Wallpaper and the Artist Marilyn Oliver Hapgood, 1992 The book examines how major artists over the last five centuries have approached wallpaper design. From Durer, who conceived his

designs as seriously as he did a fine woodcut, to William Morris, who believed that wallpaper, like all good design, should transform our lives, to Andy Warhol, whose fascination with multiple images inspired brilliant parodies of the wallpaper tradition, the artists represented here reveal the rich complexity inherent in the art of pattern and form that constitutes wallpaper design.

Eleven-year-old Anthoni Gillis is not the kind of kid who believes in fairies, unicorns, or even the word "maybe." She's more of a comic-books girl. So when her mom brings her to Thunder Lake for a summer at the Showboat Resort, she doesn't believe the local rumors about the Boulay Mermaid. Anthoni has bigger fish to fry. She's always wanted a True Blue Friend. But it's been hard to find one, since for the past five years she's been bouncing from town to town, helping her mother sell Beauty & the Bee cosmetic products to keep them both afloat. This summer will be different, though. Anthoni has a plan—a foolproof checklist for making lifelong friends! There won't be any maybes this time. But as she grows entangled in local gossip, and her mother stretches the truth, Anthoni must decide if she'll "stick to the plan," like always, or dive into a summer full of extraordinary possibilities. Julián Is a Mermaid Jessica Love, 2019-06-18 In an exuberant picture book, a glimpse of costumed mermaids leaves one boy flooded with wonder and ready to dazzle the world. While riding the subway home from the pool with his abuela one day, Julián notices three women spectacularly dressed up. Their hair billows in brilliant hues, their dresses end in fishtails, and their

joy fills the train car. When Julián gets home, daydreaming of the magic he's seen, all he can think about is dressing up just like the ladies in his own fabulous mermaid costume: a butter-yellow curtain for his tail, the fronds of a potted fern for his headdress. But what will Abuela think about the mess he makes — and even more importantly, what will she think about how Julián sees himself? Mesmerizing and full of heart, Jessica Love's author-illustrator debut is a jubilant picture of self-love and a radiant celebration of individuality.

In this sweet picture book, a shy little girl goes on a magical underwater adventure filled with adorable mermaids, silly sea creatures, games with new friends and wonderful surprises! One sunny Saturday, Maya and her parents visit the beach. Maya loves the beach: the warm sand feels wonderful between her toes. But it would be more fun if she had a friend. Too shy to say hello, Maya watches the kids play nearby, and slowly her eyes droop closed . . . When Maya awakens she has been transported to a magical underwater world. Maya

admires the sea creatures flitting around her, and she discovers that she too has a beautiful tail. Maya is a mermaid! But who is calling out a greeting from behind that coral? Whose bright eyes are peering at her from the sea grass? Whose laughter does she hear? Could it be a new friend? Or just another sea creature? Ravenous Things Derrick Chow, 2022-07-26 Beautifully written and spectacularly spooky, *Ravenous Things* is an instant new favorite! —Claribel Ortega, New York Times best-selling author of *Witchlings* Climb aboard the midnight train! Things wondrous and terrible await you... Twelve-year-old Reggie Wong has a quick temper that's always getting him into trouble at school, while at home his mom struggles to get out of bed--let alone leave their apartment. That's why Reggie desperately needs his dad back. One problem: His dad is dead. Enter the Conductor, a peculiar man who promises to make Reggie's wish to see his father just one more time come true. All he must do is climb aboard the man's subway train, which leaves St. Patrick Station promptly at midnight. Desperate to have his dad and happy family back, Reggie takes him up on the offer, only to discover the train is filled with other children who have lost a loved one, just like him. As he speeds through the wild, uncharted tunnels beneath the city, Reggie meets Chantal, an annoyingly peppy girl obsessed with lists and psychiatry, and Gareth, his arch-nemesis and bully since the fourth grade. As each kid steps off the train and into the arms of their lost family member, Reggie can't believe his impossible wish is about to come true. But when Reggie comes to the end of the line and sees his father waiting for him, he soon discovers all is not as it seems. He and his unlikely new friends have been ensnared in a deadly trap. Together, the three must find a way to foil the Conductor's diabolical plot and find their way out of the underground subway where horrors worse than

they have ever imagined lurk around every corner. The rats of St. Patrick Station have taken over and they're absolutely ravenous. In this stunning debut, author Derrick Chow reenvision the tale of the Pied Piper. Both terrifying and hauntingly beautiful, Chow masterfully uses literal and figurative monsters to explore the themes of grief and how we handle loss.

Truth of the Divine Lindsay Ellis, 2021-10-19 USA TODAY BESTSELLER Truth of the Divine is the latest alternate-history first-contact novel in the Noumena series from the instant New York Times, Wall Street Journal and Los Angeles Times bestselling author Lindsay Ellis. The human race is at a crossroads; we know that we are not alone, but details about the alien presence on Earth are still being withheld from the public. As the political climate grows more unstable, the world is forced to consider the ramifications of granting human rights to nonhuman persons. How do you define "person" in the first place? Cora Sabino not only serves as the full-time

communication intermediary between the alien entity Ampersand and his government chaperones but also shares a mysterious bond with him that is both painful and intimate in ways neither of them could have anticipated. Despite this, Ampersand is still keen on keeping secrets, even from Cora, which backfires on them both when investigative journalist Kaveh Mazandarani, a close colleague of Cora's unscrupulous estranged father, witnesses far more of Ampersand's machinations than anyone was meant to see. Since Cora has no choice but to trust Kaveh, the two must work together to prove to a fearful world that intelligent, conscious beings should be considered persons, no matter how horrifying, powerful, or malicious they may seem. Making this case is hard enough when the public doesn't know what it's dealing with—and it will only become harder when a mysterious flash illuminates the sky, marking the arrival of an agent of chaos that will light an already-unstable world on fire. With a voice completely her own, Lindsay Ellis deepens her realistic exploration of the reality of a planet faced with the presence of extraterrestrial intelligence, probing the essential questions of humanity and decency, and the boundaries of the human mind. While asking the question of what constitutes a "person," Ellis also examines what makes a monster.
