*A Course in Meditation* Osho,2019-09-03 A 21-day course for

modern meditators It can be difficult for the hyperactive 21st century mind to relax into an experience of silence and awareness. Recognizing this, the revered mystic Osho developed new meditation techniques to address the challenges of the modern mind. A Course in Meditation demonstrates these techniques in an easy-to-navigate format. Each day, learn a new aspect of meditative living followed by a simple, practical meditation and awareness practice. After each experience, reflect on the accompanying quote of the day, or use the provided space to take notes. Throughout the course, Osho imparts his unique insights on love, anger, relaxation, and more to guide you toward a space of inner acceptance, joy and mindfulness. A Course in Meditation shows how we can reclaim the meditative nature that we each come in to the world with, but lose over time as we are initiated into the ways of society. From beginners eager to find stillness to more experienced meditators who wish to elevate their practice, Osho's guide to meditation can teach everyone to separate themselves from their minds for a transformation of consciousness that brings a new understanding of what it means to be alert and responsive to whatever life brings. "Without meditation you do not know the secrets of life, you know only the surface of life." -OSHO

Osho, known for his revolutionary contribution to the science of inner transformation, continues to inspire millions of people worldwide in their search to define a new approach to individual spirituality that is self-directed and responsive to the everyday challenges of contemporary life. Osho was described by UK's Sunday Times as one of the 1000 Makers of the 20th Century. His internationally bestselling works are available in 60 languages around the world.

**Obama's BlackBerry** Kasper Hauser, 2009-06-30 When Obama stated that if elected, he would keep his Blackberry, debate echoed through Washington and among the ranks of the Secret Service. What would it be like to have a president who could Twitter, send text messages, and navigate the web with ease? What would it be like to receive a text message from inside the Oval Office and, most importantly, what would it say? Now, for the first time, We The People are privy to our new leader's epistolary back-and-forths on his wily hand-held device. We're about to discover that his

emails (and the replies, from his wife and daughters, Biden, Palen, Rush, Hannity, the new first puppy, and even Bush) are so tuned in to the language of electronic correspondence they come hilariously close to the brink of legibility. This giftable, imagined glimpse into Obama's beloved Blackberry traverses the mundane and momentous contours of the Commander in Chief's life, from security briefings to spam, basketball practice to domestic bliss, and the panic of oops-I-hit-reply-all, to, of course, the trauma of dealing with the First Mother In Law. To wit: BidenMyTime: Hey U, whatcha doin? BARACKO: M rly busy BidenMyTime: Right :( Can I lv at 4:45?

The Red Convertible Louise Erdrich, 2021-11-16 “Culled from 30 years as one of America’s most distinctive fictional voices . . . 36 affecting and inventive stories that dance around the Faulknerian world she’s created. . . . Within these stories there exist Erdrich’s poetic sentences and humane sensibility—and always another surprise on the next page.” — Boston Globe A collection of breathtaking power and originality by one of the most innovative and exciting writers of our day In Louise Erdrich's fictional world, the mystical can emerge from the everyday, the comic can turn suddenly tragic, and violence and splendor inhabit a

single emotional landscape. The fantastic twists and leaps of her imagination are made all the more meaningful by the deeper truth of human feeling that underlies them. These thirty-six short works selected by the author herself—including five previously unpublished stories—are ordered chronologically as well as by theme and voice, each tale spellbinding in its boldness and beauty. *The Red Convertible* is a stunning literary achievement, the collected brilliance of a fearless and inventive writer.
