Get Rich Slow Tama McAleese, 2004 Like intrepid hunters, you are involved in a serious race -- winning the money game. Inflation may be outpacing you. The financial industry is outthinking and outmaneuvering you. Banks and insurance companies are outsmarting you. And your government is outvoting you. Everyone else, it seems, has their own agenda for your money. Most people know more about greening up their lawns, visiting lush vacation spots, and discussing last night's TV sitcom than about how to become wealthier. They spend more time earning their wealth than learning how to manage it. *Get Rich Slow* will enable you to tap into the powerful yet simple wealth-building tools the rich use to build and grow their fortunes. Whether you're trying to avoid the common mistakes most investors make, buy your next money pit (I'm sorry, I mean house), stomp out credit card debt, find the right mutual funds to invest in, or discover how to cover your assets with the right kinds of insurance, *Get Rich Slow* will give you the financial knowledge and wisdom you need to make the right choices. You will learn controversial personal finance truths, such as why retirement plans such as 401(k)s may not be your best bet, why your home could be your worst investment, why some no-load mutual funds can cost you more, and why your guaranteed pension may not be so guaranteed. Some people will inherit their wealth. The rest of us have no choice but to earn it, save it, and learn how to put it to work. *Get rich yourself...a dollar at a time.* Book jacket.

Linda Goodman's Sun Signs Linda Goodman, 2014-01-09 The New York Times—bestselling author's classic guide to astrology: "What makes Sun Signs different is that much of the writing is done with humor" (The Boston Globe). Before 1968, astrology as we know it had a very limited following in the United States and around the world. The publication of Linda Goodman's Sun Signs changed that forever. Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman's Sun Signs quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book's simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign. This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

Fight For Your Money David Bach, 2009-03-03 A war for your money is raging and it is time to fight back! In a book that will forever change how you spend your hard earned money, America's favorite financial coach, David Bach, shows you how to save thousands of dollars every year by taking on the "corporate machines." In these times when every dollar counts, big businesses are using dishonest tricks to rip you off, making themselves billions while they keep you living paycheck to paycheck. David Bach knows that until you learn to fight for your money, you will overpay for almost everything you buy. In Fight for Your Money, he gives you the tools to FIGHT BACK and WIN. Bach shows you how every dollar you spend is really a battle between you and the businesses—and the government—who want to take it as profit. When you know how the system is rigged—the extra points, the hidden fees, the late charges, the unused tax breaks, the escalating rates—you can fight back against the pickpockets and save literally thousands every year—money in your pocket that can help you live your dreams. Fight for Your Money shows how you are being taken on your cell phone contract, cable bill, car purchase, credit card, life insurance, healthcare, 401(k) plan, airfare, hotel bills, and much more. Bach gives you all the tools you need to fight back, with websites, phone numbers, sample letters and real-life stories of ordinary people who have fought for their money and won. You'll learn how to: Beat the credit card companies at the games they play that cost you thousands annually in interest and fees Make your bank accounts work for you with higher yields and lower fees Save thousands by pre-paying college tuition at TODAY's prices Raise your credit score and pay thousands less in mortgage interest Cut your life insurance premiums in half by making one call Save hundreds on air travel, hotels, and car rentals—just by being an informed consumer Avoid huge rip-offs like bank-issued gift cards, medical credit cards, 401(k) debit cards, and sneaky renewals of your cell-phone

plan. David Bach knows that when you are being taken financially, you work harder than you have to, for longer than you need to. This book helps you fight for your money, so you can live your life doing what you really want to do.

Work Optional Tanja Hester, 2019-02-12 A practical action guide for financial independence and early retirement from the popular Our Next Life blogger. In today's work culture, we're expected to hustle around the clock. But what if you could escape the traditional path and get on one that doesn't require working full-time until age 65? What if you could wake up every day without an alarm clock and do the things you love most? Tanja Hester and her husband Mark left their crazed careerist lifestyle to live their dream life in Lake Tahoe, retiring early from high-stress careers. Now Tanja will help you map out a customized plan for freedom and make it easy to succeed, whether you're good at math and budgeting -- or not! Work Optional is more than just a financial plan: it's a plan for your whole life -- designed by you, not by an employer or clients. Tanja walks you through envisioning your dream life, accounting for variables such as health care and children, protecting yourself from recessions and future unknowns, and achieving a purpose-filled early retirement, semi-retirement, or career intermission with completely doable, non-penny-pinching steps. You can live a happier, more meaningful life, free from the daily grind. Regardless of where you are in your career, Work Optional will get you there.

Wallet Activism Tanja Hester, 2021-11-16 2022 NATIONAL INDIE EXCELLENCE AWARDS FINALIST – SOCIAL/POLITICAL CHANGE • 2022 ASJA ANNUAL WRITING AWARD WINNER – SERVICE • 2022 NAUTILUS BOOK AWARDS GOLD MEDALIST – SOCIAL CHANGE & SOCIAL JUSTICE • 2022 AXIOM BUSINESS BOOK AWARD GOLD MEDALIST – PHILANTHROPY/NONPROFIT/SUSTAINABILITY How do we vote with our dollars, not just to make ourselves feel good, but to make a real difference? Wallet Activism challenges you to rethink your financial power so can feel confident spending, earning, and saving money in ways that align with your values. While we call the American system a democracy, capitalism is the far more powerful force in our lives. The greatest power we have—especially when political leaders won't move quickly enough—is how we use our money: where we shop, what we buy, where we live, what institutions we entrust with our money, who we work for, and where we donate determines the trajectory of our society and our planet. While our votes and voices are essential, too, Wallet Activism helps you use your money for real impact. It can feel overwhelming to determine “the right way” to spend: a choice that might seem beneficial to the environment may have unintended consequences that hurt people. And marketers are constantly lying to you, making it hard to know what choice is best. Wallet Activism empowers us to

vote with our wallets by making sense of all the information coming at us, and teaching us to cultivate a more holistic mindset that considers the complex, interrelated ecosystems of people and the planet together, not as opposing forces. From Tanja Hester, Our Next Life blogger and author of *Work Optional*, comes the mindset-shifting guide to help you put your money where your values are. *Wallet Activism* is not a list of dos and don'ts that will soon become outdated, nor does it call for anti-consumerist perfection. Instead, it goes beyond simple purchasing decisions to explore: The impacts a financial decision can have across society and the environment How to create a personal spending philosophy based on your values Practical questions to quickly assess the “goodness” of a product or an entity you may buy from The ethics of earning money, choosing what foods to eat, employing others, investing responsibly, choosing where to live, and giving money away For anyone interested in leaving the world better than you found it, *Wallet Activism* helps you build habits that will make your money matter.

Complete Stories Rudy Rucker, 2018-07-06 Collected together in one ebook: every single one of Rudy Rucker's science-fiction stories, a trove of gnarl and wonder, dating over more than forty years. Goner Louis Brawley, 2011-05-16 Louis Brawley met UG Krishnamurti in 2002 and spent the following five years travelling with him in the USA, India and Europe keeping a record of this remarkable non-teacher and documenting his own inner struggles as his ideas about life, love and Enlightenment were constantly tossed around and demolished. Louis fell into the role of foil and sidekick to UG's bizarre interactions with his friends and audience and, as UG's health deteriorated, he became his informal caregiver. Louis Brawley doesn't use honeyed platitudes to tell the story of a sage and his devoted follower; instead he tells an often unflattering story of his own struggles and shortcomings and the dynamic uncertainties of life with a man who “tore apart everything human beings have built up inside and out for centuries.” Goner will teach you the meaning of the phrase “paradoxical truth”. UG Krishnamurti gave up everything for truth, but delighted in ridiculous fabrications; he was a teacher who refused to teach, a man who mocked do-gooders but was deeply kind; he was chaste but foul mouthed, he was a man who decried the supernatural ... yet there were strange coincidences around him. “...the way he lived, his living quarters and his mode of expression were one continuous movement, a three dimensional, living book of teaching. If you were observant, you could learn from him on contact with no need for explanation.”
