*Michigan State Football* Steve Grinczel,2004-01-06 Michigan State University's football history is overflowing with famous, interesting, and colorful figures. From Gideon Charlie Smith, who in 1913 became one of the nation's first black collegiate players, to George Webster, the Greatest Spartan of All Time, to Morton Andersen, who still holds the Big Ten record for longest field goal-they are all Spartans. Earl Morrall, Bubba Smith, Lorenzo White... the list goes on. Added to this list of tremendous players are legendary coaches like the Biggie Munn and Duffy Dougherty. And who could forget the famous 10-10 tie with Notre Dame in 1966 or the Rose Bowl victory over Southern Cal in 1987? Spartan tradition is more than the coaches and players on the field, however, and Michigan State Football: They Are Spartans offers many rare images and long-forgotten anecdotes about how the program became a player on the national stage. The early days as a farm college team, the development into a football power as an independent, the successful struggle to join the Big Ten conference, and of course, the historic rivalry with a certain team from Ann Arbor are all recounted in the pages of this book.

Dantonio announced in the summer that his 2015 team's motto would be, "reach higher." The Spartans did just that. Behind quarterback Conner Cook and one of the nation's top defenses, Michigan State survived a few early-season scares before statement wins over rivals Michigan and Ohio State set up a Big Ten championship game match-up against Iowa. In Indianapolis, MSU scored on an epic final drive to secure the conference championship and a spot in the College Football Playoff. Reaching Higher is the story of how Coach Dantonio elevated Michigan State into college football's elite, told through images and stories from from The State News, Michigan State's award-winning student newspaper. *Rock N Roll Gold Rush* Maury Dean,2003 This monster Rock-n-Roll survey focuses on the songs and the vibrant personalities who create them, for college audiences and the general public. Dean published the world's first history of Rock in 1966. Here, in his ebullient style, he buzzes through piles of musical singles from the whole last half century, describing what is fun about each major and minor hit, pointing out what elements were exciting or new or significant in the development of musical styles. He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music. This snappy, witty and informative album has universal appeal, doubling as a coffee-table trivia treasure and a college-level popular music history text. It includes hundreds of photos, chapter questions, and an extensive index. Reader-friendly and informationally complete, it covers soft rock, heavy metal, rhythm & blues, country rock and classic oldies, all with tender loving care, for the specialist and casual listener alike. Its mini-portraits of the artists who move so many hearts (and feet), the photos and the insightful sound bites get to the essence of each song and each musician's contribution to the music of our age. The single-song focus makes the book unique. It's a playlist for R'n'R professors and the general public, written with a collegiate vocabulary, tight organization and a respect for all. Hearing Elvis for the first time was like busting out of jail. - Bob Dylan That being said, no one is being incited, here, to bust out of jail or to emulate the quixotic habits of rock stars. There's nothing in here to hide from the kids, the clergy or grandma. Gold Rush can be used as a university or community college text, but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. Gold Rush is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. Gold Rush takes thousands of songs, spanning three centuries, and brings them back

uniquely as if they came out just yesterday. Gold Rush unites the Anglo-American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's Movie Guide helps you select videos at Blockbuster, so Gold Rush is a powerful playlist for your music collection, with many new and fascinating photos of favorite stars. Gold Rush explains the most important stories behind the songs you picked to be played, the songs that 'went gold,' from the 1897 Alaska/Klondike Gold Rush to the #1 songs of today and beyond.

**Arrogance and Scheming in the Big Ten** David Young, 2012-03-01 While investigating how the current Big Ten Conference came to include Michigan State and not other suitors including Pittsburgh and Nebraska, this work traces the sometimes shadowy history of college football. It's a story of intrigue, lying, timing, friendships made and broken along with costly arousing outbursts, all based on extensive and detailed research. David Young is a practicing physician in Holland, Michigan. He grew up in East Lansing. While attending Notre Dame in the mid 1970s, his next door neighbor, Jack Breslin, shared a story with him about the special relationship between Michigan State and the University of Notre Dame. The 1946 Spartan graduate and executive vice president of MSU noted that the Irish administration had played a prominent role in Michigan State College's evolution into a major land-grant research institution. It all had to do with aiding a Spartan application for membership in the Western Conference during the late 1940s. Mr. Breslin also offered comment on the University of Michigan's role in that transition. Unfortunately, while walking back to the Yardboy to finish mowing his lawn, those words were muffled by the idling engine. And if Michigan had its way.... Three decades later, Dr. Young decided to investigate what his alma mater did to assist Michigan State's grand vision as crafted by a far-sighted president. He also wanted to find out what Breslin intended to say about the Wolverine's involvement in the application process. What he discovered, hidden within the stacks of 13 university archives, has now dispelled a popular myth. In its place, the amateur historian reveals the true story--an extensively cited account of John Hannah's quest for membership in the Big Nine and Michigan Law Professor Ralph Aigler's obsession with impeding that relentless pursuit. Intertwined in the complex tale are the fascinating roles played by two commissioners as well as various leaders at Minnesota, Ohio State, Wisconsin, Illinois, Iowa, Northwestern, Purdue, Pittsburgh and the University of Chicago. Though this account focuses on a unique intrastate rivalry, the book remains a must read for anyone interested in the evolution of the modern game of college football. And for alumni/fans of the many schools involved with either aiding or hindering Hannah's quest, the story will explore what now appears to be a very controversial decision in May of 1949 to accept Michigan State College into the Western Conference.

*Big Ten Basketball, 1943-1972* Murry R. Nelson, 2017-02-03 From the time conference play began in 1905, the Big Ten was the Western force in collegiate basketball. Minnesota, Wisconsin and Purdue were the first powers in the league, with a combined 23 titles by 1930. Purdue was dominant in the '30s, with seven titles under Coach Piggy Lambert, including a national title in 1935 led by player of the year John Wooden. The creation of a national tournament in 1939 showed the league's early dominance, as a different Big Ten team went to the Final Four in each of the first three years, with two wins. Over the next 30 years, the league produced some of the top teams in the country, led by Hall of Fame coaches like Branch McCracken, Walter Meanwell, Dutch Lonborg, Harold Olsen and Fred Taylor. Top players emerged from the conference, like Jerry Lucas, Cazzie Russell, John Havlicek, Terry Dischinger, Walt Bellamy, Johnny Green, Lou Hudson, Archie Clark and a host of others. This book provides the first-ever basketball history of the Big Ten.
