**The Ministry of Administrative Assistants** Sue Thompson, 2010-09-01 This ministry guide has been written to provide information about how to provide support ministry to the people with whom you work. This guide is also for people who work in many different ministry settings, a church or denominational administrative office, a small or medium size church, a parachurch or missions focused organization, and large churches. It will assist them with how they look at their ministry, and the level of support that is needed for their particular setting. A call to ministry is an important thing to understand for an administrative assistant; your heart and the way you deal with people and tasks are different if you understand your position as a call to ministry rather than a job for a paycheck. If you understand that you represent not just your pastor and your church, but Christ to every person who calls, stops by, e-mails, etc., you approach your tasks and people differently. Working as the assistant to a pastor, or any person in ministry, you have to approach your tasks with an understanding of who you are serving, and you are serving Christ and his people. The position of Administrative Assistant is a vital part of the over-all ministry of your church and the congregation. You are the gate-keeper, bridge-builder, keeper of the "information", soother of wounded feelings, and the deliverer of unwanted news. You are the person who has your finger on the pulse of your congregation and your community. You are the person people will come to for answers. You will handle thousands of details related to dozens of different projects and commitments for your pastor. You will help make your pastor's ministry seamless. While all of these descriptions may make your head spin, this is a part of the ministry of being an assistant. You can look at each day as a challenge or an adventure. If you understand your job as a ministry and understand your call to this ministry you are ready for a great adventure. Begin each day with a prayer for wisdom and strength, surrender your mind and will to God, and prepare yourself to work with the heart of a servant. As Christ walks alongside you in your daily life, you will learn to walk along side your pastor and to be a partner in their ministry.

**The Church Administrative Assistant's Handbook** Rose Graham, 2007-11-15 The church administrative assistant is a key part of effective ministry. Greeting weekday visitors, taking phone messages, managing paperwork, and keeping the pastor and staff organized are just a few of the daily tasks of an assistant's role. This myriad of duties and responsibilities, which are often unique to each individual church, makes training new assistants an often difficult and daunting task for pastors and staff. The Church Administrative Assistant's Handbook is a valuable training tool to help church administrators and assistants work together to achieve efficiency and maximize their church's ministry. It includes a variety of useful forms and information for the pastor and assistant to use together as they set up their requirements and expectations for a successful team. Resources include: Design expectations and qualifications to use when selecting an executive assistant Questionnaires to help determine work style, personality, and spiritual gifts Practical tips, guidelines, and tools for accomplishing daily tasks A CD with reproducible files of policies, templates, forms, checklists, and procedures, which can be adapted to fit a person's various need

*Confucian Reform in Chosŏn Korea* Woosung Bae,2022-11-30 Pan'gye surok (or Pan'gye's Random Jottings) was written by the Korean scholar and social critic Yu Hyŏngwŏn(1622-1673), who proposed to reform the Joseon dynasty and realise an ideal Confucian society. It was recognised as a leading work of political science by Yu's contemporaries and continues to be a key text in understanding the intellectual culture of the late Joseon period. Yu describes the problems of the political and social realities of 17th Century Korea, reporting on his attempts to solve these problems using a Confucian philosophical approach. In doing so, he establishes most of the key terminology relating to politics and society in Korea in the late Joseon. His writings were used as a model for reforms within Korea over the following centuries, inspiring social pioneers like Yi Ik and Chŏng Yakyong. Pan'gye surok demonstrates how Confucian thought spread outside China and how it was modified to fit the situation on the Korean peninsula. Providing both the first English translation of the full Pan'gyesurok text as well as glossaries, notes and research papers on the importance of the text, this four volume set is an essential resource for international scholars of Korean and East Asian history.

Biblical Theology in the Life of the Church (Foreword by Thomas R. Schreiner) Michael Lawrence, 2010-04-01 Capitol Hill Baptist Church  
 associate pastor Michael Lawrence contributes to the IXMarks series as he centers on the practical importance of biblical theology to ministry. He begins with an examination of a pastor's tools of the trade: exegesis and biblical and systematic theology. The book distinguishes between the power of narrative in biblical theology and the power of application in systematic theology, but also emphasizes the importance of their collaboration in ministry. Having laid the foundation for pastoral ministry, Lawrence uses the three tools to build a biblical theology, telling the entire story of the Bible from five different angles. He puts biblical theology to work in four areas: counseling, missions, caring for the poor, and church/state relations. Rich in application and practical insight, this book will equip pastors and church leaders to think, preach, and do ministry through the framework of biblical theology.

**Women in Top Jobs** Michael P. Fogarty, A.J. Allen, Isobel Allen, Patricia Walters, 2016-12-19 How far is there a 'feminine' style of managerial and professional work? Have employers taken account of the different timetable governing the life of a woman as compared to that of a man, and the implications of this if women are to have the training, promotion and job security needed to reach the top? This book, first published in 1971, considers women as company directors; examines the position of women managers in two large firms; analyses how they fare in senior posts in the BBC and in the Civil Service. The four studies together contain a mass of information on women's education and the reasons why they reach the top - or fail to get there.
