**Metro Dailies in the Age of Multimedia Journalism** Mary Lou Nemanic, 2020-03-20 The death of the daily newspaper in the internet age has been predicted for decades. While print newspapers are struggling from drops in advertising and circulation, their survival has been based on original reporting. Instead of a death knell, metro dailies are experiencing an identity crisis—a clash between traditional print journalism’s formality and detail and digital journalism’s informality and brevity. In *Metro Dailies in the Age of Multimedia Journalism*, Mary Lou Nemanic provides in-depth case studies of five mid-size city newspapers to show how these publications are adapting to the transition from print-only to multiplatform content delivery—and how newsroom practices are evolving to address this change. She considers the successes when owners allow journalists to manage their newspapers—to ensure production of quality journalism under the protection of newspaper guilds—as well as how layoffs and resource cutbacks have jeopardized quality standards. Arguing for an integrated approach in which print and online reporting are considered complementary and visual journalism is emphasized across platforms, Nemanic suggests that there is a future for the endangered daily metro newspaper.

*Metro Newspaper Journalists in China* Zhaoxi (Josie) Liu, 2016-08-25 This book explores how journalists at local metro papers in a south-western China metropolis give meaning to their work and how these meanings are shaped by the specific social environment within which these journalists operate. These metro papers provide the bulk of daily news to the general public in China, yet are often understudied compared to the country’s party news outlets. Informed by fieldwork in four metro newspapers, the book puts forward a grounded theory for exploring journalists’ occupational culture: the aspiration-frustration-reconciliation framework.

*The Paris Metro 40th Anniversary Issue* Joel Stratte-McClure,Patsi Benter-Krakoff,2016-07-14 The Paris Metro was a fortnightly, English-language magazine in France that published sixty-four issues between June 1976 and December 1978.Although time can diminish or exaggerate the past, there seems to be agreement that there was something special and unique about The Paris Metro - and the creative people associated with it.Published roughly in chronological order, these fifty anecdotes, memoirs, reflections and vignettes written in 2016 by former staff members, freelancers and readers of The Paris Metro provide a glimpse of the magazine's then-magical presence and now-

mythical stature. The compilation provides some insight into the magazine's allure and includes scores of illustrations and extracts plucked from past issues. And photo spreads by two of the best photographers in Paris during the 1970s.

On the Metro: John Nelson, 2011-03-30 Every day we see the mundane, the same old same old. But, if you look closely enough there is a lot going on. A lot of good things. If we stop for a moment, and think, we will see that the world is not so gray and hopeless. It is not routine. It isn't even boring. If we stop and think of the wonders around us, there is something there. Something that got me thinking. I began writing the 420 character (or less) thoughts on Facebook statuses so that I could pass some time as I moved from point A to point B, and perhaps back again. But somewhere along the line, people began to respond to the thoughts. Folks grew passionate about getting up, having coffee, and reading the metro musings. It became something to pass on through Facebook, or email. The purpose was to simply write down some positive thoughts while in the most negative, barren part of my day. It was a way to find beauty in a gray world, seemingly filled with hatred, death, famine and any other horrid things that come to your mind. This book, for the lack of a better term, is just thoughts that you or I could have while riding on a train. It is just something, anything, nothing, which, for the lack of a better term, got me thinking.

**PHYSICAL EVIDENCE** Gary Metro, 2024-02-11 Detective Ida Mae Rollins searches for the identity of a homicide victim who was dismembered and dumped along a road in southeastern

Wisconsin. Her subsequent search for the killer leads the diminutive, spiky-haired blonde investigator on a body strewn trail that stretches from Wisconsin into Iowa and ultimately into southern Illinois, Arkansas and Missouri. Ida, as she prefers to be called, gets a lucky break while grocery shopping during a visit to her mother's farm. She spots a man she had believed to be murdered and follows him across the state line. What follows is a fast-paced discovery of drug dealing involving the man and his partner, a strikingly pretty pathological liar of a woman who detests men and her own mother. But is there anything linking the woman to men who were murdered in Wisconsin, Iowa and Missouri? Ida digs deep for physical evidence even as her own boss, Sheriff Peter Clark, wants action taken against the man who reported what he believed to be mere littering.
