I Am Malala Malala Yousafzai,Patricia McCormick,2014-08-19 Written in collaboration with critically acclaimed NATIONAL BOOK AWARD finalist Patricia McCormick, Malala tells her story - from her childhood in the Swat Valley to the shooting, her recovery and new life in England. She's a girl who loves cricket, gossips with her best friends, and, on the day of the shooting, nearly overslept and missed an exam. A girl who saw women suddenly banned from public, schools blown up, the Taliban seize control, and her homeland descend into a state of fear and repression. This is the story of her life, and also of her passionate belief in every child's right to education, her determination to make that a reality throughout the world, and her hope to inspire others.

Pharmacology in 7 Days for Medical Students Fazal-I-Akbar Danish,Ahmed Ehsan Rabbani,2018-05-08 Pharmacological knowledge among medical students can have a very short 'half life': students often fail not because they have failed to study, but because they have been unable to retain key knowledge and reproduce it in an exam setting. This book takes an alternative route to the conventional approach of comprehensively exploring each individual drug and its features: not only can such an approach overwhelm and make knowledge retention difficult, but the current exam format makes questions structured in this way unlikely anyway. Instead of aiming to be completely comprehensive, it examines drugs systematically by classifications, mechanisms of action, therapeutic uses and side effects, enabling students to gain the distilled, functional grasp of pharmacology that their exams actually demand quickly and clearly.

The Choice Edith Eva Eger, 2017-09-05 A New York Times Bestseller “I’ll be forever changed by Dr. Eger’s story...The Choice is a reminder of what courage looks like in the worst of times and that we all have the ability to pay attention to what we’ve lost, or to pay attention to what we still have.”—Oprah “Dr. Eger’s life reveals our capacity to transcend even the greatest of horrors and to use that suffering for the benefit of others. She has found true freedom and forgiveness and shows us how we can as well.” —Desmond Tutu, Nobel Peace Prize Laureate “Dr. Edith Eva Eger is my kind of hero. She survived unspeakable horrors and brutality; but rather than let her painful past destroy her, she chose to transform it into a powerful gift—one she uses to help others heal.” —Jeannette Walls, New York Times bestselling author of *The Glass Castle* Winner of the National Jewish Book Award and Christopher Award At the age of sixteen, Edith Eger was sent to Auschwitz. Hours after her parents were killed, Nazi officer Dr. Josef Mengele, forced Edie to dance for his amusement and her survival. Edie was pulled from a pile of corpses when the American troops liberated the camps in 1945. Edie spent decades struggling with flashbacks and survivor’s guilt, determined to stay silent and hide from the past. Thirty-five years after the war ended, she returned to Auschwitz and was finally able to fully heal and forgive the one person she’d been unable to forgive—herself. Edie weaves her remarkable personal journey with the moving stories of those she has helped heal. She explores how we can be imprisoned in our own minds and shows us how to find the key to freedom. *The Choice* is a life-changing book that will provide hope and comfort to generations of readers.

Success Is Not An Accident The Mental Bank Concept John G. Kappas, Ph.D.,

The Ellipsis Manual Chase Hughes, 2017-02-14 Originally written as a manual for intelligence field operations... -You’ll stop believing in free will.- -LISA SCHMIDT, HUFFINGTON POST One look at the table of contents will give you an ‘oh my God’ moment. -The Ellipsis Manual is the kind of book that used to be locked away...deep in a vault underground...far away from the prying eyes of those who could misuse its power. With chapter titles like ‘Methods of physically hacking the brain’ and ‘Shutting off human willpower,’ what you’re about to learn could make even the most well-trained CIA operative blush... And that’s what leads me to say that if you’re going to pick up your copy of *The Ellipsis Manual* today, you’ve got to make a firm commitment not to go to the dark side with this material. Because once you go through these pages, you’ll be able to: -See through the masks people wear - exposing fears and insecurities no one else can see -Instantly detect when a partner, boss, or even a friend is lying to you -Covertly influence anyone, any time (with NO chance of being caught) -Hijack peoples’ deepest thoughts, feelings, and favorite gestures...and leverage them to your advantage Implant whatever ideas and beliefs you want into the minds of people you want to persuade, control, or seduce ...and a WHOLE lot more. And once you have these powers, trust me-the temptation to misuse them will certainly be strong. Fight the urge. Stay true to your principles. And use what you’re about to learn to help yourself and others-for your own good, as well as theirs.- - Author and persuasion expert MICHAEL WITCOFF -One of the most frighteningly powerful books imaginable. It shows how to make a real life Manchurian Candidate complete with alternate personalities and amnesia. A process I didn’t feel was possible till now.- DAVID BARRON a.k.a. DANTALION JONES - 8-time bestselling author including *Mind Control 101* -If there was a manual on how to be James Bond, this is it.- -TIM O’KEEFE -

Chase Hughes is like Robert Cialdini on steroids.- -ZACH HANDA

I Am Malala Malala Yousafzai, 2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman I come from a country that was created at midnight. When I almost died it was just after midday. When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

The Targeter Nada Bakos, 2019-06-04 A CIA analyst's revealing and utterly engrossing account of the world of high-stakes foreign intelligence and her role within the campaign to stop top-tier targets inside Al-Qaida (Joby Warrick). In 1999, 30-year-old Nada Bakos moved from her lifelong home in Montana to Washington, D.C., to join the CIA. Quickly realizing her affinity for intelligence work, Nada was determined to rise through the ranks of the agency first as an analyst and then as a Targeting Officer, eventually finding herself on the frontline of America's war against Islamic extremists. In this role, Nada was charged with determining if Iraq had a relationship with 9/11 and Al-Qaida, and finding the mastermind behind this terrorist activity: Abu Musab al-Zarqawi. Her team's analysis stood the test of time, but it was not satisfactory for some members of the Administration. In a tight, tension-packed narrative that takes the reader from Langley deep into Iraq, Bakos reveals the inner workings of the Agency and the largely hidden world of intelligence gathering post 9/11. Entrenched in the world of the CIA, Bakos, along with her colleagues, focused on leading U.S. Special Operations Forces to the doorstep of one of the world's most wanted terrorists. Filled with on-the-ground insights and poignant personal anecdotes, *The Targeter* shows us the great personal sacrifice that comes with intelligence work. This is Nada's story, but it is also an intimate chronicle of how a group of determined, ambitious men and women worked tirelessly in the heart of the CIA to ensure our nation's safety at home and abroad.

You Are Not Your Brain Jeffrey Schwartz MD, Rebecca Gladding MD, 2012-06-05 Two neuroscience experts explain how their 4-Step Method can help identify negative thoughts and change bad habits for good. A leading neuroplasticity researcher and the coauthor of the groundbreaking books *Brain Lock* and *The Mind and the Brain*, Jeffrey M. Schwartz has spent his career studying the human brain. He pioneered the first mindfulness-based treatment program for people suffering from OCD, teaching patients how to achieve long-term relief from their compulsions. Schwartz works with psychiatrist Rebecca Gladding to refine a program that successfully explains how the brain works and why we often feel besieged by overactive brain circuits (i.e. bad habits, social anxieties, etc.) the key to making life changes that you want—to make your brain work for you—is to consciously choose to “starve” these circuits of focused attention, thereby decreasing their influence and strength. *You Are Not Your Brain* carefully outlines their program, showing readers how to identify negative impulses, channel them through the power of focused attention, and ultimately lead more fulfilling and empowered lives.

Life Undercover Amaryllis Fox, 2019-10-15 *INSTANT NEW YORK TIMES BESTSELLER* “Fast and thrilling . . . *Life Undercover* reads as if a John le Carré character landed in *Eat Pray Love*. —The New York Times Amaryllis Fox's riveting memoir tells the story of her ten years in the most elite clandestine ops unit of the CIA, hunting the world's most dangerous terrorists in sixteen countries while marrying and giving birth to a daughter Amaryllis Fox was in her last year as an undergraduate at Oxford studying theology and international law when her writing mentor Daniel Pearl was captured and beheaded. Galvanized by this brutality, Fox applied to a master's program in conflict and terrorism at Georgetown's School of Foreign Service, where she created an

algorithm that predicted, with uncanny certainty, the likelihood of a terrorist cell arising in any village around the world. At twenty-one, she was recruited by the CIA. Her first assignment was reading and analyzing hundreds of classified cables a day from foreign governments and synthesizing them into daily briefs for the president. Her next assignment was at the Iraq desk in the Counterterrorism center. At twenty-two, she was fast-tracked into advanced operations training, sent from Langley to the Farm, where she lived for six months in a simulated world learning how to use a Glock, how to get out of flexicuffs while locked in the trunk of a car, how to withstand torture, and the best ways to commit suicide in case of captivity. At the end of this training she was deployed as a spy under non-official cover--the most difficult and coveted job in the field as an art dealer specializing in tribal and indigenous art and sent to infiltrate terrorist networks in remote areas of the Middle East and Asia. Life Undercover is exhilarating, intimate, fiercely intelligent--an impossible to put down record of an extraordinary life, and of Amaryllis Fox's astonishing courage and passion.
