The Cold Millions Jess Walter, 2020-10-27 "One of the most captivating novels of the year." – Washington Post NATIONAL BESTSELLER A Best Book of the Year: Bloomberg | Boston Globe | Chicago Public Library | Chicago Tribune | Esquire | Kirkus | New York Public Library | New York Times Book Review (Historical Fiction) | NPR's Fresh Air | O Magazine | Washington Post | Publishers Weekly | Seattle Times | USA Today A Library Reads Pick | An Indie Next Pick From the #1 New York Times bestselling author of *Beautiful Ruins* comes another "literary miracle" (NPR)—a propulsive, richly entertaining novel about two brothers swept up in the turbulent class warfare of the early twentieth century. An intimate story of brotherhood, love, sacrifice, and betrayal set against the panoramic backdrop of an early twentieth-

century America that eerily echoes our own time, *The Cold Millions* offers a kaleidoscopic portrait of a nation grappling with the chasm between rich and poor, between harsh realities and simple dreams. The Dolans live by their wits, jumping freight trains and lining up for day work at crooked job agencies. While sixteen-year-old Rye yearns for a steady job and a home, his older brother, Gig, dreams of a better world, fighting alongside other union men for fair pay and decent treatment. Enter Ursula the Great, a vaudeville singer who performs with a live cougar and introduces the brothers to a far more dangerous creature: a mining magnate determined to keep his wealth and his hold on Ursula. Dubious of Gig's idealism, Rye finds himself drawn to a fearless nineteen-year-old activist and feminist named Elizabeth Gurley Flynn. But a storm is coming, threatening to overwhelm them all, and Rye will be forced to decide where he stands. Is it enough to win the occasional battle, even if you cannot win the war? Featuring an unforgettable cast of cops and tramps, suffragists and socialists, madams and murderers, *The Cold Millions* is a tour de force from a "writer who has planted himself firmly in the first rank of American authors" (Boston Globe).

Mad by the Millions Harry Yi-Jui Wu, 2021-04-13 The World Health Organization's post-World War II work on the epidemiology and classification of mental disorders and its vision of a world psyche. In 1946, the World Health Organization undertook a project in social psychiatry that aimed to discover the epidemiology and classification of mental disorders. In *Mad by the Millions*, Harry Y-Jui Wu examines the WHO's ambitious project, arguing that it was shaped by the postwar faith in technology and expertise and the universalizing vision of a world psyche. Wu shows that the WHO's idealized scientific internationalism

laid the foundations of today's highly highly metricalized global mental health system.

Millions Pepper Winters,2017-11-28 “Love had been given and taken and now...it had been stolen. No one steals from a thief—especially from me—and I will defend what’s mine until my dying breath. It’s not a question of what I’m willing to sacrifice but who to deserve her...” Once upon a time, I stupidly believed if I could make Elder fall for me, everything would be perfect. Now, I’m missing, and he’s hunting, and everything is far from our happily ever after. He gave me his heart, and I gave him my promise, but true love isn’t sacred to others. War is coming, disaster is brewing, and I’m not going down without a fight. Elder is mine. I am his. And no one can keep us apart. The fifth and final book in the USA Today Bestselling Romance

12 Months to \$1 Million Ryan Daniel Moran,2020-05-05 This is the road map to a seven-figure business . . . in one year or less The word entrepreneur is today's favorite buzzword, and any aspiring business

owner has likely encountered an overwhelming number of so-called easy paths to success. The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million:

- The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months.
- The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business.
- The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day.

Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in

a position to call your own shots for life.
