When We Were Animals Joshua Gaylord,2015-04-21 In this chilling Shirley Jackson Award-nominated novel, a small, quiet Midwestern town is unremarkable save for one fact: when the teenagers reach a certain age, they run wild. When Lumen Fowler looks back on her childhood, she wouldn't have guessed she would become a kind suburban wife, a devoted mother. In fact, she never thought she would escape her small and peculiar hometown. When We Were Animals is Lumen's confessional: as a well-behaved and over-achieving teenager, she fell beneath the sway of her community's darkest, strangest secret. For one year, beginning at puberty, every resident breaches during the full moon. On these nights, adolescents run wild, destroying everything in their path. Lumen resists. Promising her father she will never breach, she investigates the mystery of her community's traditions and the stories erased from the town record. But the more we learn about the town's past, the more we realize that Lumen's memories are harboring secrets of their own. A gothic coming-of-age tale for modern times, When We Were Animals is a dark, provocative journey into the American heartland. Nominated for the 2015 Shirley Jackson Award for Best Novel

Amazon Natalie Berg,Miya Knights,2019-01-03 What is the secret to Amazon's success? What does the ecommerce giant have in store for the future? Explore the disruptive new retail strategies of the world's most relentless retailer and gain valuable lessons that can be applied to any business in the ecommerce sector, with original insight from the company as it continues to revolutionize itself even further. The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. The rise of online shopping, and its primary player, Amazon, is at the heart of these changes and opportunities. Amazon's relentless dissatisfaction with the status quo is what makes it such an extraordinary retailer. This book explores whether Amazon has what it takes to become a credible grocery retailer, and as it transitions to bricks and mortar retailing, investigates whether Amazon's stores can be as compelling as its online offering. Exploring the ecommerce giant's strategies, Amazon offers unique insight into how innovations such voice technology, checkout-free stores and its Prime ecosystem, will fundamentally change the way consumers shop. Written by industry leading retail analysts who have spent decades providing research-based analysis and opinion on retail strategy and enterprise technology use in retail, Amazon analyzes the impact these initiatives will have on the wider retail sector and the lessons that can be learned from its unprecedented rise to dominance - as stores of the future become less about transactions and more about experiences.

Venture Capitalists at Work Tarang Shah,Shital Shah,2012-01-24 This is probably the single most valuable resource for the entrepreneurs aspiring to build successful companies—Ron Conway, Special Adviser, SV Angel, and investor in Facebook, Google, Twitter, Foursquare, PayPal, Zappos I highly recommend Venture Capitalists at Work. This book captures the personalities and approaches of a number of leading VC practitioners and displays the heart and soul of the venture capital process, by offering an exclusive window into the voice of the practitioners.—Gus Tai, Trinity Ventures Venture Capitalists at Work is a foundational pillar in an entrepreneur's understanding and resources. This is a first in terms of the level of detail, quality of discussion, and value to the entrepreneur.—George Zachary, Charles River Ventures and Investor in Twitter Venture Capitalists at Work: How VCs Identify and Build Billion-Dollar Successes offers unparalleled insights into the funding and management of companies like YouTube, Zappos, Twitter, Starent, Facebook, and Groupon. The venture capitalists profiled—among the best in the business—also reveal how they identify promising markets, products, and entrepreneurs. Author Tarang Shah, a venture capital professional himself, interviews rising VC stars, Internet and software investment pioneers, and venture investment thought leaders. You'll learn firsthand what criteria venture capitalists use to make investments, how they structure deals, the many ways they help the companies they fund, avoidable mistakes

they see all too often, the role of luck in a success, and why so many startups fail. Venture Capitalists at Work also contains interviews with those on the receiving end of venture money—entrepreneurs in high-profile startups that went on to achieve great success. Whether you're an entrepreneur, an aspiring VC, an M&A professional, or an ambitious student, the knowledge you will gain from Venture Capitalists at Work could provide a significant shortcut to success. Personalized Machine Learning Julian McAuley,2022-01-31 Every day we interact with machine learning systems offering individualized predictions for our entertainment, social connections, purchases, or health. These involve several modalities of data, from sequences of clicks to text, images, and social interactions. This book introduces common principles and methods that underpin the design of personalized predictive models for a variety of settings and modalities. The book begins by revising 'traditional' machine learning models, focusing on adapting them to settings involving user data, then presents techniques based on advanced principles such as matrix factorization, deep learning, and generative modeling, and concludes with a detailed study of the consequences and risks of deploying personalized predictive systems. A series of case studies in domains ranging from e-commerce to health plus hands-on projects and code examples will give readers understanding and experience with large-scale real-world datasets and the ability to design models and systems for a wide range of applications.

Assembling Consumption Robin Canniford,Domen Bajde,2015-09-16 Assembling Consumption marks a definitive step in the institutionalisation of qualitative business research. By gathering leading scholars and educators who study markets, marketing and consumption through the lenses of philosophy, sociology and anthropology, this book clarifies and applies the investigative tools offered by assemblage theory, actor-network theory and non-representational theory. Clear theoretical explanation and methodological innovation, alongside empirical applications of these emerging frameworks will offer readers new and refreshing perspectives on consumer culture and market societies. This is an essential reading for both seasoned scholars and advanced students of markets, economies and social forms of consumption.
