Richard Riemerschmid's Extraordinary Living

Things Freyja Hartzell, 2022-11-01 How Richard Riemerschmid's designs of everyday—but “extraordinary”—objects recalibrate our understanding of modernism. At the beginning of the twentieth century, German artist Richard Riemerschmid (1868–1957) was known as a symbolist painter and, by the advent of World War I, had become an important modern architect. This, however, the first English-language book on Riemerschmid, celebrates his understudied legacy as a designer of everyday objects—furniture, tableware, clothing—that were imbued with an extraordinary sense of vitality and even personality. Freyja Hartzell makes a case for the importance of Riemerschmid's designed objects in the development of modern design—and for the power of everyday things to change the way we live our lives, understand history, and design our future. Hartzell offers for the first time an interpretive history of Riemerschmid's design practice embedded in a fresh examination of modernism told by the objects themselves. Hartzell explores Riemerschmid's early drawings, paintings, and prints; his interiors and housewares, which represent a modernist shift from exclusive image to accessible object; his designs for women's clothing; his immensely popular wooden furniture; his serially produced ceramics and their appeal to German nationalism of the period; and his complex and compelling pattern designs for textiles and wallpapers, the only part of his creative practice that spanned his entire career. Riemerschmid, Hartzell writes, was at his most inventive, playful, and free when designing things for everyday use. His uniquely designed forms allow us to recognize the utilitarian object not just as a tool but as an individual being—a thing with a soul.

The Noctuary: Pandemonium Greg Chapman, 2022-06-11 Together in one volume, THE

NOCTUARY and its sequel THE NOCTUARY: PANDEMONIUM THE NOCTUARY Simon Ryan is Hell's new scribe...the safety of our souls will depend on his every word. With the help of another scribe, old and mutilated, Simon comes to discover that his writing can mould people and places—that he can write things out of existence. To become a scribe he has to pass a test and the Muses offer him a chance to rewrite his horrible past. All Simon has to decide is how the story ends. Desmond seeks the truth. Instead, he discovers the wellspring of madness. In Pandemonium, the sequel to his acclaimed 2011 novella The Noctuary, Greg Chapman drags you deeper into the nightmarish reality of the Dark Muses—creatures forged from the very darkness in our own souls. The words contained within will drive you mad... and damn you to Hell.

Popular Culture in Indonesia Ariel

Heryanto, 2008-06-30 This book examines popular culture in Indonesia, the world's most populous Muslim nation, and the third largest democracy. It provides a full account of the key trends since the collapse of the authoritarian Suharto regime (1998), a time of great change in Indonesian society more generally. It explains how one of the most significant results of the deepening industrialization in Southeast Asia since the 1980s has been the expansion of consumption and new forms of media, and that Indonesia is a prime example of this development. It goes on to show that although the Asian economic crisis in 1997 had immediate and negative impacts on incumbent governments, as well as the socioeconomic life for most people in the region, at the same time popular cultures have been dramatically reinvigorated as never before. It includes analysis of important themes, including political activism and citizenship, gender, class, age and ethnicity. Throughout, it shows how the multilayered and contradictory processes of identity formation in Indonesia are inextricably linked to popular culture. This is one of the first books on Indonesia's media and popular culture in English. It is a significant addition to the literature on Asian popular

culture, and will be of interest to anyone who is interested in new developments in media and popular culture in Indonesia and Asia.

Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was

more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

The Face of Britain Simon Schama, 2016-08-16
Author of a number of celebrated works, including the bestselling *The Story of the Jews* and *Citizens: A Chronicle of the French Revolution*, Simon Schama's latest book fuses history and art to create a tour de force of narrative sweep and illuminating insight. Using images from works--paintings, photographs, lithographs, etchings, sketches--found in London's National Portrait Gallery, *The Face of Britain* weaves together an account of their composition, framed by their particular moment of creation, and in the process unveils a collective portrait of nation and its history. Portraits, Schama writes, have always been made with an eye to posterity. Commissioned to paint Winston Churchill in 1954, Graham Sutherland struggled with how to capture the savior of Great Britain honestly and humanely. Schama calls the portrait, initially damned, the most powerful image of a Great Briton ever executed. Annie Leibovitz's photograph of a nude John Lennon kissing Yoko Ono, taken five hours before his murder, bears a weight of poignancy she could not possibly have anticipated. Hans Holbein's preparatory sketch for a portrait of Henry VIII depicts an unstoppable engine of dynastic generation. Here are expressions from across the centuries of normalcy and heroism, beauty and disfigurement, aristocracy and deprivation, the familiar and the obscure--the faces of courtesans, warriors, workers,

activists, playwrights, the high and mighty as well as pub-crawlers. Linking them is Schama's vibrant exploration of how their connective power emerges from the dynamic between subject and artist, work and viewer, time and place. Schama's compelling analysis and impassioned evocation of these works create an unforgettable verbal mosaic that at once reveals and transforms the images he places before us. Lavishly illustrated and written with the storytelling brio that is Schama's trademark, *The Face of Britain* invites us to look at a nation's visual legacies and find its reflection.

With the recent passing of her Chinese immigrant parents, she's had her fill of uncertainty. She's content just to carry on: She goes to work, troubleshoots the teen-targeted *Gemstone Bible*, watches movies in a Greenpoint basement with her boyfriend. So Candace barely notices when a plague of biblical proportions sweeps New York. Then *Shen Fever* spreads. Families flee. Companies cease operations. The subways screech to a halt. Her bosses enlist her as part of a dwindling skeleton crew with a big end-date payoff. Soon entirely alone, still unfevered, she photographs the eerie, abandoned city as the anonymous blogger NY Ghost. Candace won't be able to make it on her own forever, though. Enter a group of survivors, led by the power-

hungry IT tech Bob. They're traveling to a place called the Facility, where, Bob promises, they will have everything they need to start society anew. But Candace is carrying a secret she knows Bob will exploit. Should she escape from her rescuers? A send-up and takedown of the rituals, routines, and missed opportunities of contemporary life, Ling Ma's *Severance* is a moving family story, a quirky coming-of-adulthood tale, and a hilarious, deadpan satire. Most important, it's a heartfelt tribute to the connections that drive us to do more than survive.
