The Tyranny of Merit Michael J. Sandel,2020-09-15 A Times Literary Supplement’s Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling Justice explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that you can make it if you try. The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.

Like a House on Fire Lauren McBrayer,2022-04-26 A JULY 2022 BELLETRIST BOOK CLUB PICK What would you do if you found the spark that made you feel whole again? After twelve years of marriage and two kids, Merit has begun to feel like a stranger in her own life. She loves her husband and sons, but she desperately needs something more than sippy cups and monthly sex. So, she returns to her career at Jager + Brandt, where a brilliant and beautiful Danish architect named Jane decides to overlook the “break” in Merit’s résumé and give her a shot. Jane is a supernova—witty and dazzling and unapologetically herself—and as the two work closely together, their relationship becomes a true friendship. In Jane, Merit sees the possibility of what a woman could be. And Jane sees Merit exactly for who she is. Not the wife and mother dutifully performing the roles expected of her, but a whole person. Their relationship quickly becomes a cornerstone in Merit’s life. And as Merit starts to open her mind to the idea of more—more of a partner, more of a match, more out of love—she begins to question: What if the love of her life isn’t the man she married. What if it’s Jane?
