Jesse Ventura's Marijuana Manifesto Jesse

Ventura,2016-09-06 New York Times Bestselling Author! In this groundbreaking book - for the first time in paperback and fully-updated with all the latest legal information - outspoken freethinker Jesse Ventura lays out his philosophy. Now more than ever before, our country needs full legalization of medical/recreational marijuana and hemp. Seemingly with every day that goes by we find out more positive things about marijuana, a medicinal plant in abundant supply, yet legalization finds stronger resistance from government agencies and big business. Find out why the US government patented CBD and what Big Pharma companies have exclusive rights to create marijuana medication and why the DEA can't be trusted. Jesse Ventura's Marijuana Manifesto calls for an end to the War on Drugs. Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier. Ventura's book will show us all how we can take our country back. "More celebs than ever are jumping on the 'Legalize' bandwagon. Why? Because it's safe now. It won't impact your career anymore. But Jesse Ventura has been a solid proponent of legal cannabis for decades. In Jesse Ventura's Marijuana Manifesto, he lays out the good sense of legalization, as well as the sheer insanity of prohibition. As a proud American, he pulls no punches calling out the political elite. - Dan Skye, High Times editor-in-chief "Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs, and on the contradictions and corruptions of the Drug Enforcement Administration, a particular bugbear of his." - Michael Lindgren, The Washington Post

Memoirs of an Addicted Brain Marc Lewis, 2011-10-04 A gripping, ultimately triumphant memoir that's also the most comprehensive and comprehensible study of the neuroscience of addiction written for the general public. FROM THE INTRODUCTION: We are prone to a cycle of craving what we don't have, finding it, using it up or losing it, and then craving it all the more. This cycle is at the root of all addictions, addictions to drugs, sex, love, cigarettes, soap operas, wealth, and wisdom itself. But why should this be so? Why are we desperate for what we don't have, or can't have, often at great cost to what we do have, thereby risking our peace and contentment, our safety, and even our lives? The answer, says Dr. Marc Lewis, lies in the structure and function of the human brain. Marc Lewis is a distinguished neuroscientist. And, for many years, he was a drug addict himself, dependent on a series of dangerous substances, from LSD to heroin. His narrative moves back and forth between the often dark, compellingly recounted story of his relationship with drugs and a revelatory analysis of what was going on in his brain. He shows how drugs speak to the brain - which is designed to seek rewards and soothe pain - in its own language. He shows in detail the neural mechanics of a variety of powerful drugs and of the onset of addiction, itself a distortion of normal perception. Dr. Lewis freed himself from addiction and ended up studying it. At the age of 30 he traded in his pharmaceutical supplies for the life of a graduate student, eventually becoming a professor of developmental psychology, and then of neuroscience - his field for the last 12 years. This is the story of his journey, seen from the inside out.

Feel Alive Ralph Smart, 2013-11 Feel Alive by Ralph Smart explores the infinite potential in human beings, and discovers how we can awaken our infinite power. We talk on relationships, mind control, organic food and becoming the greatest version of yourself. To feel alive is to be free, being free is our birthright.
