Monkey Business John Rolfe, 2009-11-29 Animal House meets Liar's Poker in this hysterically funny, often unbelievable, and absolutely, positively true account of life at DLJ, one of the hottest investment banks on Wall Street. Like most other young business school graduates, John Rolfe and Peter Troob thought that life in a major investment banking firm would make their wildest dreams come true -- it would be fast-paced, intellectually challenging, glamorous, and, best of all, lucrative. They were in for a surprise. For behind the walls of Wall Street's firms lies a stratum of stunted, overworked, abused, and in the end, very well-compensated, but very frustrated men and women. *Monkey Business* takes readers behind the scenes at Donaldson, Lufkin, and Jenrette (DLJ), one of Wall Street's hottest firms of the 90s, from the interview process to the courting of clients to bonus time. It's a glimpse of a side of the business the financial periodicals don't talk about -- 20-hour work days, trips across the country where associates do nothing except carry the pitch book, strip clubs at night, inflated salaries, and high-powered, unforgettable personalities. *Monkey Business* provides readers with a first-class education in the real life of an investment banker. But best of all, it is an extremely funny read about two young men who, on their way towards achieving the American dream, quickly realized they were selling their souls to get there.

Monkey Business Sandy Wight, Mick Hager, Steve Tyink, 2007 *Monkey Business: 7 Laws of the Jungle for Becoming the Best of the Bunch* by Sandy Wight, Mick Hager, and Steve Tyink With a Foreword by Jill Lajdziak, General Manager of the Saturn Corporation Welcome to the jungle where in a clever metaphor of today's business climate the authors have spun a light-hearted tale of Leader Monkey and his entrepreneurial exploits. Driven by his passion for his work and desire to be the best, Leader branches out from his banana-picking job where he is undervalued and his outstanding achievements underappreciated. He embraces change and creates his own successful monkey business based upon such simple, sound business principles as: Monkeys should be treated and rewarded according to how well they perform; treating customers like royalty breeds loyalty; hire for attitude; fix the systems and the processes, not the animals; and more. Marketing and Public Relations platform to include: Corporate speaking engagements 5-city tour National business magazine articles National radio campaign Regional television campaign Major national newspaper coverage

Monkey Business Shirley Climo, 2005-05 A collection of monkey lore, fables, and stories from around the world.

Monkey Business Landon Crutcher, 2016-05-24 Ron and Willy are stranded on a tropical island and they really want to get home. Unfortunately they have no real resources, no good plans, and no idea what the hell they're doing. What they do have is an army of foul-mouthed monkeys who want them dead, a beautiful woman who wants some answers, a sex-crazed tribal chief, a caffeine-addicted demigod who wants to be worshipped, and a telepathic skull who just wants a little excitement. Through nonstop comedy and good old-fashioned adventure these guys are facing some long odds but do Ron and Willy give up? No they don't. They get down to business. *Monkey Business*.

Monkey Business Dennis W Dearden, 2016-01-16 Dennis Dearden, at an early age, growing up in poverty with pet monkeys, could see the strength he possessed in any situation to overcome obstacles and make a difference. *Monkey Business: For Leaders at All Levels* includes hilarious, gut-wrenching and inspiring, motivational stories and lessons that will make people laugh, cry and think.

Monkey Business, 1965

Monkey Business J. Otto Seibold, Vivian Walsh, 1995 Space Monkey, an ex-astronaut turned business tycoon, discovers that his company's one

millionth product has been inhabited by a bug named Penelope.

Monkey Business Wallace Edwards,2004-01

Monkey Business Shay Lynch,2015-10-19 While business is certainly not a '1 Size Fits All', there are certain things to get right, and that starts with Quitting the Monkey Business. BJ's Wholesale Club Esteemed Zaius,The Esteemed Dr Zaius,2017-04 Before purchasing this book, I highly recommend watching Inside Quest's interview on YouTube with entrepreneur and motivational speaker Simon Sinek, titled How to Get People to Follow You. It will help you understand the many wrongs in work environments ranging from government to nonprofit. The issue with lacking leadership is universal. There are leaders and there is leadership, knowing the difference is important. Unfortunately, the very ones who should know the difference do not.
