The Alchemy of Stones Robert Simmons, 2020-10-13 • 2021 Coalition of Visionary Resources Gold Award • Reveals that those who love and work with crystals and stones have been intuitively following the path of spiritual alchemy • Provides meditative practices with specific stones to go with each stage of the alchemical transformation process as well as other tools and techniques • Includes an illustrated dictionary summarizing the spiritual qualities of more than 375 different minerals, crystals, and gemstones The Alchemy of Stones presents an inspired breakthrough in Robert Simmons' thirty-five year career of exploring and revealing the spiritual qualities and potentials of minerals, crystals, and gemstones. This holistic, Earth-based framework for understanding stones and their energies initiates readers into an alchemical worldview that leads to spiritual healing, transformation, and transcendence. Engaging readers step by step, Simmons provides guidance on discovering and harnessing the three human powers of intention, attention,

and imagination, each a crucial component for meeting and working in harmony with the energies of the Stone Beings. Simmons also introduces us to the Divine Feminine intelligence known as Sophia, or Wisdom. The Stone Beings are her emissaries, and through relating and co-creating with them, the healing and redemption of ourselves and the Earth becomes a reality. Offering an illustrated dictionary of the spiritual qualities of more than 375 different minerals, crystals, and gemstones, Simmons also explores in depth what he calls the Four Cornerstones of the Alchemy of Stones: Moldavite, Phenacite, Azeztulite, and Rosophia. He discusses the stages of alchemical transformation and provides meditative practices with specific stones to go with each stage. He also explores how to work with stone mandalas, crystal body layouts, gemstone elixirs, and Orgonite energy devices and details powerful techniques for working with stones. Woven throughout are Simmons' personal stories of the pivotal mystical experiences that triggered his capacity to feel stone energies and led him to develop his relationship with the stones, revealing how this work can open minds and awaken hearts. Lavishly illustrated, The Alchemy of Stones is an invitation to a journey of enlightenment, transformation, and spiritual metamorphosis aligned with the path of our living, conscious Earth.
