 Dale J. Brown, PhD, will never forget the day his wife left him. Her declaration caught Brown off guard. Suddenly he was just a statistic: another divorced man. In the dark days that followed, Brown felt alone and bereft of meaning. At his lowest point, he considered suicide. Fortunately, he reached out to his good friend Ken, a psychotherapist. With Ken's help and insistence that Brown not be alone at this time-Brown found his intense agony abating. But he still had much grief to process. Brown is not alone. Men who are separated or divorced have a rate of suicide nearly 40 percent higher than that of married men, and even those who do not attempt suicide can feel sad, lonely, and helpless. Despite the pressing need evinced by this group, Brown found few resources to help men cope with the emotions brought about by divorce. So Brown wrote the book he wished he'd had when his own marriage ended. Full of spiritual wisdom and practical advice, Daily Survival Guide for Divorced Men offers comfort and encouragement for men experiencing divorce. Readers of this book will find that they are not alone-and they can thrive even after divorce.

Predator in a Dress Greg Mulligan, 2015-10-02 The author is a divorce attorney in Minnesota. He is amazed by the unmitigated bias shown by judges against men. The men watch as their ex-wives give highly rehearsed testimony in custody hearings. The wives win custody of the children and they get child support payments for the next fifteen years and spousal maintenance even longer. The fact is, divorce is a profitable thing for a woman.

A heartless woman will get married just so she can get divorced. The purpose of this book is to protect men from suffering the losses caused by marrying such a woman.

Winning Your Divorce Joseph Emmerth, 2017-10-20 Most men torpedo their best interests during a divorce. In fact, most men tend to be absolute idiots during the process. It doesn't matter if they are Doctors, Lawyers, Scientists, Professional Athletes, Captains of Industry or Small Business Owners. Once the divorce starts, every skill and ability that got them where they are today goes straight out the window in favor of ill-conceived, expensive, and in many cases, self-destructive behavior. BUT IT DOESN'T HAVE TO BE THAT WAY! This book was written to help men avoid the most common mistakes that men make during a divorce. This book provides a roadmap of potholes and ditches a divorcing man can easily avoid. And by following the advice on how to avoid these pitfalls, men can shorten the length of the divorce, save a ton of money in attorney's fees, and greatly reduce their stress and emotional turmoil. I've represented hundreds of men (and women) in divorce cases. I've been voted a SuperLawyer by my peers. I've received the Avvo Client's Choice award. Bottom line, I see how men screw their cases up every day, and I know how to help them avoid that fate. Men who are struggling with the process, men who are angry, men who feel like just shutting down, men who want to punish their spouse, and men who just don't know what to do will all benefit from this book. Do you want your divorce to be less stressful? Do you want your divorce to be finished more quickly? Do you want your divorce to be much less expensive? BUY THIS BOOK NOW! Who doesn't want that? Even if you're already in the middle of a divorce, and have made some of the mistakes described in this book, IT'S NOT TOO LATE! Simply fixing the mistakes and changing your approach will result in a better outcome. The mission of this book is to help unhappy men become happy again. If you buy this book and follow the advice inside, in short order you will be happy again, too.

Outsmart Instead of Outsmarted, Tarred, and Feathered Get Out Smart LLC, Get Out Smart Staff, 2004-03 OUT SMART (Instead of Outsmarted, Tarred, and Feathered) is the book no one wants you to read; especially your wife and the lawyer she will surely be hiring soon. It is also the first appearance of an entirely new kind of man... one perfectly prepared for a successful divorce... the DELTA MALE. Unlike his Alpha Male in-charge counterpart, he just can't seem to get it together... apparently. Get to know him. The Delta Male has a lesson or two for you on getting OUT SMART. For the first time in one source, you, the beleaguered husband trapped in a dead-end marriage, struggling just to keep your morality, emotions, and finances intact, have the support, understanding, and, most importantly, the tools you need to not just survive but to win your divorce. Out Smart will not only help you avoid the vicious, expensive, and debilitating experiences that divorce usually brings, this work will also give you a working philosophy that will empower you to emerge victorious. Compiled and composed by a broadly experienced group of professional men (and a few enlightened women) organized as Get Out Smart, LLC, this first publication by the group sets the stage for their stated goal of changing the landscape of divorce in America into one that levels the playing field to benefit everyone involved and optimizes the outcome for not only her and the children but for him as well. From the book's Preface: the marital and family landscape has morphed into a specter our grandparents' generation could scarcely have imagined. From same-sex coupling becoming institutionalized, to internet-fueled porn now part of our children's digital wallpaper, to the myriad and mercurial comings and goings of today's moms and dads as we ooze our sensibilities into the 21st Century, the family environment has become ambiguous to the point of being virtually indefinable. In striking contrast, the institution of divorce has remained remarkably constant with women possessing access to a judicial armamentarium that, if any legislature tried to put it in place en masse today, it wouldn't stand an ice cube's chance in Hell. When it comes to divorce in the US, could anyone argue today against the premise that it pays to not have a penis? Of course not. So it should come as no surprise that over 90% of all divorce proceedings initiated in the US are initiated by the wife. And, logically, why shouldn't they be? The way the system works now, she has everything to gain and it costs her nothing. Every shred of divorce law in every state of the union is geared to protect mother and child and, by default, the wife when there are no children. The husband/father is a big boy who is not only expected to take care of himself, he is expected to take care of everyone in his family even when they are taken from him. And, insult to injury, the standing assumption is he cannot be trusted to meet his responsibilities willingly. No, the expectation is his responsibilities must be enforced. One thing becomes clear: the only way an average Joe facing divorce with nothing but the best of intentions stands a chance is to take control however he can. Under current conditions, no one, not a high-powered attorney, not your congressman, not the judge, nor any other external force is going to get you out unscathed from the crappy situation in which you find yourself. It can only begin to go your way if you quietly take the reins now, before the official process gets underway. Responsibility for the tough calls that need to be made cannot be delegated. If you are a man and you are experiencing discontent (yours, hers, or both) in your marriage and want to save your mental health, keep your moral compass intact,

and, ultimately, keep your financial butt out of a sling, devising your exit strategy is something you must think about yourself as clearly as possible. And you should think about it sooner rather
