The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause

of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

**The Education of Millionaires** Michael Ellsberg, 2011-09-29 The myth: If you get into a good college, study hard, and graduate with excellent grades, you will be pretty much set for a successful career. The reality: The biggest thing you won't learn in college is how to succeed professionally. Some of the smartest, most successful people in the country didn't finish college. None of them learned their most critical skills at an institution of higher education. And like them, most of what you'll need to learn to be successful you'll have to learn on your own, outside of school. Michael Ellsberg set out to fill in the gaps by interviewing a wide range of millionaires and billionaires who don't have college degrees, including fashion magnate Russell Simmons, Facebook co-founder Dustin Moskovitz and founding president Sean Parker, WordPress creator Matt Mullenweg, and Pink Floyd songwriter and lead guitarist David Gilmour. Among the fascinating things he learned: How fashion designer Marc Ecko started earning \$1000 a week in high school with his own clothing business, and later grew it into an empire. How billionaire Phillip Ruffin went from lowly department store employee with no college degree, to owner of Treasure Island on the Vegas Strip. How John Paul DeJoria went from homelessness to billionaire as founder of John Paul Mitchell Systems Hair Care Products. This book is your guide to developing practical success skills in the real world. Even if you've already gone through college, the most important skills weren't in the curriculum-how to find great mentors, build a world-class network, learn real-world marketing and sales, make your work meaningful (and your meaning work), build the brand of you, master the art of bootstrapping, and more. Learning the skills in this book well is a necessary addition to any education. This book shows you the way, whether you're a high school dropout or a graduate of Harvard Law School.

She doesn't know it yet, but Dahlia is about to be owned. Dahlia The bossy billionaire wants to make me pay. The first time I laid eyes on Jackson Knight, the bossy billionaire next door, he gave me an intense, panty-dropping stare with those mesmerizing, sky-blue, brooding eyes. The second time, I trespassed onto his penthouse balcony to retrieve a wayward, high-strung Shih Tzu I was pet-sitting for his neighbor. Jackson warned me never to do that again, or next time he'd punish me and make me pay. Well, dogs will be dogs. It happened again. And I found out he wasn't lying about punishing me.
