Procesos industriales para materiales metálicos Julián Rodríguez Montes, Lucas Castro Martínez, Juan Carlos del Real Romero, 2006-01-01

Procesos industriales para materiales metálicos Julian Rodríguez Montes, Lucas Castro Martínez, Juan Carlos del Real Romero, 2012-12-18 El objeto de este libro es proporcionar un texto visual sencillo, para introducir al alumno en los procesos de fabricación industriales, base fundamental para los futuros diseñadores y complemento para su formación artística. En general, los diseñadores piensan que no es su responsabilidad la selección de los materiales o la especificación de sus procesos de manufactura, pero por el contrario son muy determinantes, de hecho se podría llegar más lejos afirmando: "Cada material, su proceso". La forma del producto es el resultado de cómo fue fabricado y debería responder a como fue diseñado, para lo cual, la persona encargada de su fabricación debe conocer todos los procesos posibles, para elegir el más adecuado desde el punto de vista económico.

Colonial Slavery Jacob Gorender, 2022-02-28 Jacob Gorender's (1923–2013) 1978 book, *Colonial Slavery* (0 *Escravismo Colonial*), comes alive for English language readers thanks to Bernd Reiter and Alejandro Reyes's brilliant translation. Gorender argued that slave-holding societies produced an economic system sui generis, not fitting into any of the established societal categories offered by Karl Marx and Max Weber. As such, Gorender proposed a theory of colonial slavery as the structuring force of slave-holding societies. For him, slave-holding societies are different from other societies in that slavery structured them differently. This is of the utmost relevance to this day as it allows for a new and different way to explain contemporary racial inequalities in post-slavery societies. An accomplished interpreter of Brazilian social formation, Gorender was motivated by the need to understand the historical roots of class domination and the emergence of Brazilian capitalist society. His presentation of rich historical data, rigorous theoretical and analytical framework, and militant action as an active member of the Brazilian Communist Party are the hallmarks of his writing. *Colonial Slavery: An Abridged Translation* is a must-read for researchers, teachers, and students of history, sociology, economics, politics, as well as activists of the Black movement and other movements committed to anti-racism.
