Skatebook, Volume 4 First Last,Mike Ballard,2015-02-25 The Mike Vallely Volume of SkateBook is the 4th of the in progress SkateBook series by publisher Mike Ballard. Each SkateBook peers into a cross section of current and historical happenings in skateboarding that shape the sport. The Mike Vallely chapter explores one of the most explosives relationships in skateboarding modern history. World Industries was at the top of the competition in the early 90s and the relationship between World Industries and Mike Vallely was atomic. Also chapterd is Colin McKay, Pat Duffy,

Chany Jeanguenin, and Neal Mims with Peter Smolik and Jake Brown sharing a chapter, the Worst of Lowcard and enjoi goes camping at the Berrics. There are 2 separate art chapters, one was done so by the use of paint on paper, the other used new skateboards ridden by some of the most prominent professionals is the business. The results are beautifully sculpted works of art. Oh I almost forgot, a brief history of fucking awesome with Jason dill and Mike Piscitelli. This is SkateBooks senior effort and it has some f bombs in it. Beware.

The Disposable Skateboard Bible Sean Cliver,2024-06-11 The skateboard decks documented in this special collection are immaculately photographed and laid-out for maximum graphic glory. In The Bible, the visuals take center stage, but the fascinating vignettes and recollections provided by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta bring context to the aesthetic mayhem. The board graphics within The Disposable Skateboard Bible are broken down by decade: (beginning in 1960) documenting some of the earliest deck designs; through the 70s and the game-changing

advent of urethane wheels; the 80s with its ups and downs, big decks and mass-market popularity; finally, the graphic chaos of the 90s through the turn of the millennium. This book is a blue chip, must-have reference for any graphics library.

Skateboarding and the City Iain Borden, 2019-02-21

Skateboarding is both a sport and a way of life. Creative, physical, graphic, urban and controversial, it is full of contradictions – a billion-dollar global industry which still retains its vibrant, counter-cultural heart. *Skateboarding and the City* presents the only complete history of the sport, exploring the story of skate culture from the surf-beaches of '60s California to the latest developments in street-skating today. Written by a life-long skater who also happens to be an architectural historian, and packed through with full-colour images – of skaters, boards, moves, graphics, and film-stills – this passionate, readable and rigorously-researched book explores the history of skateboarding and reveals a vivid understanding of how skateboarders, through their actions, experience the city and its architecture in a unique way.

Disposable Sean Cliver, 2014-11 Long time skateboard artist Sean Cliver has put together this staggering survey of over 1000 skateboard graphics from the early 80s to the start of the 00s,

creating an indispensable insiders history as he did so. Alongside his own history, Sean has assembled a wealth of recollections and stories from prominent artists and skateboarders such as Andy Howell, Barry McGee, Ed Templeton, Steve Caballero, and Tony Hawk. The end result is a fascinating historical account of art in the skateboard subculture, as told by those directly involved with shaping its legendary creative face. Now, 10 years after its first printing, the graphics and stories within are as provocative as they day they were first conceived.

Get In The Van Henry Rollins, 2004

The Mutt Rodney Mullen, Sean Mortimer, 2004-07-20 At age six, Rodney Mullen was the family misfit who had to wear braces to straighten out his pigeon-toed feet. But by age fourteen, he was a

world-champion skateboarder -- and for the next decade lost only one contest. Now, for the first time, Rodney tells the incredible story of his ascent to fame as the number one nerd in a sport where anarchy is often encouraged. Rodney learned to skate by himself on the family farm, his only company the wandering cows. As a teenager he traveled the world for demonstrations, invented the flatground ollie -- a trick that laid the foundation for modern street skating -- and in ten years garnered thirty-five world skating titles. While acing skateboard contests Rodney also earned straight A's in school, but his father forced him to abandon his fame and the fortune he could make from the sport he loved. Rodney was unable to stop for very long though, even after freestyle skating went out of fashion and the skateboarding world abandoned him. He adapted to street skating and eventually became one of the most innovative and influential skaters of all time. It's all here: everything from his eating and sleeping disorders to his comical experiences with loan sharks, occult-obsessed relatives, and the FBI. The Mutt is a look at Rodney's strange journey from penniless skateboarder to millionaire.

Back in the Day William Sharp,Ozzie Ausband,2020-03 Now in a more compact format, **Back in the Day** is a timeless and

nostalgic collection of photographs documenting the skateboarding scene in the 1970s. William Sharp began taking surfing photographs in southern California in the early seventies and was quickly drawn into the nascent skateboard scene, shooting friends emulating surfing moves on pavement. By 1975 he was brought in as a staff photographer for the magazine Skateboard World. During the next five years he documented the meteoric rise of the movement, capturing thousands of photographs along the way. Back in the Day features hundreds of Sharp's astounding photos from this era. The work is priceless, not only for its documentary value, but for the beautiful and poetic images captured and later developed by Sharp himself (many in black and white). Pipes in Arizona, aqueducts in California, pools all over the place, the locales and images must be seen to be believed. Ozzie Ausband signed on as an editor of the project, collecting present day quotes and assisting with the paring down of Sharp's massive photo archive. Sharp's epic photos are populated by the vanguard of the scene such as Tony Alva, Jay Adams, Jerry Valdez, Steve Caballero, and Jay Smith, among many others. This is a must have for fans and collectors of the original large format released in 2017.
