**Messengers** Stephen Martin, Joseph Marks, 2019-09-19 \_\_\_\_\_ Why can some people effortlessly command the attention of everyone in the room? What makes some individuals seem immediately credible and others appear inherently untrustworthy? And how is it that precisely the same idea can be enthusiastically embraced or roundly rejected depending on who has put it forward? When we talk to others, we assume that they are carefully weighing our words and arguments. But these are far from being the only factors that hold sway. In this groundbreaking new book, bestselling behavioural scientists Stephen Martin and Joseph Marks explore the eight powerful human traits that help determine whether what we have to say gets heard or lands on deaf ears. They show how seemingly irrelevant details about our demeanour influence others' responses. They explain how trust is won, even when it may not be deserved. They show how the most trivial of signals – like the shape of our face, the shoes we wear or the car we drive – can influence how people respond to us. And in a world of uncertainty and fake news they demonstrate how, increasingly, the Messenger is the Message. 'Some books make us better citizens. Others make us better at our jobs. This amazing book does both!' Dan Pink, author of When, Drive and To Sell is Human \_\_\_\_\_ 'A tour de force. Timely and thoroughly researched.' Professor Robert Cialdini, author of Influence and Pre-suasion 'Messengers is engaging, informative and entertaining. It will change the way

you think about who you follow and take advice from. But why would you listen to me? Read their book to find out.' Professor Tali Sharot, author of *The Optimism Bias* and *The Influential Mind* 'A powerful, profoundly illuminating exploration of one of the most important subjects of our time. Martin and Marks have a terrific talent for combining evidence and research with lively and vivid writing. Trust these messengers!' Cass R. Sunstein, Robert Walmsley University Professor, Harvard University, and author of *Conformity* 'Fascinating' *The Economist* 'Zeitgeisty' *Financial Times*, *Business Book of the Month* 'Messengers is a crucial reminder that the messenger is as important as the message. Superficial indicators count.' PR Week

*Signal App* Dr. Timothy Zahar, 2021-01-17 How do you feel? How do you feel when Twitter, Facebook, Snapchat... turn off the US President Donald Trump's account permanently? I understand that some of you are supportive, some are not interested, and the rest (many people) feel outraged and angry. What are they doing with the President of the United States? The man who truly kept his promise Make America great again We resent not only because that is how to behave in the style of imposing, gagging. It is because that act seriously violates the freedom we worship in the West (And that is the reason why social networks exist). But they broke their promise, patted themselves on the face. They have exceeded their own limits. They engage in politics, expressing their likes and dislikes, not in a neutral position. The behavior of social media platforms must comply with the laws and legal frameworks set by the legislators, not the political views of the company executives. Obviously, when these tech giants shake hands together, they will manipulate everything, and we will be manipulated. It was Facebook and Twitter that controlled, navigated, and manipulated the news surrounding the 2020 US presidential election. All the above shares, each of us see existence before our eyes. But what's behind all of the above? Why did those big techs do

that? The answer is... Rights To Private Personal Information On Internet. We are being watched every moment. We have been violated personal privacy when participating in platforms Facebook, Twitter... They have collected the maximum of all the data about us. Sometimes I still tell my friends, Facebook knows you better than you do. So, is there a way for us to escape their influence and manipulation? Yes! We have 2 options. · Or not join any social networking platform. This is difficult today because our work is tied to social connections. · Or we choose a social networking platform that is committed to respecting our privacy. And don't just end up with commitments, they need to give us the tools to proactively establish their own security. And luckily for you and me, there are platforms now that meet these criteria. That is Singal - A security-proven messaging app by tech giants like Elon Musk. Or even the CEO of Twitter (Jack Dorsey) also publicly uses and encourages people to use Signal. What do you learn more from reading this book? 1. I will show you 7 powerful reasons why you should immediately quit WhatsApp, Facebook Messenger, and switch to Signal immediately. And not only that you will also encourage your friends and colleagues to do the same. I commit to this. 2. I will show you how to install Signal and set up the perfect features to help you keep your personal information secure on the Internet. So that we will not be under surveillance, control and navigate. I will write about personal security on the Internet in the simplest, most popular way that a 7-year-old can understand and share with everyone. Now let us get started, the journey of finding real freedom on social media platforms. Dr. Timothy Zahar

**Instant Messenger** Joel Pierson, 2012-01-05 Thirty-two-year-old Tristan Shays isn't a messenger; he's the CEO of an electronics manufacturer who is literally minding his own business. But one fateful day, everything in his life changes. Tristan receives a mysterious warning delivered directly to his mind—and accompanied by unbearable pain. The warning tells him that a good friend will be murdered if Tristan doesn't give him a message. Impossible as it seems, he decides to share the message. As Tristan begins to realize that the warnings are real and he has the power to save people's lives, he is faced with an unenviable choice: continue living the life he knows or give up his career and his free will to be the universe's bearer of bad news. If that weren't bad enough, someone is working very hard to stand in his way—a stranger named Ephraim who knows Tristan's every move and delights in causing chaos. How do you fight an enemy who knows everything about you? A prequel to the award-winning Messenger Trilogy, Instant Messenger tells the story of how Tristan's journey begins.

Whose Messenger Are You Alphonso F. Kelly, 2010-09-28 The Gospel Message and the Law of Moses are two different messages. The Law Of Moses is a message of bondage, and the Gospel is a message of freedom. 'Whose Messenger Are You' attempts to reveal the difference between the two. If your like me, you would like to know more about the Gospel message of Truth and Grace, Understanding and Perception. Don't take the chance of getting it wrong.
