The Broken Table Chris Rhomberg, 2012-04-13 When the Detroit newspaper strike was settled in December 2000, it marked the end of five years of bitter and violent dispute. No fewer than six local unions, representing 2,500 employees, struck against the Detroit News, the Detroit Free Press, and their corporate owners, charging unfair labor practices. The newspapers hired permanent replacement workers and paid millions of dollars for private security and police enforcement; the unions and their supporters took their struggle to the streets by organizing a widespread circulation and advertising boycott, conducting civil disobedience, and publishing a weekly strike newspaper. In the end, unions were forced to settle contracts on management's terms, and fired strikers received no amnesty. In *The Broken Table*, Chris Rhomberg sees the Detroit newspaper strike as a historic collision of two opposing forces: a system in place since the New Deal governing disputes between labor and management, and decades of increasingly aggressive corporate efforts to eliminate unions. As a consequence, one of the fundamental institutions of American labor relations—the negotiation table—has been broken, Rhomberg argues, leaving the future of the collective bargaining relationship and democratic workplace governance in question. *The Broken Table* uses interview and archival research to explore the historical trajectory of this breakdown, its effect on workers' economic outlook, and the possibility of restoring democratic governance to the business-labor relationship. Emerging from the New Deal, the 1935 National Labor Relations Act protected the practice of collective bargaining and workers' rights to negotiate the terms and conditions of their employment by legally recognizing union representation. This system became central to the democratic workplace, where workers and management were collective stakeholders. But efforts to erode the legal protections of the NLRA began immediately, leading to a parallel track of anti-unionism that began to gain ascendancy in the 1980s. *The Broken Table* shows how the tension created by these two opposing forces came to a head after a series of key labor disputes over the preceding decades culminated in the Detroit newspaper strike. Detroit union leadership charged management with unfair labor practices after employers had unilaterally limited the unions' ability to bargain over compensation and work conditions. Rhomberg argues that, in the face of management claims of absolute authority, the strike was an attempt by unions to defend workers' rights and the institution of collective bargaining, and to stem the rising tide of post-1980s anti-unionism. In an era when the incidence of strikes in the United States has been drastically reduced, the 1995 Detroit newspaper strike stands out as one of the largest and longest work stoppages in the past two decades. A riveting read full of sharp analysis, *The Broken Table* revisits the Detroit case in order to show the ways this strike signaled the new terrain in labor-management conflict. The book raises broader questions of workplace governance and accountability that affect us all.

Fundraising Principles and Practice Adrian Sargeant, Jen Shang, 2017-02-06 The complete guide to fundraising planning, tools, methods, and more *Fundraising Principles and Practice* provides a unique resource for students and professionals seeking to deepen their understanding of fundraising in the current nonprofit environment. Based on emerging research drawn from economics, psychology, social psychology, and sociology, this book provides comprehensive analysis of the nonprofit sector. The discussion delves into donor behavior, decision making, social influences, and models, then uses that context to describe today's fundraising methods, tools, and practices. A robust planning framework helps you set objectives, formulate strategies, create a budget, schedule, and monitor activities, with in-depth guidance toward assessing and fine-tuning your approach. Coverage includes online fundraising, major gifts, planned giving, direct response, grants, corporate fundraising, and donor retention, with an integrated pedagogical approach that facilitates active learning. Case studies and examples illustrate the theory and principles presented, and the companion website offers additional opportunity to deepen your learning and assess your knowledge. Fundraising has become a career specialty, and those who are successful at it are among the most in-demand in the nonprofit world. Great fundraisers make an organization's mission possible, and this book covers the essential information you need to help your organization succeed. Adopt an organized approach to fundraising planning Learn the common behaviors and motivations of donors Master the tools and practices of nonprofit fundraising Manage volunteers, monitor progress, evaluate events, and more Fundraising is the the nonprofit's powerhouse. It's the critical component that supports and maintains all activities, and forms the foundation of the organization itself. Steady management, clear organization, effective methods, and the most up-to-date tools are vital to the role, and familiarity with donor psychology is essential for using these tools to their utmost capability. *Fundraising Principles and Practice* provides a comprehensive guide to all aspects of the field, with in-depth coverage of today's most effective approaches.
