Wrestling Price Guide Mixed Martial Arts Edition Martin Burris,Wrestling Price Guides,2019-12-24 MMA or Mixed Martial Arts is the hybrid contact sport that combines the best set of techniques from Muay Thai, karate, jujitsu, judo, wrestling, and boxing - just to name a few of the disciplines. Initially, MMA was considered to be a brutal blood sport because of its critics, but it slowly transitioned into a no-holds-barred competition, and it has maintained this persona to date. Nowadays, it has managed to move past 'the fastest-growing spectator sport' title into an internationally recognized and prosperous source of entertainment. You'll find MMA events being sanctioned in so many countries all over the world, along with all 50 states of the US. Action figures aren't only for kids now. Popular shows like 'The Toys that Made Us' illustrated the effect these collectibles have on cultures and people in recent times. This is why it is difficult to deny the fact that adults may drool over MMA action figures just as children would. Now we aren't saying every MMA toy has achieved the status of a collector's item. We're trying to tell you that the ultimate collector's items are those that have managed to become somewhat of a modern cult phenomenon. So much so that there are already multiple fan groups across a wide array of international markets for these collectibles. To be entirely honest with you, toys like Star Wars and G.I. Joe action figures have near-official collectible's lists, but what about UFC devotees and sports fans? Well, we have the brilliant option of selecting fighters whose popularity hasn't really waned with time. With your choice of unique action figures, you can immerse yourself in the world of mixed martial arts - whether traditional or contemporary. If you read on further, you will

find some newer action figures of modern fighters alongside those that will always be remembered as legends in the UFC Hall of Fame. Still, a lot of people are going to find these action figures silly because they aren't everyone's cup of tea. Those of you who enjoy expressing their appreciation for this brilliant sport, however, will understand that these figurines are nothing short of true happiness. What some people may see as lumps of plastic are actually sources of joy and nostalgia for the millions of UFC fans out there. All of these people would agree that each of these items qualifies as a great trade off for all the memories that were made on the mats and the octagon.

The UFC Changing the Martial Arts for Over 25 Years Nathan W. Chlumsky, 2019-12-10 The Ultimate Fighting Championship (UFC) is an American Mixed Martial Arts Promotion Company based out of Las Vegas, Nevada, that is currently owned and operated by parent company William Morris Endeavor. It is the largest MMA promotion company in the world and features the highest-level fighters on any MMA roster. The UFC produces events worldwide that showcase 12 weight classes and abides by the Unified Rules of Mixed Martial Arts. By 2018, the UFC had held over 400 live events. Dana White serves as the current President of the UFC and has held the position since 2001; while under his stewardship, the UFC has grown into a globally popular multi-billion-dollar enterprise. The 1st event was held in 1993 at the McNichols Sports Arena in Denver, Colorado. The purpose of the early UFC competitions was to identify the most effective Martial Arts styles and possibly showcase the superiority of Gracie Jujitsu in a contest with minimal rules and no weight classes between competitors of different fighting disciplines stemming from Boxing, Brazilian Jujitsu, Judo, Karate, Muay Thai, Wrestling, and Sambo. In subsequent events, fighters began adopting effective techniques from more than one discipline, which indirectly helped create an entirely separate style of fighting known as today as mixed martial arts. In 2016, UFC's parent company, Zuffa, was sold to a group led by William Morris Endeavor (WME-IMG) for a reported \$4.025 BILLION. With a TV deal and expansion in Australia, Asia, Europe, and new markets within the United States, the UFC has increased in popularity, in turn achieving greater mainstream media coverage; the promotion brought in a total revenue of \$609 million U.S. in 2015, and its next domestic media rights agreement with ESPN was valued at \$1.5 billion over a 5-year term. **The UFC Changing the Martial Arts for Over 25 Years: The Gracie/Davie W.O.W. Era; An Encyclopedia Vol. 1** is a chronological record of the beginning of the Ultimate Fighting Championship and how it took the world by storm with its debut on November 12, 1993 to the present in 2019. With a more specific look at the Davie/Gracie W.O.W. Era from UFC 1 to UFC 5 (1993-1995). These Volumes talk about the meteoric rise, to how the UFC was near bankruptcy, to how it has developed into a multi-billion-dollar business paving the way for many other M.M.A. (Mixed Martial Arts) companies, entrepreneurs, and more. **The UFC Changing the Martial Arts for Over 25 Years: The Gracie/Davie Era; An Encyclopedia Vol. 1** is truly the ultimate, most informative book out there on the subject of the UFC and MMA as it talks about everything from businesses like Tap Out Clothing that have profited thanks in part to its association with the UFC and MMA as a whole, to everyone who has had a part in the UFC and other MMA businesses. This book includes both the good and the bad that has come with the UFC including many of the controversies that have plagued it. Controversies including illegal doping of fighters to fighters being incarcerated and more. This book is a must for any fan of the UFC and Martial Arts as a whole and it is my hope that you enjoy reading about the phenomenon that is the UFC.

Historical Dictionary of Women in Sub-Saharan Africa Kathleen E. Sheldon, 2005 This vast dictionary launches the new series, Historical Dictionaries of Women in the World, and fills a huge gap in the literature, as there previously has not been any comprehensive reference work on African women. This dictionary includes over 660 entries on notable women in history, politics, religion, the arts, and other sectors; on events particularly associated with women; on women's organizations and publications; and on a range of topics that are important to women in general or that have a special importance for African women, including marriage, fertility, market women, goddesses, and much more. Entries include cross-referencing information that facilitates readers' ability to find related information. The book also includes an introductory essay and a chronology on African women's history, as well as an extensive bibliography divided into sub-sections on different historical eras and subjects. Access to finding specific information is further aided by a country index. A wide range of users will find this reference extremely valuable, including researchers in African or women's history, high school and university students, and people involved with African policy and development issues such as diplomats or aid workers.
