Grape, Olive, Pig Matt Goulding, 2016-11-15 Winner of the 2017 IACP Award: Literary or Historical Food Writing Gourmand World Cookbook Award Winner: Culinary Travel Amazon Best Book of November (2016): Cookbooks, Food and Wine Financial Times Best Books of 2017: Food and Travel Goulding is pioneering a new type of writing about food. His last book, Rice, Noodle, Fish, took an immersive approach to Japan that combined travel, social observation and food lore. His new book on Spain offers little cooking advice but an inquisitive foodie intellectual's experience. (Financial Times) Crafted in the same "refreshing" (AP), "inspirational" (Publishers Weekly) and "impeccably observed" (Eater.com) style that drove Rice, Noodle, Fish, Roads & Kingdoms again presents a book that will change the way readers eat and travel abroad. The second in their series of unexpected and delightful gastro-tourism books, Grape, Olive, Pig is a deeply personal exploration of a country where eating and living are inextricably linked. As Anthony Bourdain said: "Any reasonable, sentient person who looks to Spain, comes to Spain, eats in Spain, drinks in Spain, they're gonna fall in love. Otherwise, there's something deeply wrong with you." Matt Goulding introduces you to the sprawling culinary and geographical landscape of his adoptive home, and offers an intimate portrait of this multifaceted country, its remarkable people, and its complex history. Fall in love with Barcelona's tiny tapas bars and modernist culinary temples. Explore the movable feast of small plates and late nights in Madrid. Join the three-thousand-year-old hunt for Bluefin tuna off the coast of Cadiz, then continue your seafood journey north to meet three sisters who risk their lives foraging the gooseneck barnacle, one of Spain's most treasured ingredients. Delight in some of the world's most innovative and avant-garde edible creations in San Sebastian, and then wash them down with cider from neighboring Asturias. Sample the world's finest acorn-fed ham in Salamanca, share in the traditions of cave-dwelling shepherds in the mountains beyond Granada, and debate what constitutes truly authentic paella in Valencia. Grape, Olive, Pig reveals hidden gems and enduring delicacies from across this extraordinary country, contextualizing each meal with the stories behind the food in a cultural narrative complemented by stunning color photography. Whether you've visited Spain or have only dreamed of bellying up to its tapas bars, Grape, Olive, Pig will wake your imagination, rouse your hunger, and capture your heart.

Digital Competition Law in Europe Marc Wiggers, Robin Struijlaart, Joost Dibbitts, 2023-07-14 'Digital competition', a term and concept that has risen to the forefront of competition law, may be viewed as both promising and cautionary: on the one hand, it brings the promises of increased speed, efficiency and objectivity, and, on the other, it entails potential pitfalls such as hard-to-identify pathways to unfair pricing, dominant positions and their potential abuse, restriction of choice and abuse of personal data. Accordingly, jurisdictions around the world are taking measures to deal with the phenomenon. In this concise but thoroughly researched book – both informative and practical – lawyers from two prominent firms with specialised digital competition teams take stock and examine the state of digital competition in the enforcement practices of six competition authorities in Europe, most of these forerunners in the field of digital competition policy and enforcement. The competition authorities surveyed are those of the European Union, the United Kingdom, France, Germany, the Netherlands and Belgium. For each, an overview, spanning the period from 2012 to mid-2022 but including as many landmark cases as possible up to and including December 2022, includes not only landmark cases in which digital technologies have had a significant impact on the competition law outcome but also guidance documents such as speeches, policy statements, industry surveys and research reports. Activities and enforcement practices of the various authorities include the following and more: degree of activity; focus of the activity; enforcement styles; enforcement instruments; visible effectiveness of enforcement; and important insights and outlooks. Each overview contains separate chapters on cartel prohibition, the prohibition of abuse of a dominant position and merger control. Additional chapters – partially written by guest authors (who are all without a doubt true thought leaders: Tristan Byrne, Giuseppe Colangelo, Ai Deng, Teodora Groza, Daniel Mândrescu, Wolf Sauter, Thibault Schrépel, and Gareth Shier) – evaluate the similarities and differences in the enforcement practices and the positive and negative effects of digital competition in the jurisdictions investigated, the economic context, the most important game changers, and a concluding chapter offers recommendations. An indispensable guide to quickly and accessibly acquiring in-depth knowledge of competition law in the digital sector, this matchless volume is a must-read for any practitioner or academic who encounters competition law related to digital markets. The dilemmas and challenges of the new competition law reality – which is here already, like it or not – are clearly explained here for the benefit of regulators, academics, policymakers, judges, in-house counsel and lawyers specialising in competition law and intellectual property law.

Ten Years a Nomad Matthew Kepnes, 2019-07-16 Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me. —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic how-to, and plumb the depths of what drives us to travel – and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the

travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

The Golden Gate Bridge Kevin Blake,2016-08 It was 1814. Fifty British soldiers surrounded the large white house, holding poles with flaming rags at the end. All at once, they hurled the blazing poles into the house's windows. Within seconds, the majestic home was in flames. The fire destroyed almost everything inside. If not for a powerful thunderstorm later that day, the White House might have burned to the ground. The White House traces the incredible story of one of the most important and iconic buildings in the United States. The book describes how the massive residence was built and how different presidents have left their personal marks on the structure. Large color photos, maps, and fact boxes enrich the captivating story, which is sure to engage even the most reluctant readers.
