The Beat, the Scene, the Sound DJ Disciple, Henry Kronk, 2023 This book follows DJ Disciple and his behind-the-scenes story of how DJs, promoters, fans, and others transformed house music from a DIY project into an international sensation. Interweaving interviews, the book dives into glitzy clubs, underground parties, and diverse communities who made up the scene amidst the tumult of 1980s/90s-era NYC.

DJ Culture in the Mix Bernardo Attias, Anna Gavanias, Hillegonda Rietveld, 2013-10-24 The DJ stands at a juncture of technology, performance and culture in the increasingly uncertain climate of the popular music industry, functioning both as pioneer of musical taste and gatekeeper of the music industry. Together with promoters, producers, video jockeys (VJs) and other professionals in dance music scenes, DJs have pushed forward music techniques and technological developments in last few decades, from mashups and remixes to digital systems for emulating vinyl performance modes. This book is the outcome of international collaboration among academics in the study of electronic dance music. Mixing established and upcoming researchers from the US, Canada, the UK, Germany, Austria, Sweden, Australia and Brazil, the collection offers critical insights into DJ activities in a range of global dance music contexts. In particular, chapters address digitization and performativity, as well as issues surrounding the gender dynamics and political economies of DJ cultures and practices.

Beyond Heaven: Chicago House Party Flyers from 1983-1989, 2018-09-15 Beyond Heaven: Chicago House Party Flyers from 1983-1989 catalogs a collection of flyers and other house music related ephemera from the years 1983 to 1989, courtesy of Mario Liv It Up Luna, a DJ living in the Pilsen neighborhood of Chicago during this time. These flyers, also called pluggers, were used for promotional purposes. They would be placed in record stores and passed out at schools and on the street to help get the word out about upcoming house music events. Although by no means encyclopedic, this collection documents a variety of figures from Chicago's emerging house scene: first generation kings of house alongside the WBMX Hot Mix 5 and other lesser-known DJs at a variety of venues. Also included in the mix are promoters, record stores, labels, and an assortment of party crews and dance groups who contributed to the growth and atmosphere of house music in Chicago. This book offers a taste of what many consider to be the best times of their lives, and for others acts as a gateway to one of greatest eras in the history of Chicago music.

Global Nomads Anthony D'Andrea, 2007-01-24 Global Nomads provides a unique introduction to the globalization of countercultures, a topic largely unknown in and outside academia. Anthony D'Andrea examines the social life of mobile expatriates who live within a global circuit of countercultural practice in paradoxical paradises. Based on nomadic fieldwork across Spain and India, the study analyzes how and why these post-metropolitan subjects reject the homeland in order to shape an alternative lifestyle. They become artists, therapists, exotic traders and bohemian workers seeking to integrate labor, mobility and spirituality within a cosmopolitan culture of expressive individualism. These countercultural formations, however, unfold under neo-liberal regimes that appropriate utopian spaces, practices and imaginaries as commodities for tourism, entertainment and media consumption. In order to understand the paradoxical globalization of countercultures, Global Nomads develops a dialogue between global and critical studies by introducing the concept of 'neo-nomadism' which seeks to overcome some of the shortcomings in studies of globalization. This book is an essential aide for undergraduate, postgraduate and research students of Sociology, Anthropology of Globalization, Cultural Studies and Tourism Studies.
