Artful Hypnotic Anchoring Max Trance, 2020-03-11 Who Else Wants to Effortlessly Shape the Way People Think? In the distant past when dinosaurs still roamed the lands, I had a series of corporate jobs. And as unluck would have it, I ended up going to a lot of meetings. In these meetings, decisions were made that would sometimes affect the course of the future for hundreds of employees and millions of customers. That's all fairly typical for a corporation, right? But I noticed something odd. Quite often in these meetings, the decision makers would choose to make decisions that made no sense and were guaranteed to have bad outcomes. This was despite people pointing out all the flaws and what would happen. As you might imagine, when the predicted sequence of events would inevitably unfold, the decision makers were confused. Why did no-one tell us this would happen? they would wail! At the same time, I had become a little obsessed with hypnosis and was spending a lot of my time experimenting with it in every part of my life. Naturally this included work, so I started to wonder what kinds of things I could achieve. And the answer was surprising. Inside this book What hypnotic anchoring really is. Once you appreciate this key point, the entire thing becomes a lot less mysterious and easier to understand. How I exploit a feature of the mind to easily recall information. How to use simple gestures to change the course of someone's thinking. You can use this on just one person, or an entire group at once. How to help your subjects to have the behaviors that you want. The only two things that can cause us to remember something. The exact steps to create an anchor. Why anchors degrade over time and what to do to prevent it. The simple technique I've used to steer corporate meetings without anyone realizing, resolving the issue of bad outcomes from them. Why it is helpful to induce strong emotions in your subject, and what to do when you can't. What to do to make it almost effortless to create strong emotions in others. How to know if your efforts have been effective. The surprisingly simple yet effective technique I've used to steal agreement. How to hypnotize someone by reading a list to them. If you'd like

to be able to effortlessly access minds directly in any situation... Or if you want to know how hypnotic anchors and triggers really work... Or even if you just love messing with people and want another tool to add to your kit... Scroll Up and Click the Buy Now Button Right Now!

Hypnosis in the Relief of Pain Ernest Ropiequet Hilgard, Josephine Rohrs Hilgard, 1994 Written by a psychologist and a psychiatrist noted for their expertise as both practitioners and researchers, the book illustrates how hypnosis can significantly alleviate the pain of childbirth, medical or dental surgery, burns or other accidental injuries, cancer, and chronic syndromes. With over 600 references covering the field of modern research into the mechanisms of pain, the authors convey a thorough understanding of findings and limitations of available empirical studies. Yet the book remains exceptionally clear and non-technical and will appeal not only to professionals involved with pain reduction but to lay people as well. The Hilgards address a broad spectrum of topics relating to hypnosis and pain, ranging from an historical review to a consideration of future areas for investigation. They thoughtfully tackle the controversy still surrounding the nature of hypnosis - is it an altered state of consciousness or a pattern of behaviour adopted by both subject and hypnotist? The concluding section presents the Hilgards' neo-dissociation theory of hypnosis as well as a highly useful

technique for assessing susceptibility in clinical situations. Pain has been called the greatest unsolved problem in medicine. Hypnosis in the Relief of Pain, with its honest and complete appraisal of the role of hypnosis on pain reduction, will contribute significantly to the understanding and broader use of this noninvasive and natural healing phenomenon.

The Huna Code In Religions Max Freedom Long,2015-01-09 In the year 1953 the presence of coded Huna information in the Bible was discovered. Since that time the research work has progressed, with a number of additional pieces of coded information uncovered. This book gives not only the later findings, but further expands the study to show similar coded information in the religions of the ancient Egyptians, Israelites, Buddhists and practitioners of Yoga. The complete investigation of the Bible and Gnostic literature has not yet been finished, and the reader who wishes to do so may carry on for himself without much difficulty, once this book has been read and the research method is understood. Yesterday the unveiling of the coded knowledge would have been countered by the Church with burnings and any torture needed for the suppression of heresy. Today, happily, even the humblest Galileo is able safely to take up his telescope and peer into the realms of the new and strange.... . and still forbidden. (From the Forward.) Get Your Copy Today!

Beyond Cell Memory Grace J. Scott, 2011-08-16 In 2002, author Grace J. Scott began to receive channeled material from the beyond and to publish the results. This latest book of such material was delivered by souls selected by Creator to deliver His message that He is the origin of all that is to the world. All of creation began with a cell of Creator, and this single individual cell of His energy contains an exact copy of His DNA and cell memory. That is how we are all connected how we are all one. *Beyond Cell Memory* presents the channeled material in simple language so that all who read it may understand such mysteries as how souls and bodies were created. As humans evolved physically, our form, size, and intellect were enhanced by beings of higher intellect and spiritual vibration from other universes; these same beings are now surrounding and protecting Earth. Famous people Dr. Sigmund Freud, Carl Jung, and Edgar Cayce channeled material that covers dreams, homosexuality, abortion, and suicide. Isaac Newton and Galileo Galilei channeled material that suggests that DNA and cell memory connect us to souls of other universes and the Creator of all that is. What we, as souls, do on our planet is known by and impacts other planets containing souls. Each soul contains DNA and cell memory from Creator, and this same soul exists regardless of the number of lives lived. With imminent cataclysmic Earth changes, we must learn how to clear our cell memory of trauma.
