Business models and key success drivers of agtech start-ups Lohento, Ken,Sotannde, Motunrayo,2019-12-04 This interpretative phenomenological research focuses on youth-led companies offering digital services to the agrofood sector in West Africa. Youth is considered as per the African Union definition: individuals aged between 15 and 35 years old. Our research questions were to understand the business models adopted by these start-ups; how their business models and business model innovation lead to business success; other key drivers that can support the achievement of success. With this study, we aim to contribute to the limited existing body of knowledge on this nascent but growing business field in West Africa. Though focused on West Africa, analyses go beyond and are of interest to any stakeholders interested in this subject in Africa in particular.

Libicki presents a comprehensive understanding of cybersecurity, cyberwar, and cyber-terrorism. One Man's Mountain James Essinger,2022-02-21 'One Man's Mountain' is a powerful and energetic memoir describing how what seem to be distant and unachievable dreams can become real and develop into a life's experience that is way beyond what was thought possible. The book depicts life's experiences leading from war-time to normal peacetime living. An ordinary suburban lifestyle enables the writer to explore and adventure on two wheels and brings to life a competitive spirit, which causes the writer to see and develop an ambition. The goal

to be achieved centres upon an island in the Irish Sea, yet seems beyond reach. The difficulty is that it combined the need to ride and earn a living! Yet strangely, work and play relate.
