Forget Me Not Alexandra Oliva,2021 A woman whose name shouldn't be Linda stands inside the locked front door of her apartment, listening. Footsteps: a neighbor, walking. Linda knows her neighbors only from names on lobby mailboxes and glances through the peephole, doesn't care to meet them, can't chance being known. She gives the footsteps enough time to reach the elevator. To press the button, to step in and begin their descent. Then she unlocks the door, exhales the breath she was hiding from the passerby, and steps out onto the hallway's checkered carpet--

Silver Alert Lee Smith,2023-04-18 Smith's latest is as delicious as a slice of key lime pie – and gone just as fast. —People It's very different and it's very special and it's very good! I loved it. —Dolly Parton A driving force in literature, Lee Smith returns with a road trip novel, a story full of hope and humor about not going away quietly—at any age. Herb’s charmed life with his dear wife Susan in their Key West house is coming undone. Susan, in her 70s, now needs constant care, and Herb is in denial about his own ailing health. The one bright spot is the arrival of an endlessly optimistic manicurist calling herself Renee. She sings to Susan during manicures, gets her to paint, and brings her a much-needed sense of contentment. Then Herb and Susan’s adult children arrive to stage an intervention with their stubborn, independent father, and as a consequence, Renee’s gig with Susan—and her grand plans for her own life—start to unravel as well. Herb isn’t ready to let go of all that he has ever had, and it turns out that Renee is not the happy, uncomplicated girl she pretends to be. She is not even Renee; she is really Dee Dee, and she, too, has reasons of her own to hit the road. So Herb suggests one last joy ride in his Porsche with her riding shotgun; and they light out for parts north, setting off a Silver Alert. As the unlikely friendship between Herb and Dee Dee deepens, we see how as one life is closing down, another opens up. This time that Dee Dee has spent with Susan, this time in Key West, and this time in the Porsche with the elderly Herb reveals to Dee Dee how much more truly lies ahead. In this buoyant novel, the masterful Smith asks: What life do we deserve? And how do we make it our own? Sometimes, you just have to seize the wheel.

Red Alert Ewa Mazierska,2016-05-02 In Red Alert: Marxist Approaches to Science Fiction Cinema, editors Ewa Mazierska and Alfredo Suppia argue that Marxist philosophy, science fiction, and film share important connections concerning imaginings of the future. Contributors look at themes across a wide variety of films, including many international co-productions to explore individualism versus collectivism, technological obstacles to travel through time and space, the accumulation of capital and colonization, struggles of oppressed groups, the dangers of false ideologies, and the extension of the concept of labor due to technological advances. Red Alert considers a wide swath of contemporary international films, from the rarely studied to mainstream science fiction blockbusters like The Matrix. Contributors explore early Czechoslovak science fiction, the Polish-Estonian co-productions of director Marek Piestrak, and science fiction elements in 1970s American blaxploitation films. The collection includes analyses of recent films like Transfer (Damir Lukacevic), Avalon (Mamoru Oshii), Gamer (Mark Neveldine and Brian Taylor), and District 9 and Elysium (Neill Blomkamp), along with more obscure films like Alex Rivera’s materialist science fiction works and the Latin American zombie films of Pablo Parés, Hernán Sáez, and Alejandro Brugués. Contributors show that the ambivalence and inner contradictions highlighted by the films illustrate both the richness of Marx’s legacy and the heterogeneity and complexity of the science fiction genre. This collection challenges the perception that science fiction cinema is a Western or specifically American genre, showing that a broader, transnational approach is necessary to fully understand its scope. Scholars and students of film, science fiction, and Marxist culture will enjoy Red Alert.
