Washington Information Directory 2019-2020 CQ
Press,2019-07-03 The Washington Information
Directory is the essential one-stop source for
information on U.S. governmental and
nongovernmental agencies and organizations. This
thoroughly researched guide provides capsule
descriptions that help users quickly and easily
find the right person at the right organization.
The Washington Information Directory offers three
easy ways to find information: by name, by
organization, and through detailed subject
indexes. Although it is a directory, the volume is
topically organized, and within the taxonomic
structure the relevant organizations are listed
not only with contact information but with a brief
paragraph describing what the organization
(whether government or nongovernmental) does
related to that topic. It is focused on
Washington—in order to be listed, an organization
must have an office in the Washington metropolitan
area. These descriptions are not boilerplate
advertising material from the organizations;
rather, they are hand-crafted by a talented
freelance research team. In addition, the
Washington Information Directory pulls together 55
organization charts for federal agencies,

congressional resources related to each chapter topic, hotline and contact information for various specific areas of interest (from Food Safety Resources to internships in Washington), and an extensive list of active congressional caucuses and contact details. It has two appendices, one with thorough information on congresspersons and committees, and the second with governors and embassies. With more than 10,000 listing and coverage of the new presidential administration, the 2019–2020 Edition features contact information for the following: • 116th Congress and federal agencies • Nongovernmental organizations • Policy groups, foundations, and institutions • Governors and other state officials • U.S. ambassadors and foreign diplomats • Congressional caucuses
