The Miniature Book of Miniature Golf Mike Vago, 2009-01-01 The perfect golfing gift: A book that is a complete, working 9-hole miniature golf course, with miniature golf balls and putter included. The first book you can play through. The book that's a true original. Featuring nine themed courses, from pirates to dinosaurs to the classic windmill, The Miniature Book of Miniature Golf celebrates the silliness and the golf-for-everyone! attitude of Putt-Putt. Each page in the book is a cleverly designed hole, modeled on real mini golf courses. Tap the ball through the grooves and make sure to avoid the obstacles. Then see if you can get it in the clown's mouth on the last hole. Every hole is par fun.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

Space and Place in Children's Literature, 1789 to the Present Maria Sachiko Cecire, Hannah Field, Malini Roy, 2016-03-09 Focusing on questions of space and locale in children's literature, this collection explores how metaphorical and physical space can create landscapes of power, knowledge, and identity in texts from the early nineteenth century to the present. The collection is comprised of four sections that take up the space between children and adults, the representation of 'real world' places, fantasy travel and locales, and the physical space of the children's book-as-object. In their essays, the contributors analyze works from a range of sources and traditions by authors such as Sylvia Plath, Maria Edgeworth, Gloria Anzaldúa, Jenny Robson, C.S. Lewis, Elizabeth Knox, and Claude Ponti. While maintaining a focus on how location and spatiality aid in defining the child's relationship to the world, the essays also address themes of borders, displacement, diaspora, exile, fantasy, gender, history, home-leaving and homecoming, hybridity, mapping, and metatextuality. With an epilogue by Philip Pullman in which he discusses his own relationship to image and locale, this collection is also a valuable resource for understanding the work of this celebrated author of children's literature.
