*RA-5C Vigilante Units in Combat* Robert R Powell,2012-10-20 Developed from the A-5 nuclear bomber and used in a reconnaissance role, the RA-5C Vigilante was the largest and fastest aeroplane ever to operate from the deck of an aircraft carrier. During the Vietnam War it sustained the highest loss ratio of any American aircraft in that conflict. This volume includes compelling accounts of combat missions over key communist targets, where crews dodged Surface-to-Air Missiles (SAMs) and anti-aircraft fire to secure all-important mission photographs. Written by a Vigilante combat veteran this book is crammed full of action-packed first-hand accounts.

**SYLVANIA, LUCAS COUNTY, OHIO;** Gayleen Gindy,2014-04 Join the author in reliving Sylvania's over 180 years of history from footpaths to expressways and beyond, in volume four of an eight volume set. With 30 years of research she has included every subject imaginable that helped bring Sylvania to where they are today, with excellent schools, over-the-top parks and recreation, rich beautiful homes, commercial and industrial businesses and a quaint historical downtown that looks like it was planned by Norman Rockwell himself. This book is a treasure trove of information for the thousands who have ancestors that once lived and helped Sylvania grow through these years. Located in northwestern Ohio, Sylvania is a suburb of Toledo, Ohio and for many years has been known as the fastest growing suburb in Lucas County. A once rural farm community, between both the city and township they have grown from a combined 2,220 residents in 1910, to 48,487 in 2010. Over a short period of time the land has transformed into beautiful subdivisions of grand houses, so that now their subdivision names are all that remain to remind them of their once dense forests and sprawling farmlands. No longer can Sylvania be called the bedroom community of Toledo, because over the last 50 years they have done a lot more than sleep.
