*The Mind Readers* Margery Allingham,2023-04-28 A mysterious invention causes mayhem in a coastal English village—from “my very favourite of the four Queens of Crime” (J. K. Rowling). The ancient hamlet of Saltey, once the haunt of smugglers, now hides a secret rich and mysterious enough to trap all who enter . . . and someone in town is willing to terrorize, murder, and raise the very devil to keep that secret to themselves. When a transistor thought to be the key to telepathic communication is found, Albert Campion is called to sort fact from fiction. But the device at the center of the mystery is in the possession of two schoolboys, and whether they stole it or invented it, there are others who will kill to get hold of it. “Allingham has a strong, well controlled sense of humour, a power of suggesting character with a few touches and an excellent English style. She has a sense of the fantastic, and is never dull” —Times

Amid the drama, Emmie attempts to support her best friend, Julia, who is still struggling to overcome her feelings for Blake. Will she ever be able to move on or not? The Mind Reader Jan Slepian,1997 In 1930, while their families are performing in a traveling vaudeville show in San Francisco, ten-year-old Annie helps her best friend Connie when he decides to run away rather than use his mindreading abilities any longer.

**I'm Not a Mind Reader** Marty Babits,2015-05-12 Chocolates are fine and flowers rarely disappoint, but for relationships on the rocks, nothing says, 'I love you' like the promise of renewal. In I'm Not a Mind Reader, Babits reveals that too often, even the smartest people have difficulty communicating, and we've learned over the years that love isn't enough to repair the normal wear and tear that occurs in relationships. So, what can couples do when even love itself fails? Babits lays out a totally unique blueprint for renewal in The I'm Not a Mind Reader, explaining that every message from one partner to another can be considered in terms of three separate dimensions: The surface level—this is the literal meaning of what partners say to one another The emotional subtext of the message—its emotional undertone The third dimension—evaluating the first two and comparing them with the goal of creating emotional safety within the dialogue Armed with this formula, whatever needs to be better understood, resolved, expanded or modified in the relationship can be addressed and communication brings coherence and connection. The person who practices three-dimensional communication lives in full and vibrant color compared with seeing everything in black and white. This new method is vivid and textured; it promotes the capacity to negotiate differences, to clarify misunderstandings, to heal confusions, and to reinvigorate passion and trust.

**Mindreader** David J. Lieberman, PhD,2022-08-16 Tired of guessing what they're really thinking? Read people in every situation—in person, on a screen, or in writing—using the new science of psycholinguistics, from a New York Times bestselling author and consultant to the FBI, CIA, and NSA. “A treasure trove of concepts, ideas, and tools that we can all master to be safer and happier. It's a must-read!”—Joe Navarro, author of *Dangerous Personalities* What did your boss mean in that email? Is your mechanic stretching the truth? Whether you're engaged in a casual conversation or a high-stakes negotiation, it's critical to understand the subtext of a situation. But with so much interaction happening on screens—via email, texts, or video chat—we are losing the ability to interpret expressions and cues. Furthermore, since many are now savvy about the meaning of body language, it's become even harder to discern someone's true thoughts or intentions. A leading lie-detection expert who instructs the FBI and other security agencies, noted psychotherapist David Lieberman, PhD, takes “people reading” to a whole new level. Drawing on the latest research in psycholinguistics—the cues embedded in spoken and written speech—he shows you how to apply his cutting-edge methods to countless everyday situations, including: • Detecting the messaging behind passive language, personal or impersonal descriptions, and level of detail. • Determining whether someone's account of any incident is the truth or a work of fiction. • Finding out whether a potential hire, dating app match, or new babysitter is trustworthy or hiding something. Nobody wants to be played a fool. Mindreader will help us identify

who can be trusted, and who may be out to get us.

**The mind reader** Ricardo Soto García,2022-06-23 Esta pequeña novela describe un mundo no muy lejano en el que podremos controlar todos los dispositivos electrónicos con la mente a través de diademas sensoriales. Un mundo en el que a partir de esta tecnología se descubre que también es posible que alguien acceda a tus pensamientos con un mind reader o lector de mentes, e incluso inducirte pensamientos que no son tuyos para que los tomes como propios. La única forma de luchar contra esta posibilidad es llevar cascos anti- mind readers para mantener tus pensamientos privados. A partir de los mimbres de esta sociedad, surge una historia donde Ray, su protagonista, se ve envuelto en una trama en la que los conflictos morales suponen una lucha interna entre lo correcto y lo incorrecto que le llevará a un punto de no retorno donde el mundo decidirá su destino.
