UN Convention against Transnational Organized Crime Andreas Schloenhardt, Francesco Calderoni, Joseph Lelliott, Bettina

Weißer, 2023-06-29 This book offers a comprehensive, article-by-article legal commentary on the United Nations Convention Against Transnational Organized Crime and its Protocols on trafficking in persons, smuggling of migrants, and trafficking in firearms and ammunition. The Convention- often referred to by the acronym UNTOC- was approved by the UN General Assembly on 15 November 2000 and made available for governments to sign at a high-level conference in Palermo, the heartland of the Italian Mafia, on 12-15 December 2000. For this reason, UNTOC is sometimes also referred to as the 'Palermo Convention'. The Convention entered into force on 29 September 2003. The purpose of UNTOC is to promote cooperation to prevent and combat transnational organized crime more effectively. UNTOC seeks to promote consistency among national legal systems and set standards for domestic laws so that States parties can effectively combat transnational organized crime. UNTOC is supplemented by three protocols: the Protocol against the Smuggling of Migrants by Land, Air,

and Sea, the Protocol to Prevent, Suppress, and Punish Trafficking in Persons, especially Women and Children, and the Protocol against the Illicit Manufacturing of and Trafficking in Firearms, their Parts and Components, and Ammunition. Article by article, this books presents the text of each provision of the Convention and the Protocols, followed by a systematic analysis of their background and negotiating history, their interpretation by the Conference of the Parties and its working groups, in judicial decisions by domestic and international courts, , in the academic literature, and in official material published by international organisations, chief among them the United Nations Office on Drugs and Crime (UNODC), the guardian of UNTOC and the Protocols. The authors offer critical, scholarly commentary. The book serves as a compendium for those using, researching, or studying provisions under UNTOC and the Protocols and as a handbook for those charged with implementing and enforcing them.

The 3 Personalities of Money Tony Walker, 2013-02
There's an old saying in the Financial World, the one who makes the rules, gets the gold. For years, the Financial World has successfully lived by this rule. Biased charts, irrelevant historical graphs, goofy catch-phrases and unreliable risk-tolerance questionnaires, their game plan is to convince you that they know more about you and your money than you do, all the while, making money on your money whether you do or not. It's a game you cannot win! *The 3 Personalities of Money(R)* puts an end to the madness by changing the rules. Instead of allowing

the Financial World to control your money by controlling your mind, you will learn the secret of controlling your money by knowing your mind; a concept seasoned advisor Tony Walker refers to as mind over money. Thanks to this breakthrough concept by one of the country's most contrarian advisors, consumers now have an escape route from the traditional one-size-fits-all mantra pitched by the financial world. Whether you're confused as to which investments to select in your 401(k) plan or wondering if you should follow the herd into the latest gold rush, *The 3 Personalities of Money* will give you the answers you need. This book, coupled with the free 3-minute financial personality test located at 3Personalities.com and the unique, real-life stories located at the end of the book, will turn the tables on the Financial world by giving you more confidence in who you are and what fits your financial personality.

Representations of Black Women in the Media

Marquita Marie Gammage, 2015-10-16 In 1920 W.E.B. Du Bois cited the damnation of women as linked to the devaluation of motherhood. This dilemma, he argues, had a crushing blow on Black women as they were forced into slavery. Black womanhood, portrayed as hypersexual by nature, became an enduring stereotype which did not coincide with the dignity of mother and wife. This portrayal continues to reinforce negative stereotypes of Black women in the media today. This book highlights how Black women have been negatively portrayed in the media, focusing on the export nature of media and its ability to convey notions of Blackness to the public. It argues that media such as rap music videos, television dramas, reality television shows, and newscasts create and affect expectations of Black women. Exploring the role that racism, misogyny and media play in the representation of Black womanhood, it provides a foundation for challenging contemporary media's portrayal of Black women.

Mindful Money Kel Galavan, 2021-02-04 Does thinking about money stress you out? Does the concept of 'having it all' seemed more like a taunt than an aspiration? Do you want to make your money work for you, rather than the other way around? Has the Covid lockdown forced you to reconsider how you live your life and awakened a desire to develop a better work-life balance? In 2018 Kel Galavan was living and working at breakneck speed, spending endless hours commuting, and felt like she saw more of her children asleep than awake. Realising this wasn't the life she wanted for herself or her family, she quit her job, and with the family income reduced, embarked on a No-Spend Year in January 2019. Her journey through self-doubt and hard-won life lessons culminated in savings of over €27,000 and changed the life of her family for the better in ways she could never have imagined. Now she wants to bring these lessons to you as we adjust to the post-Covid world and hopefully an understanding of the importance of family and health above the consumer-driven rat-run of life in the twenty-first century. *Mindful Money* is about building good spending habits and a positive money mindset to build a fulfilling, happy life no matter what the income. Part personal story, part how-to guide, *Mindful Money* provides deep insight into the emotional journey of Kel's own experience, along with a background on how money works, and details the seven habits of mindful spending so that anyone can build a life of their own design on their own terms. *Mindful Money* is more than a

journey; it is a transformation in mindset that allows for more money, more freedom and more happiness in all our lives. Kel Galavan is a well-known blogger and Instagram influencer, known as Mrs Smart Money. She has appeared on RTE Radio One, 2FM, Today FM and Virgin Media One.

Transnational Crime and Global Security [2 volumes] Philip L. Reichel,Ryan Randa,2018-01-12
This two-volume work offers a comprehensive examination of the distressing topics of transnational crime and the implications for global security. National security is a key concern for individual nations, regions, and the global community, yet globalism has led to the perfusion of transnational crime such that it now poses a serious threat to the national security of governments around the world. Whether attention is concentrated on a particular type of transnational crime or on broader concerns of transnational crime generally, the security issues related to preventing and combatting transnational crime remain of top-priority concern for many governments. Transnational Crime and Global Security has been carefully curated to provide students, scholars, professionals, and consultants of criminal justice and security studies with comprehensive information about and in-depth analysis of contemporary issues in transnational crime and global security. The first volume covers such core topics as cybercrime, human trafficking, and money laundering and also contains infrequently covered but nevertheless important topics including environmental crime, the weaponization of infectious diseases, and outlaw motorcycle gangs. The second volume is unique in

its coverage of security issues related to such topics as the return of foreign terrorist fighters, using big data to reinforce security, and how to focus efforts that encourage security cooperation.
