E-Commerce and Mobile Commerce Technologies Kristian Bass,2018-03-07 This book provides you with an in-depth introduction to the field of e-commerce. We focus on concepts that will help you understand and take advantage of the evolving world of opportunity offered by e-commerce, which is dramatically altering the way business is conducted and driving major shifts in the global economy. Chapter 1 and 2 discuss about the basic concepts of e-commerce and e-business strategy. Chapter 3 describes different types of e-commerce technology. This chapter also tells us about the emerging e-commerce technology innovations. Chapter 4 depicts various types of e-business models and markets. Chapter 5 discuss about the mobile electronic commerce. Chapter 6 tells about the mobile commerce, mobile enterprise solutions and ubiquitous computing. Chapter 7 tells about the security parameters used in e-commerce and fraud issues and why protection in e-commerce is required. Chapter 8 depicts payment system used in electronic commerce like smart cards, micropayments, e-checking, mobile payments etc. Chapter 9 ensures about the E-Commerce Regulatory, Ethical, and Social Environments. Electronic commerce and m-commerce is a business model in which transactions take place over electronic networks, mostly the Internet. It includes the process of electronically buying and selling goods, services, and information. Certain EC and m-commerce applications, such as buying and selling stocks and airline tickets online, are reaching maturity, some even exceeding non-Internet trade volumes. However, EC and m-commerce is not just about buying and selling; it also is about electronically communicating, collaborating, and discovering information. It is about e-learning, customer service, e-government, social networks, and much more. EC and m-commerce is having an impact on a significant portion of the world, affecting businesses, professions, trade, and of course, people.

Electronic and Mobile Commerce Law Charles Wild,2011 The rapid, commercially-driven evolution of the Internet has raised concomitant legal concerns that have required responses from both national and international law. This unique text offers a complete analysis of electronic and mobile commerce, exploring the law relating to online contracts and payment systems, electronic marketing, and various forms of cybercrime as well as the regulation of electronic communications networks and services. Written by specialists, this account also provides insights into emerging areas such as internet libel, online gambling, virtual property, cloud computing, smart cards, electronic cash, and the growing use of mobile phones to perform tasks previously carried out by computers.

Shoestring Venture Steve Monas,Richard Hooker,2008 A Complete Guide to Starting and Growing Your Own Business On A Shoestring Budget The Cheat Sheet for Business. For the millions who start a new business every year on the barest of resources, Shoestring Venture: The Startup Bible is like hiring a high-level consultant to deal with the bewildering maze of issues from finance to marketing to technology that all entrepreneurs face. Every business is nothing but a series of decisions which can make or break the business. You could say that, if there's a science of business, it's the science of making good decisions. And every bootstrap entrepreneur faces the daunting task of making ALL the business decisions, any one of which could either doom the enterprise or catapult it to stratospheric success. That means that every entrepreneur has to quickly get up to speed on every issue their business faces. Shoestring Venture: The Startup Bible is the most exhaustive set of practical resources collected to empower entrepreneurs to make the right decisions on a limited budget, from business concept to product development to Web marketing. We call a consultant in a book, there to give considered and experienced answers to the infinite questions that come up. Shoestring Venture-The Start-up Bible All entrepreneurs - even the smallest operating on the tightest of budgets - have the opportunity to build powerful start-up organizations without ever really having to walk out the front door. Using global communications and data networks, even bootstrap entrepreneurs can staff an entire organization with every human resource and skill they need at rock-bottom prices. In short, anyone can run a virtual organization using only a desktop or laptop computer. Shoestring Venture: The Startup Bible gives bootstrap entrepreneurs all the resources they need to build truly effective startups using the magic of outsourcing and offshoring. This is the century for small business . . . You have the tools to build a powerful start-up organization, from financing to product development to marketing, without ever really having to walk out your front door. Using global communications and data networks, you can staff an entire organization with every human resource and skill you need at rock-bottom prices. Electronic Commerce Efraim Turban,David King,Jae Kyu Lee,Ting-Peng Liang,Deborah C. Turban,2015-01-29 Throughout the book, theoretical foundations necessary for understanding Electronic Commerce (EC) are presented, ranging from consumer behavior to the economic theory of competition. Furthermore, this book presents the most current topics relating to EC as described by a diversified team of experts in a variety of fields, including a senior vice president of an e-commerce-related company. The authors provide website resources, numerous exercises, and extensive references to supplement the theoretical presentations. At the end of each chapter, a list of online resources with links to the websites is also provided. Additionally, extensive, vivid examples from large corporations, small businesses from different industries, and services, governments, and nonprofit agencies from all over the world make concepts come alive in Electronic Commerce. These examples, which were collected by both academicians and practitioners, show the reader the capabilities of EC, its cost and justification, and the innovative ways corporations are using EC in their operations. In this edition (previous editions published by Pearson/Prentice Hall), the authors bring forth the latest trends in e-commerce, including social businesses, social networking, social collaboration, innovations, and mobility.

Exporting Laurel J. Delaney,2016-10-19 "Laurel Delaney writes in a tremendous spirit of service to entrepreneurial and small business leaders navigating the opportunities of globalization. Whether leading a fresh startup, a small business, or an entrepreneurial growth company seeking greatness, the question of whether—and how—to go global must be addressed. Delaney shows yet again her passionate dedication to serving her readers with deeply practical guidance."—Jim Collins, author of Good to Great and co-author of Beyond Entrepreneurship Gain the knowledge you need to market, sell, and fulfill orders internationally, taking full advantage of the Internet and the opportunities it creates. This book is the bible for entrepreneurs and small business owners taking their US businesses to the next level of growth through exports. Exporting empowers readers with the can-do confidence to tackle the challenges and opportunities of exporting, leading to greater revenues, stability, and profitability for your business. With 70 percent of global buying power lying outside US borders, exporting is not just an option for ambitious entrepreneurs—it's an absolute must for building and sustaining a successful future. Typically, exporting first appears on the radar of small businesses as unsolicited inquiries from foreign customers on the web via your email, website, blog, or Facebook page. People outside your country want your product, and they want it now. The problem is that most small business owners do not know how to service these inquiries. What's the best way to ship goods? Do I need a license? Should I sell through wholesalers in specific countries or directly to consumers? How will I get paid? Reflecting the rapid rate of change in national and global trade regulations and economic conditions, this second edition contains extensive updates and enhancements of the first edition's data and citations; actual and prospective multilateral trade agreements, especially the TPP and TTIP; CFR, EAR, and BIS rules; interviews with trade and sector specialists; economic trends and shocks affecting export opportunities and risks in various regions and sectors; and the annotated selection of recommended exporting resource sites. Exporting: The Definitive Guide to Selling Abroad Profitably: Lays out simple steps and tips to conduct market research, find customers, open new markets, create an export business plan, get paid, and ship goods and services efficiently and profitably Shows you how to use the Internet and social media to mediate the exporting process and expand your international presence Details how the US government helps exporters and how to avoid foreign regulatory pitfalls
