Meter Maids Eat Their Young - A Love Story E. J. Knapp, 2012 Parking meters, the bane of every driver's existence, could prove fatal for Teller, an award-winning investigative journalist. Returning to his home town after a twenty-year absence, Teller investigates the mysterious appearance of the Meter Mangler, a hooded vandal who is trashing parking meters. The Mangler is fast becoming a local hero to the town, a town being crushed beneath the oppressive thumb of the Department of Parking Enforcement. With the death of his best friend, Teller turns his attention to the secretive DPE, a government entity which exacts Draconian measures against anyone unfortunate enough to need a parking space. Commuters are in an uproar, businesses have fled and the downtown shopping area is a ghost town. The people are up in arms. The town is a powder keg. As parking meters spring up everywhere, and uniformed thugs cruise the streets in Cushman carts like hungry wolves seeking prey, Teller struggles with the ghosts of his past and his growing attraction to his blue-haired lodger while staying one step ahead of a growing threat to his life. p { margin-bottom: 0.1in; direction: ltr; color: rgb(0, 0, 0); line-height: 120%; }p.western { font-family: Times New Roman, serif; font-size: 12pt; }p.cjk { font-family: Times New Roman, serif; font-size: 12pt; }p.ctl { font-family: Times New Roman, serif; font-size: 12pt; }a:visited { color: rgb(128, 0, 128); }a.western:visited { }a.cjk:visited { }a.ctl:visited { }a:link { color: rgb(0, 0, 255); }

The Big Book of Car Culture Jim Hinckley, Jon G. Robinson, 2005 With the powerful, rhythmic sounds of Aboriginal English and Kokatha language woven through the narrative, Mazin Grace is the inspirational story of a feisty

girl who refuses to be told who she is, determined to uncover the truth for herself. Growing up on the Mission isn't easy for clever Grace Oldman. When her classmates tease her for not having a father, she doesn't know what to say. Pappa Neddy says her dad is the Lord God in Heaven, but that doesn't help when the Mission kids call her a bastard. As Grace slowly pieces together clues that might lead to answers, she struggles to find a place in a community that rejects her for reasons she doesn't understand. In this novel, author Dylan Coleman fictionalizes her mother's childhood at the Koonibba Lutheran Mission in South Australia in the 1940s and 1950s.

On Display Anna Smith, Lydia Wevers, 2004 A group of New Zealand's leading cultural studies scholars provide their perspectives on the politics of display in this thought-provoking collection of essays. Philip Armstrong, Roger Blackley, Kyla McFarlane, Annie Potts, and Paul Williams, among others, showcase their thinking about cultural activities--looking and showing, viewing and arranging--that are deeply embedded in ideology. From the antique plaster casts held by Auckland Museum to the wild foods on New Zealand's West Coast, the essays pursue a variety of trajectories on how New Zealanders display themselves and what they profess and contest in their collective representations.

Linking Janet H. Randall, 2010 Linking is one of the challenges for theories of the syntax-semantics interface. In this new approach, the author explores the hypothesis that the positions of syntactic arguments are strictly determined by lexical argument geometry. Through careful argumentation and original analysis, her study provides a framework for explaining the linking patterns of a range of verb classes, leading to a number of insights about lexical structure and a radical rethinking of many verb classes.

On the Job Heather Akou, 2024-02-22 Through a variety of archival documents, artefacts, illustrations, and references to primary and secondary literature, *On the Job* explores the changing styles, business practices, and lived experiences of the people who make, sell, and wear service-industry uniforms in the United States. It highlights how the uniform business is distinct from the fashion business, including how manufacturing developed outside of the typical fashion hubs such as New York City; and gives attention to the ways that various types of employers (small business, corporate, government and others) differ in their ambitions and regulations surrounding uniforms. *On the Job* sheds new light on an understudied yet important field of dress and clothing within everyday life, and is an essential addition to any fashion historian's library, appealing to all those interested in material culture, the service industry, heritage and history.
