Desegregating Dixie Mark Newman,2018-09-17 Mark Newman draws on a vast range of archives and many interviews to uncover for the first time the complex response of African American and white Catholics across the South to desegregation. In the late nineteenth and first half of the twentieth century, the southern Catholic Church contributed to segregation by confining African Americans to the back of white churches and to black-only schools and churches. However, in the twentieth century, papal adoption and dissemination of the doctrine of the Mystical Body of Christ, pressure from some black and white Catholics, and secular change brought by the civil rights movement increasingly led the Church to address racial discrimination both inside and outside its walls. Far from monolithic, white Catholics in the South split between a moderate segregationist majority and minorities of hard-line segregationists and progressive racial egalitarians. While some bishops felt no discomfort with segregation, prelates appointed from the late 1940s onward tended to be more supportive of religious and secular change. Some bishops in the peripheral South began desegregation before or in anticipation of secular change while elsewhere, especially in the Deep South, they often tied changes in the Catholic churches to secular desegregation. African American Catholics were diverse and more active in the civil rights movement than has often been assumed. While some black Catholics challenged racism in the Church, many were conflicted about the manner of Catholic desegregation generally imposed by closing valued black institutions. Tracing its impact through the early 1990s, Newman reveals how desegregation shook congregations but seldom brought about genuine integration.

Hong Kong Cantopop Yiu-Wai Chu,2017-01-01 Cantopop was once the leading pop genre of pan-Chinese popular music around the world. In this pioneering study of Cantopop in English, Yiu-Wai Chu shows how the rise of Cantopop is related to the emergence of a Hong Kong identity and consciousness. Chu charts the fortune of this important genre of twentieth-century Chinese music from its humble, lower-class origins in the 1950s to its rise to a multimillion-dollar business in the mid-1990s. As the voice of Hong Kong, Cantopop has given generations of people born in the city a sense of belonging. It was only in the late 1990s, when transformations in the music industry, and more importantly, changes in the geopolitical situation of Hong Kong, that Cantopop showed signs of decline. As such, *Hong Kong Cantopop: A Concise History* is not only a brief history of Cantonese pop songs, but also of Hong

Kong culture. The book concludes with a chapter on the eclipse of Cantopop by Mandapop (Mandarin popular music), and an analysis of the relevance of Cantopop to Hong Kong people in the age of a dominant China. Drawing extensively from Chinese-language sources, this work is a most informative introduction to Hong Kong popular music studies. "Few scholars I know of have as thorough a knowledge of Cantopop as Yiu-Wai Chu. The account he provides here—of pop music as a nexus of creative talent, commoditized culture, and geopolitical change—is not only a story about postwar Hong Kong; it is also a resource for understanding the term 'localism' in the era of globalization." —Rey Chow, Duke University "Yiu-Wai Chu's book presents a remarkable accomplishment: it is not only the first history of Cantopop published in English; it also manages to interweave the sound of Cantopop with the geopolitical changes taking place in East Asia. Combining a lucid theoretical approach with rich empirical insights, this book will be a milestone in the study of East Asian popular cultures." —Jeroen de Kloet, University of Amsterdam

Judgment and Community Conflict David W. Kuck, 2014-04-09 This study demonstrates that Paul in 1 Corinthians 3:5 - 4:5 is led by the rhetorical situation to emphasize God's final judgment as the affirmation of the individual Christian's work. Paul is not simply opposing his future eschatology to a Corinthian realized eschatology. Rather, he is teaching the Corinthians to adapt their inherited belief in a corporate judgment to new concerns within the community. The exegetical study is set in the context of past scholarship on the questions of Paul's eschatology, his beliefs concerning judgment, and the role of eschatology in 1 Corinthians. Chapters on the functions of divine judgment in Jewish and Greco-Roman writings help to define the way early Christians thought of God's judgment and to suggest how Corinthian sensibilities influenced Paul's application of judgment language. This book contributes to ongoing debates about the apocalyptic theology of Paul and the eschatological views of the Corinthians. It will also be useful to scholars who are interested in the role played by ideas of divine judgment in the world of the New Testament.
